NOTICE OF SPECIAL MEETING OF SKYE STOCKHOLDERS

to be held [●],

NOTICE IS HEREBY GIVEN that a special meeting (the “**SKYE Meeting**”) of the stockholders (“**SKYE Stockholders**”) of Skye Bioscience, Inc., a Nevada corporation (“**SKYE**”), will be held online on [●] at 9:00 a.m. (Pacific time) via live webcast at <https://web.viewproxy.com/skye/2022>. (“**EHT**”), and to approve the transactions contemplated thereby, including the proposed arrangement (the “**Arrangement**”) involving, among other things, the acquisition by SKYE of all of the outstanding EHT Shares (the “**Arrangement Proposal**”);
2. To consider and vote on a proposal to establish SKYE’s 2022 Employee Stock Purchase Plan (the “**ESPP**”) (the “**ESPP Proposal**”);

The Arrangement Proposal, the ESPP Proposal, the Incentive Plan Proposal, the Independent Registered Public Accountants Proposal and the Adjournment Proposal are together referred to as the “**SKYE Proposals**”.

On May 11, 2022, after careful consideration, the Special Committee (the “**Special Committee**”) of the board of directors of SKYE (the “**SKYE Board**”) unanimously concluded that the Arrangement Agreement and the Arrangement are fair to, advisable, and in the best interests of SKYE and its stockholders and recommended that the SKYE Board approve the Arrangement Agreement and the Arrangement. The SKYE Board unanimously recommends that stockholders vote “FOR” (a) the Arrangement Proposal, (b) the ESPP Proposal, (c) the Incentive Plan Proposal, (d) the Independent Registered Public Accountants Proposal and (e) the Adjournment Proposal. Please note that it is a condition to closing the Arrangement that a majority of SKYE Shares outstanding and entitled to vote at the SKYE Meeting, other than the SKYE Shares held by (a) Emerald Health Sciences, Inc. or its affiliates, (b) directors or officers of EHT or SKYE and (c) any immediate family members (as defined in Item 404 of Regulation S-K) of any of the officers or directors of EHT or SKYE, vote in favor of the Arrangement Proposal (the “SKYE Disinterested Shareholder Approval”).

PROXY STATEMENT

This proxy statement is being furnished to the stockholders (the “SKYE Stockholders”) of Skye Bioscience, Inc., a Nevada corporation (“SKYE”), in connection with the solicitation of proxies by the management of SKYE for use at the special meeting of SKYE Stockholders (the “SKYE Meeting”) to be held at the date, time and place and for the purposes set forth in the attached Notice of SKYE Meeting.

DEFINED TERMS

This proxy statement contains defined terms. For a glossary of defined terms used herein, see [Appendix F](#) to this proxy statement.

QUESTIONS AND ANSWERS ABOUT THE ARRANGEMENT AND THE SKYE MEETING

General Questions and Answers about the Arrangement

Q: What is SKYE and EHT proposing?

A: SKYE is proposing to acquire EHT and its assets pursuant to an Arrangement under the BCBCA. Under the terms of the Arrangement, EHT Shareholders will receive 1.95 SKYE Shares for each EHT Share. SKYE Stockholders will continue to hold their SKYE Shares, which will remain outstanding. The Arrangement will, among other things, include the following:

- All outstanding EHT Shares will be exchanged for SKYE Shares as described under the section titled “*What will EHT Shareholders receive for their EHT shares under the Arrangement?*” below;
- SKYE Stockholders will retain their SKYE Shares; and
- EHT will become a wholly-owned subsidiary of SKYE.

The Arrangement will be carried out in accordance with the Arrangement Agreement dated May 11, 2022 between SKYE and EHT, as amended on June 14, 2022 and July 15, 2022 (the “**Arrangement Agreement**”) and the documents referred to in the Arrangement Agreement. Upon the completion of the Arrangement, it is expected (based on the outstanding shares of SKYE and EHT as of August 10, 2022) that the Exchange Ratio will result in EHT Shareholders owning approximately 46% of the outstanding shares of the Resulting Issuer, and SKYE Stockholders owning approximately 54% of the outstanding shares of the Resulting Issuer.

Following the closing, the business of the Resulting Issuer will be the current business of SKYE. In this proxy statement, the term “**Resulting Issuer**” means, following the closing of the Arrangement, SKYE.

Q: Why are EHT and SKYE proposing to combine?

A: The SKYE Board believes that the Arrangement will provide the funds needed by SKYE to advance its lead clinical candidate, SBI-100, through a Phase 2 clinical trial.

For more information see “[Description of the Arrangement - Reasons for the Arrangement](#)”.

Q: What will I receive for my shares under the Arrangement?

A: Under the Arrangement, SKYE Stockholders will retain their SKYE Shares.

Q: What are EHT Shareholders receiving in connection with the Arrangement?

A: The agreed Exchange Ratio is 1.95. This means that upon completion of the Arrangement, each holder of EHT shares will receive 1.95 SKYE Shares for each EHT Share. Upon completion of the Arrangement, it is expected (based on the outstanding shares of SKYE and EHT as of August 10, 2022) that the Exchange Ratio will result in EHT Shareholders owning approximately 46% of the outstanding shares of the Resulting Issuer, and existing SKYE Stockholders owning approximately 54% of the outstanding shares of the Resulting Issuer, following the completion of the Arrangement.

Q: How will EHT Options and EHT Warrants be treated under the Arrangement?

