**Re: Load Guard Logistics, Inc.
Registration Statement on Form S-1
Filed January 30, 2013
File No. 333-186321**

Dear Mr. Mendez:

We have reviewed your registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by amending your registration statement and providing the requested information. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your registration statement and the information you provide in response to these comments, we may have additional comments.

General

1. We note that the selling shareholders will sell their shares of common stock at the same price that they purchased the shares until the shares are quoted on the Over-the-Counter Bulletin Board. It would appear that the publicly-tradable shares offered pursuant to this prospectus would be more valuable than shares that were privately placed. This suggests that the \$0.04 per share price of the shares you are registering here is not a bona fide sales price. Please revise the disclosure at each relevant place in the filing to provide the basis for setting the share price in this offering at \$0.04. Your explanation should address the fact, as appropriate, that the \$0.04 per share price was the original price paid by selling security holders and discuss the fact that this prohibits them from making any profit on sales unless and until there is an active trading market. Alternately, increase the fixed price and pay any additional filing fee.

2. Please revise to provide the dealer prospectus delivery obligation on the outside back cover page of the prospectus per Item 502(b) of Regulation S-K.
3. We note your disclosure that you intend to apply for quotation on the Over-the-Counter Bulletin Board following the effectiveness of the registration statement yet you also state on the prospectus cover page and pages 1, 4, 5, 20 and 21 that the price of the common stock in the offering will be fixed for the duration of the offering. Please revise to clarify that you will apply for quotation only after the offering has concluded or tell us how you and the selling shareholders expect to conduct a fixed price offering while there is a trading market.
4. Please update the financial statements, if necessary, as required by Rule 8-08 of Regulation S-X.
5. A currently dated accountant's consent should be included as an exhibit to any future amendments to the Form S-1 registration statement.

Prospectus Cover Page

11. It appears that you do not maintain insurance for your business. If you do not maintain insurance and do not intend to maintain insurance in the future, please add a risk factor discussing your absence of insurance, the anticipated absence of insurance in the future, and any associated risks related thereto.

Notwithstanding our comments, in the event you request acceleration of the effective date of the pending registration statement please provide a written statement from the company acknowledging that:

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

Please refer to Rules 460 and 461 regarding requests for acceleration. We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement.