A: At the Effective Time, (i) all EHT options to purchase EHT Shares (the “**EHT Options**”) granted under EHT’s Omnibus Incentive Plan that are outstanding as of the Effective Time, will be exchanged into options to purchase shares of SKYE Common Stock, with the number of shares underlying each option (and the exercise price of such option) adjusted based on the Exchange Ratio, with the options retaining the same term to expiry, conditions to and manner of exercise and other terms and conditions as the EHT Options and (ii) each of the warrants to acquire EHT Shares (the “**EHT Warrants**”) will be exchanged into warrants to acquire SKYE Common Stock after adjustments to reflect the Arrangement and to account for the Exchange Ratio, with each warrant retaining the same term to expiry, conditions to and manner of exercise and other terms and conditions of the EHT Warrants.

Q: Who will manage the Resulting Issuer following the Arrangement?

A: Following the Effective Time, the Resulting Issuer’s board of directors will be comprised of five directors, the four current directors of SKYE and one of the current directors of EHT. Additionally, the current management of SKYE will remain the same. For more information, see “[Governance and Management of the Resulting Issuer — Board of Directors of the Resulting Issuer](#)” and “[Governance and Management of the Resulting Issuer — Officers of the Resulting Issuer](#)”.

Q: What approvals are required for the Arrangement to be implemented?

A: The completion of the Arrangement requires approval from the EHT Shareholders, receipt of the Final Order from the Court, and receipt of the Required Regulatory Approvals. Additionally, as a condition to closing the Arrangement, a majority of SKYE Shares outstanding and entitled to vote at the SKYE Meeting, other than the SKYE Shares held by (a) EHS or its affiliates, (b) directors or officers of EHT or SKYE and (c) any immediate family members (as defined in Item 404 of Regulation S-K) of any of the officers or directors of EHT or SKYE, must vote in favor of the Arrangement Proposal (the “**SKYE Disinterested Shareholder Approval**”).

Q: When will the Arrangement become effective?

A: Subject to obtaining the approvals and the court order described above, as well as the satisfaction or waiver of all other conditions precedent set out in the Arrangement Agreement, it is anticipated that the Arrangement will be completed in the fourth quarter of 2022.

Q: What will happen to EHT if the Arrangement is completed?

A: If the Arrangement is completed, SKYE will acquire all outstanding EHT Shares and EHT will become a wholly-owned subsidiary of SKYE. If the Arrangement is completed, SKYE intends to have the EHT Shares delisted from the CSE.

Q: What will happen if the EHT Arrangement Resolution is not approved or the Arrangement Agreement is terminated?

A: If the EHT Arrangement Resolution is not approved, the Arrangement Agreement may be terminated by either EHT or SKYE, and in the event it is terminated, EHT will be required to pay SKYE a termination fee in the amount of C\$500,000. Both parties may be required to pay the other party a termination fee of C\$500,000 if the Arrangement Agreement is terminated in certain circumstances as described in this proxy statement. If the Arrangement Agreement is terminated and the Arrangement is not completed, the market price of SKYE’s Shares may be materially adversely affected. See “[The Arrangement Agreement and Related Agreements - Termination](#)” and “[Risk Factors - Risks Related to the Arrangement](#)”.

Q: Are there risks I should consider in deciding whether to vote for the proposed Arrangement?

A: Yes. The proposed Arrangement is subject to a number of risks and uncertainties. There can be no certainty that all conditions precedent to the Arrangement will be satisfied or waived, and, accordingly, the Arrangement may not be completed. For example: (i) the Required Regulatory Approvals may not be obtained; (ii) the Arrangement may be terminated in certain circumstances and the termination amount provided under the Arrangement Agreement may discourage other parties from attempting to acquire EHT or SKYE; and (iii) if the Arrangement is consummated, the difficulties that management of the Resulting Issuer may encounter in the process of winding down the operations of EHT could have an adverse effect on the level of expenses and operating results of the Resulting Issuer. If the Arrangement Agreement is terminated and the Arrangement is not completed, the market price of SKYE’s Shares may be materially adversely affected. See “[The Arrangement Agreement and Related Agreements - Termination](#)” and “[Risk Factors - Risks Related to the Arrangement](#)”.

Before deciding whether to vote for or against the Arrangement, you should carefully consider these and other risks as well as the more detailed discussion of risks found in the section entitled “[Risk Factors - Risks Related to the Arrangement](#)” and other information included in this proxy statement.

Skyl Bioscience, Inc. 2022 Employee Stock Purchase Plan

The SKYE Board adopted the Skyl Bioscience, Inc. 2022 Employee Stock Purchase Plan (the “ESPP”) on June 14, 2022, subject to approval by the SKYE Stockholders. The ESPP is being submitted for stockholder approval in order to ensure that certain components of the ESPP meet the requirements of Section 423 of the Code. If the ESPP is not approved by the requisite SKYE Stockholders, the ESPP will not become effective.

The ESPP is designed to provide employees of SKYE and its participating subsidiaries with the opportunity to purchase SKYE Common Stock at a discount through accumulated payroll deductions during successive offering periods. The SKYE Board believes that the ESPP enhances such employees’ sense of participation in our performance, aligns their interests with those of SKYE Stockholders, and is a necessary and powerful incentive and retention tool that benefits our stockholders. Accordingly, the SKYE Board believes that approval of the ESPP is in the best interests of the Company and the Board recommends that stockholders vote **FOR** approval of the ESPP Proposal.

Skyl Bioscience, Inc. 2014 Amended and Restated Omnibus Incentive Plan

On June 14, 2022, in anticipation of the closing of the transactions contemplated by the Arrangement, the SKYE Board unanimously approved the Skyl Bioscience, Inc. Amended and Restated 2014 Omnibus Incentive (as amended, the “A&R 2014 Incentive Plan” or the “Plan”), subject to stockholder approval. The A&R 2014 Incentive Plan, among other things, amends the Company’s 2014 Omnibus Incentive Plan to (a) enable the issuance of equity awards in compliance with Canadian securities laws and the rules and regulations of the Canadian Stock Exchange, (b) fix the number of shares that can be issued under the A&R 2014 Incentive Plan to 91,219,570, provided that each January 1 beginning in 2023 and ending on (and including) January 1, 2032 the number of shares will increase by 5% of the outstanding shares of Common Stock as of the prior December 31, unless the Board decides to a lesser increase and (c) change the governing law section from California to Nevada. We are requesting that our stockholders approve the A&R 2014 Incentive Plan.

The SKYE Board originally approved the Company’s 2014 Omnibus Incentive Plan effective on October 31, 2014. The Company’s 2014 Omnibus Incentive Plan was subsequently amended in October 2018 and August 2020. The purpose of the A&R 2014 Incentive Plan is to promote our long-term success and the creation of stockholder value by (a) encouraging our employees, outside directors and consultants to focus on critical long-range objectives, (b) encouraging the attraction

and retention of employees, outside directors and consultants with exceptional qualifications and (c) linking our employees, outside directors and consultants directly to stockholder interests through increased stock ownership.

We believe equity incentive compensation is a critical component to our compensation practices and allows us to incentivize our employees and more closely align their efforts with the creation of long-term stockholder value. In order to continue with our equity compensation practices, we feel it is important for stockholders to approve the A&R 2014 Incentive Plan the Board recommends that stockholders vote **FOR** the Incentive Plan Proposal.

Background to the Arrangement

On May 11, 2022, EHT and SKYE entered into the Arrangement Agreement, as amended on June 14, 2022 and July 15, 2022, which sets out the terms and conditions for implementing the Arrangement. The Arrangement Agreement is the result of extensive arm's length negotiations conducted among Representatives of EHT and SKYE.

A summary of the material events leading to the negotiation of the Arrangement and the material meetings, negotiations and discussions between EHT and SKYE and their respective advisors that preceded the execution of the Arrangement Agreement and public announcement of the Arrangement is included in this proxy statement under "[Description of the Arrangement - Background to the Arrangement](#)".

Reasons for the Arrangement

The SKYE Board believes that the Arrangement will provide the funds needed by SKYE to advance its lead clinical candidate, SBI-100 Ophthalmic Emulsion ("**SBI-100**"), through a Phase 2 clinical trial.

The following are some of the reasons considered by the SKYE Board in making its recommendation:

- Ability to fund SKYE's Phase I and Phase II clinical studies for SBI-100 and achieve meaningful data inflection points;
- The Arrangement would be a more time and cost effective means to access capital than other options considered, including other financing and strategic options considered by the SKYE Board; and
- One of the facilities to be acquired from EHT, is a vacant licensed laboratory which will provide SKYE with the option of conducting its research and development activities in house.

For more information see "[Description of the Arrangement - Reasons for the Arrangement](#)".

Recommendation of the SKYE Board

On May 11, 2022, after careful consideration, consultation with its legal and financial advisors and its review of the SKYE Fairness Opinion, the SKYE Special Committee unanimously determined that the Arrangement Agreement and related transactions and agreements, are in the best interests of, and are advisable to, SKYE and the SKYE Stockholders.

Following the meeting of the SKYE Special Committee, on May 11, 2022, the SKYE Board, taking into consideration the unanimous recommendation of the SKYE Special Committee, approved the Arrangement Agreement and determined that the Arrangement Agreement and the transactions contemplated thereby, including the Arrangement, are fair to, advisable and in the best interests of SKYE and its stockholders.

The SKYE Board unanimously recommends that the stockholders vote "FOR" (a) the Arrangement Proposal, (b) the ESPP Proposal, (c) the Incentive Plan Proposal (d) the Adjournment Proposal, and (e) the Independent Registered Public Accountants Proposal. Please note that obtaining the SKYE Disinterested Shareholder Approval is a condition to closing the Arrangement.

For additional information, see the section titled "[Description of the Arrangement – Recommendation of the SKYE Board](#)" in this proxy statement.

SKYE Fairness Opinion

On May 11, 2022, at a meeting of the SKYE Special Committee, Scalar CA, LLC (referred to as "**Scalar**"), rendered its oral opinion to the SKYE Special Committee, subsequently confirmed in writing, as to the fairness, from a financial point of view, as of such date, to the holders of SKYE Common Stock of the Exchange Ratio pursuant to the Arrangement Agreement, based upon and subject to the procedures followed, assumptions made, qualifications and limitations on the review undertaken, and other matters considered by Scalar in preparing its opinion.

The full text of Scalar's written opinion, dated May 11, 2022, which sets forth the procedures followed, assumptions made, qualifications and limitations on the review undertaken, and other matters considered by Scalar in

connection with the opinion, is attached to this proxy statement as [Appendix E](#). The summary of Scalar's opinion in this proxy statement is qualified in its entirety by reference to the full text of Scalar's written opinion. Scalar's advisory services and opinion were provided for the information and assistance of the SKYE Board and the opinion does not constitute a recommendation as to how any SKYE Shareholder should vote with respect to the Arrangement or any other matter.

Interests of Directors and Management in the Arrangement

In considering the recommendations of the SKYE Board with respect to the Arrangement, SKYE Stockholders should be aware that certain members of the SKYE Board and of SKYE's management have interests in connection with the transactions contemplated by the Arrangement that may be different from, or in addition to, the interests of SKYE Stockholders. For additional information, see the section titled "[Description of the Arrangement - Interests of SKYE's Directors and Management in the Arrangement](#)" in this proxy statement. The SKYE Board is aware of these interests and considered them along with the other matters described above in "[Description of the Arrangement - Reasons for the Arrangement](#)".

Court Approval

Interim Order

On July 14, 2022, the Court granted the Interim Order ratifying and confirming the calling of the EHT Meeting and confirming certain procedural matters in respect of the EHT Meeting, and other matters.

Final Order

An arrangement under the BCBCA requires Court approval. Subject to the terms of the Arrangement Agreement, and upon obtaining EHT Shareholder Approval in the manner required by the Interim Order, EHT will apply to the Court for the Final Order. The application for the Final Order approving the Arrangement is scheduled for August 25, 2022 at 9:45 a.m. (Vancouver Time), or as soon after that date as is practicable. At the Final Order hearing, any EHT Shareholder or holder of EHT Options or EHT Warrants or other interested party who wishes to participate or to be represented or to present evidence or argument may do so, subject to filing with the Court and serving upon EHT and SKYE a Notice of Appearance in accordance with the terms of the Interim Order.

The Court has broad discretion under the BCBCA when making orders with respect to the Arrangement and the Court, in hearing the application for the Final Order, will consider, among other things, the fairness and reasonableness of the Arrangement to the parties affected, including EHT Shareholders and holders of EHT Options, EHT Warrants and other stakeholders as the Court determines appropriate, both from a substantive and a procedural point of view. The Court may approve the Arrangement as proposed or as amended, in any manner the Court may direct, subject to compliance with such terms and conditions, if any, as the Court thinks appropriate. Depending on the nature of any required amendments, EHT and SKYE may determine not to proceed with the Arrangement.

Regulatory Matters

Stock Exchange Approval

It is a condition to the closing that Skye obtain (i) the conditional approval by the CSE of the listing of the SKYE Common Stock and (ii) the conditional approval of CSE to list the Consideration Shares and any SKYE Shares issuable upon the exercise of any Replacement Warrants and Replacement Options (the "**Stock Exchange Approval**").

For additional information related to regulatory matters, see the section of the proxy statement titled "[Description of the Arrangement - Regulatory Matters](#)".

Pro Forma Ownership of the Resulting Issuer

Upon completion of the Transaction, it is estimated that the Exchange Ratio will result in EHT Shareholders and SKYE Stockholders owning approximately 46% and 54%, respectively, of the outstanding shares of the Resulting Issuer. No current holder of EHT Shares, other than Emerald Health Sciences, Inc., is expected to own 5% or more of the outstanding common stock of the Resulting Issuer.

Stock Exchange Listing and Reporting Issuer Status

The SKYE Shares are currently quoted on the OTCQB under the symbol “SKYE”. SKYE will apply to list the SKYE Shares issuable under the Arrangement on the CSE and it is a condition of closing that SKYE will have obtained approval for this listing (subject to customary conditions). If the Arrangement is completed, SKYE intends to have the EHT Shares delisted from the CSE. SKYE expects that the SKYE Shares also will continue to be quoted on the OTCQB.

Upon completion of the Arrangement, SKYE will become a reporting issuer in all of the provinces of Canada by virtue of the completion of the Arrangement with EHT. SKYE may be exempted from certain Canadian statutory financial and certain other continuous and timely reporting requirements. See “[Description of the Arrangement - U.S. Securities Law Matters](#)” and “[Description of the Arrangement - Canadian Securities Law Matters](#)”.

EHT Realization Process

On November 29, 2021, EHT announced that it was undertaking the EHT Realization Process. Pursuant to the Arrangement Agreement EHT is permitted to undertake the EHT Realization Process but is not obligated to complete any of the actions of the EHT Realization Process. See “[Information Concerning EHT - EHT Realization Process](#)” for further information on the EHT Realization Process. The implementation of the EHT Realization Process and the specific actions or steps taken by EHT set out in respect of the EHT Realization Process of the Arrangement Agreement will not be considered in determining whether a representation or warranty of EHT hereunder has been breached. Subsequent to the date of the Arrangement Agreement EHT will not take any action in connection with the EHT Realization Process other than such steps or actions as are reasonably necessary to effect the EHT Realization Process set out in the Arrangement Agreement, without the prior written consent or approval of SKYE, acting reasonably, taking into account regulatory, tax and operational considerations, and shall not take any such action which is contrary to law or requires the consent or approval of any third party or Governmental Authority without first obtaining such consent or approval.

In completing the EHT Realization Process, EHT has agreed to (a) consult with SKYE on the structuring of any transaction proposed pursuant to the EHT Realization Process; (b) provide SKYE a reasonable opportunity to review and provide comments and input on any agreement and the terms of any arrangement which will form part of the EHT Realization Process prior to the execution of such agreement and give due consideration to any such comments and input, acting reasonably; (c) use reasonable efforts to complete any transaction in a tax efficient manner including taking into consideration the tax attributes of both EHT and SKYE including following completion of the Arrangement; and (d) take into consideration regulatory, tax and operational considerations of both EHT and SKYE, including following completion of the Arrangement, including, pursuant to comments or input from SKYE, in proceeding with any transaction which forms the part of the EHT Realization Process.

The Arrangement Agreement

The Arrangement Agreement provides for, among other things, the conditions that need to be satisfied or waived prior to the filing of the Articles of Arrangement and the implementation of the Plan of Arrangement. If the EHT Resolution is passed, the SKYE Disinterested Shareholder Approval is obtained and all other conditions to closing of the Arrangement are satisfied or waived and the Arrangement is completed, among other things, SKYE will acquire all of the issued and outstanding EHT Shares and EHT will become a wholly-owned subsidiary of SKYE.

Pursuant to the Arrangement, each EHT Shareholder (other than EHT Dissenting Shareholders) will receive, for each EHT Share held, 1.95 SKYE Shares.

Board of Directors of the Resulting Issuer

The Arrangement Agreement and related documents provide that, after completion of the Transaction, the board of directors of the Resulting Issuer will consist of five members. The board of directors of the Resulting Issuer will include the four existing SKYE Board members, being Punit Dhillon (who is also presently a director of EHT), Dr. Praveen Tyle, Dr. Margaret Dalesandro and Dr. Keith Ward, and one of the present EHT Board members, being Bobby Rai, each of whom shall have applied to obtain security clearances as required by the Cannabis Act (Canada). See “[*Governance and Management of the Resulting Issuer - Board of Directors of the Resulting Issuer*](#)” for additional information.

Mr. Dhillon will be the chairman of the board of directors of the Resulting Issuer.

Executive Officers and Principal Offices of Resulting Issuer

The Resulting Issuer’s executive officers will be the current SKYE management. See “[*Governance and Management of the Resulting Issuer*](#)”.

The Meeting

The purpose of the SKYE Meeting is for SKYE Stockholders to consider and vote on a proposal to approve the Arrangement Proposal, the ESPP Proposal, the Incentive Plan Proposal, the Independent Registered Public Accountants Proposal and the Adjournment Proposal.

The SKYE Board recommends that SKYE Stockholders vote FOR the Arrangement Proposal, the ESPP Proposal, the Incentive Plan Proposal, the Independent Registered Public Accountants Proposal and the Adjournment Proposal.

Anticipated Accounting Treatment

It is anticipated that the Arrangement will be accounted for by SKYE as either a financing transaction or an asset acquisition of EHT rather than as a business combination under ASC 805, Business Combinations.

Support Agreements

SKYE and certain holders of EHT Shares (the “**EHT Support Agreement Shareholders**”) have entered into support agreements (the “**EHT Support Agreements**”), pursuant to which the EHT Support Agreement Shareholders agreed, among other things, to vote their EHT Shares in favor of the approval of the Arrangement and against any alternative proposal. The EHT Support Agreements terminate upon the occurrence of certain events, including the termination of the Arrangement Agreement in accordance with its terms.

EHT and certain holders of SKYE Common Stock (the “**SKYE Support Agreement Shareholders**”) have entered into support agreements (the “**SKYE Support Agreements**”) pursuant to which the SKYE Support Agreement Shareholders agreed, among other things, to vote their shares of SKYE Common Stock in favor of the adoption of the Arrangement Agreement and against any alternative proposal. The SKYE Support Agreements terminate upon the occurrence of certain events, including the termination of the Arrangement Agreement in accordance with its terms.

No Fractional Shares

In no event shall any EHT Shareholder be entitled to a fractional SKYE Share. Where the aggregate number of SKYE Shares to be issued to an EHT Shareholder as Consideration under the Arrangement would result in a fraction of a SKYE Share being issuable, the number of SKYE Shares to be received by such EHT Shareholder shall be rounded down to the nearest whole SKYE Share.

Risk Factors

There are a number of risk factors relating to the Arrangement, the business of SKYE and the business of the Resulting Issuer, all of which should be carefully considered SKYE Stockholders. See “[*Risk Factors - Risks Related to the Arrangement*](#)” and “[*Risk Factors - Risks Related to the Resulting Issuer*](#)” for additional information.

RISK FACTORS

The following risk factors should be considered by SKYE Stockholders in evaluating whether to approve the Arrangement Proposal. These risk factors should be considered in conjunction with the other information contained in or incorporated by reference into this proxy statement. These risk factors relate to the Arrangement. For information on risks and uncertainties relating to the business of SKYE, see the risks described in Part I, Item A, “Risk Factors” in SKYE’s Annual Report on Form 10-K for the fiscal year ended December 31, 2022 filed with the SEC on March 28, 2022 and the section of this proxy statement entitled “[Additional Information Concerning SKYE and Documents Incorporated by Reference by SKYE](#)”.

Risks Related to the Arrangement

Conditions precedent to closing of the Arrangement

The completion of the Arrangement is subject to a number of conditions precedent, some of which are outside SKYE’s control, including receipt of the Final Order, receipt of EHT Shareholder Approval, receipt of SKYE Disinterested Shareholder Approval and receipt of Required Regulatory Approvals.

In addition, the completion of the Arrangement by EHT and SKYE is conditional on, among other things, no Material Adverse Effect having occurred, or having been disclosed to the public (if previously undisclosed to the public) in respect of the other Party.

There can be no certainty, nor can SKYE provide any assurance, that all conditions precedent to the Arrangement will be satisfied or waived, or, if satisfied or waived, when they will be satisfied or waived and, accordingly, the Arrangement may not be completed. If the Arrangement is not completed, the market price of SKYE Shares may be adversely affected.

The Regulatory Approvals may not be obtained or, if obtained, may not be obtained on a favorable basis

To complete the Arrangement, each of EHT and SKYE must make certain filings with and obtain certain consents and approvals from various governmental and regulatory authorities. The Required Regulatory Approvals have not been obtained yet. The regulatory approval processes may take a lengthy period of time to complete, which could delay the completion of the Arrangement. If obtained, the Required Regulatory Approvals may be conditioned, with the conditions imposed by the applicable Governmental Entity not being acceptable to either EHT or SKYE, or, if acceptable, not being on terms that are favorable to the Resulting Issuer. There can be no assurance as to the outcome of the regulatory approval processes, including the undertakings and conditions that may be required for approval or whether the Regulatory Approvals will be obtained. If not obtained, or if obtained on terms that are not satisfactory to either EHT or SKYE, the Arrangement may not be completed.

Market price of the SKYE Shares

If, for any reason, the Arrangement is not completed or its completion is materially delayed and/or the Arrangement Agreement is terminated, the market price of SKYE Shares may be materially adversely affected. Depending on the reasons for terminating the Arrangement Agreement, SKYE’s business, financial condition or results of operations could also be subject to various material adverse consequences, including as the result of paying the EHT Termination Amount, or the expenses related to the transaction.

Termination in certain circumstances

Each of EHT and SKYE has the right, in certain circumstances, in addition to termination rights relating to the failure to satisfy the conditions of closing, to terminate the Arrangement. Accordingly, there can be no certainty, nor can SKYE provide any assurance that the Arrangement will not be terminated by either EHT or SKYE prior to the completion of the Arrangement. In addition, if the Arrangement is not completed by the Outside Date (subject to the right of either Party to extend such Outside Date by up to an additional 45 days if the Required Regulatory Approvals have not been obtained by such date as further described in the Arrangement Agreement), either EHT or SKYE may choose to terminate the Arrangement Agreement. The Arrangement Agreement also includes termination amounts payable if the Arrangement Agreement is terminated in certain circumstances.

The Termination Amounts provided under the Arrangement Agreement may discourage other parties from attempting to acquire SKYE or EHT

Under the Arrangement Agreement, each of EHT and SKYE is required to pay to the other a termination amount of C\$500,000 in the event the Arrangement Agreement is terminated in connection with entry into a Superior Proposal. This

termination amount may discourage other parties from attempting to acquire SKYE Shares or otherwise make an Acquisition Proposal to SKYE, even if those parties would be willing to offer SKYE Stockholders a benefit greater than what the Transaction offers.

Uncertainty surrounding the Arrangement

As the Arrangement is dependent upon receipt, among other things, of the Required Regulatory Approvals and satisfaction of certain other conditions, its completion is uncertain. If the Arrangement is not completed for any reason, there are risks that the announcement of the Arrangement and the dedication of SKYE's resources to the completion thereof could have a negative impact on their respective relationships with their stakeholders and could have a material adverse effect on the current and future operations, financial condition and prospects of SKYE.

In addition, SKYE will incur significant transaction expenses in connection with the Arrangement, regardless of whether the Arrangement is completed.

Restrictions from pursuing business opportunities

SKYE is subject to customary non-solicitation provisions under the Arrangement Agreement, pursuant to which, the Parties are restricted from soliciting, initiating or knowingly encouraging any Acquisition Proposal, among other things. The Arrangement Agreement also restricts them from taking specified actions until the Arrangement is completed without the consent of the other Party. These restrictions may prevent SKYE from pursuing attractive business opportunities that may arise prior to the completion of the Arrangement.

Risks associated with a fixed exchange ratio

The Exchange Ratio is fixed and will not increase or decrease due to fluctuations in the market price of EHT Shares or SKYE Shares. The market price of EHT Shares or SKYE Shares could each fluctuate significantly prior to the Effective Date in response to various factors and events, including, without limitation, as a result of the differences between EHT's and SKYE's actual financial or operating results and those expected by projections or recommendations, changes in general economic or market conditions, and broad market fluctuations. There can be no assurance that the trading price of SKYE Shares will not decline following the completion of the Arrangement.

Risks associated with securities litigation related to the Arrangement Agreement

Securities litigation or stockholder derivative litigation frequently follows the announcement of certain significant business transactions. SKYE and EHT may become involved in this type of litigation in connection with the Transaction, and the Resulting Issuer may become involved in this type of litigation in the future. Litigation often is expensive and diverts management's attention and resources, which could adversely affect the business of the Resulting Issuer.

The foregoing risks or other risks arising in connection with the failure of the Arrangement, including the diversion of management attention from conducting the business of SKYE, may have a material adverse effect on SKYE's business operations, financial results and share price.

Risks Related to the Resulting Issuer

Following the closing, the business of the Resulting Issuer will be the current business of SKYE. The business and operations of the Resulting Issuer will be subject to the risks described in the documents of SKYE incorporated by reference in this proxy statement, including, without limitation, the risks described in SKYE's Annual Report filed on Form 10-K for the year ended December 31, 2021, and certain unexpected, unforeseen or unknown risks. The Resulting Issuer's business, financial condition, results of operations and cash flows could be materially adversely affected by any of these risks. The market or trading price of SKYE's securities could decline due to any of these risks. Additional risks not presently known to SKYE or that SKYE currently considers immaterial may also prove to be material and may impair the SKYE's continued business and operations. In addition to risks associated with SKYE's business and operations, the following additional risks are associated with the Resulting Issuer.

Risks related to the wind-down of EHT's operations

The Resulting Issuer intends to continue to wind down the operations of EHT and focus on the business of SKYE following the closing. The ability to realize the benefits of the Arrangement may depend in part on successfully winding down the operations of EHT, including, but not limited to: the sale of EHT facilities at terms favorable to SKYE, the timely termination of obsolete contracts, the implementation of cost-cutting measures necessary to maximize the remaining asset

balance, the effective management of the termination of remaining personnel and related severance payments, the implementation of a successful transition plan, which includes the effective cessation of regulatory requirements related to operating in the cannabis industry and the successful migration of historical data.

Other risks resulting from the EHT assets and discontinued operations that could diminish the assets being acquired by SKYE include unforeseen expenses, liabilities, or potential off-balance sheet liabilities.

The difficulties that management of the Resulting Issuer encounters in the transition, integration and wind-down processes could have an adverse effect on the level of expenses, and operating results of the Resulting Issuer. As a result of these factors, it is possible that any anticipated benefits from the Arrangement will not be realized.

The issuance and future sale of SKYE Shares could affect the market price

SKYE currently expects to issue and make available for issuance at the Effective Time an aggregate of 416,270,585 SKYE Shares. The issuance of these shares, and the sale of SKYE Shares in the public market from time to time, could depress the market price for SKYE Shares.

Highly Regulated Industry and Evolving Regulatory Landscape

EHT operates in a highly regulated and rapidly evolving market. The laws, regulations and guidelines generally applicable to the cannabis industry domestically and internationally may change in ways currently unforeseen. EHT's operations are subject to a variety of laws, regulations, guidelines and policies, whether in Canada, the United States or elsewhere, relating to the cultivation, manufacture, import, export, management, transportation, storage, packaging/labeling, advertising and promotion, sale, health and safety and disposal of cannabis, including, but not limited to, the *Cannabis Act* (Canada), any regulations thereunder, and laws, regulations, guidelines and policies relating to drugs, controlled substances, health and safety, the conduct of operations and the protection of the environment, and applicable stock exchange rules and regulations.

Additionally, because the cannabis industry remains illegal under U.S. federal law, any property owned by participants in the cannabis industry that are either used in the course of conducting such business, or are the proceeds of such business, could be subject to seizure by law enforcement and subsequent civil asset forfeiture. Even if the owner of the property is never charged with a crime, the property in question could still be seized and subject to an administrative proceeding by which, with minimal due process, it could be subject to forfeiture. As EHT is a participant in the cannabis industry, if the assets of EHT are ultimately seized by law enforcement and subsequent civil asset forfeiture, this could have a material adverse effect on SKYE's business operations, financial results and share price.

Risks related to security clearances for directors and officers of the Resulting Issuer

One or more of the Resulting Issuer's Canadian subsidiaries will hold licenses pursuant to the Cannabis Act. The Cannabis Act and the Cannabis Regulations require several individuals to hold a valid security clearance, including directors, officers, and large shareholders of a licensee, including officers and directors of those companies who can exert direct control over a licensee, and those employees who hold key positions within a licensee as specified by the Minister. Under the Cannabis Regulations, the Minister may refuse to grant security clearances to individuals with associations to organized crime or with past convictions for, or an association with, drug trafficking, corruption, or violent offenses. Individuals who have histories of nonviolent, lower-risk criminal activity (for example, simple possession of cannabis, or small-scale cultivation of cannabis plants) are not precluded from participating in the legal cannabis industry in Canada, and the grant of security clearance to such individuals is at the discretion of the Minister and such applications are reviewed on a case-by-case basis.

There is no assurance that any of our existing personnel who presently or may in the future require a security clearance will be able to obtain or renew such clearances or that new personnel who require a security clearance will be able to obtain one. A failure by an employee to maintain or renew his or her security clearance may impair our licensees' operations. Further, if an employee with security clearance leaves, an inability to find a suitable replacement who has a security clearance required by the Cannabis Act in a timely manner, or at all, may also impair our licensees' operations.

The Resulting Issuer might be involved in litigation claims and legal proceedings.

The Resulting Issuer may become party to litigation from time to time in the ordinary course of business which could adversely affect its business. Should any litigation in which the Resulting Issuer becomes involved be determined against the Resulting Issuer, such a decision could adversely affect the Resulting Issuer's ability to continue operating and the market price for its shares and could use significant resources. Even if the Resulting Issuer is involved in litigation and wins, litigation can redirect significant resources.

THE ESPP PROPOSAL

Background and Proposed Share Request

The ESPP authorizes for issuance 28,000,000 shares of SKYE Common Stock. This initial share reserve represents less than 5.65% of outstanding shares of SKYE Common Stock on August 10, 2022. The number of shares reserved for issuance under the ESPP will increase on January 1st of each calendar year beginning in 2023 and ending in and including 2032 by an amount equal to the lesser of (a) 0.5% of the shares outstanding on the final day of the immediately preceding calendar year and (b) such smaller number of shares as determined by the SKYE Board. We cannot precisely predict our share usage under the ESPP as it will depend on a range of factors including the level of employee participation, the contribution rates of participants, the trading price of SKYE Common Stock and future hiring activity.

SKYE operates in a highly competitive and challenging marketplace in which its success depends to a great extent on its ability to attract and retain high-caliber employees. If approved, the ESPP is expected to be a significant part of SKYE's overall equity compensation strategy, especially with respect to SKYE's non-executive employees. SKYE believes that offering the ESPP is important to its ability to maintain competitiveness. By providing eligible employees with a convenient means of acquiring an equity interest in the Company through payroll deductions, we expect to enhance such employees' sense of participation in the affairs of the Company and its participating subsidiaries and provide an incentive for continued employment.

Summary of the ESPP

A summary of the principal provisions of the ESPP is set forth below. The summary is qualified by reference to the full text of the ESPP, which is attached as [Appendix C](#) to this Proxy Statement.

Purpose

The ESPP has been designed to assist SKYE's eligible employees in acquiring a stock ownership interest in SKYE and to encourage our eligible employees to remain in our employment.

Components of the ESPP

The ESPP is comprised of two distinct components in order to provide increased flexibility to grant options to purchase shares under the ESPP. Specifically, the ESPP authorizes (1) the grant of options to U.S. employees that are intended to qualify for favorable U.S. federal tax treatment under Section 423 of the Code (the "**Section 423 Component**") and (2) the grant of options that are not intended to be tax-qualified under Section 423 of the Code to facilitate participation for employees located outside of the U.S. who do not benefit from favorable U.S. federal tax treatment and to provide flexibility to comply with non-U.S. law and other considerations (the "**Non-Section 423 Component**"). The administrator of the ESPP, as described below under the heading "Administration," currently intends to offer the Non-Section 423 Component to both U.S. and non-U.S. employees. Unless determined otherwise by the administrator, this Non-Section 423 Component will be operated on terms and conditions substantially similar to the Section 423 Component, except without the application of the \$25,000 limit as discussed below under the heading "Participation in an Offering."

Securities Subject to the ESPP

A total of 28,000,000 shares of SKYE Common Stock are initially reserved for issuance under the ESPP. This number will be increased on January 1st of each calendar year beginning in 2023 and ending in and including 2032 by a number of shares equal to the lesser of (a) 0.5% of the shares outstanding on the final day of the immediately preceding calendar year and (b) such smaller number of shares as determined by our Board, provided that in no event will the number of shares issued or transferred pursuant to rights granted under the ESPP exceed an aggregate of 50,275,000 shares.

Unless stockholder approval is obtained in accordance with Canadian securities law, the total number of shares, calculated on a fully diluted basis, available for issuance under the Non-Section 423 Component to participants in Canada who are directors or executive officers of the Company, or their associates or permitted assigns (collectively, "**Related Persons**") may not exceed 10% of our outstanding securities, and may not exceed 5% of our outstanding securities per Related Person. If such stockholder approval is not obtained, the total number of shares, calculated on a fully diluted basis, issued under the Non-Section 423 Component within 12 months to Related Persons may not exceed 10% of our outstanding securities, or 5% of our outstanding securities per Related Person.

The number of shares subject to the ESPP may be adjusted for changes in our capitalization and certain corporate transactions, as described below under the heading "Adjustments."

Administration

The SKYE Board or a committee of the SKYE Board will administer and will have authority to interpret the terms of the ESPP and determine eligibility of participants. The Compensation Committee of the Board of Directors will be the initial administrator of the ESPP.

Eligibility

The administrator may designate certain of our subsidiaries as participating “designated subsidiaries” in the ESPP and may change these designations from time to time. Employees of the Company and its participating designated subsidiaries are eligible to participate in the ESPP if they meet the eligibility requirements under the ESPP established from time to time by the administrator. However, an employee may not be granted rights to purchase shares under the ESPP if such employee, immediately after the grant, would own (directly or through attribution) shares possessing 5% or more of the total combined voting power or value of all classes of common shares or other classes of shares.

Eligible employees become participants in the ESPP by enrolling and authorizing payroll deductions by the deadline established by the administrator prior to the first day of the applicable offering period. Non-employee directors and consultants are not eligible to participate in the ESPP. Employees who choose not to participate, or are not eligible to participate at the start of an offering period but who become eligible thereafter, may enroll in any subsequent offering period.

As of August 10, 2022, SKYE had nine employees who were eligible to participate in the ESPP had the ESPP been in operation on such date and the subsidiaries for whom such employees work had been designated as participating subsidiaries under the ESPP.

Participation in an Offering

Offering Periods and Purchase Periods. SKYE Common Stock will be offered under the ESPP during offering periods. The length of the offering periods under the ESPP will be determined by the administrator and may be up to 27 months long. Employee payroll deductions will be used to purchase shares on each purchase date during an offering period. The purchase dates for each offering period will be the final trading day in the offering period. Offering periods under the ESPP will commence when determined by the administrator. The administrator may, in its discretion, modify the terms of future offering periods.

Enrollment and Contributions. The ESPP permits participants to purchase common stock through payroll deductions of up to a specified percentage of their eligible compensation. The administrator will establish a maximum percentage of eligible compensation each participant may elect for each offering period, and may change the maximum percentage prospectively. The administrator will also establish a maximum number of shares that may be purchased by a participant during any offering period. Unless established otherwise by the administrator, the maximum number of shares that may be purchased by a participant during any purchase period is 175,000 shares if there are two or more purchase periods in each offering period, or 350,000 shares if there is only one purchase period during each offering period. No employee will be permitted to accrue the right to purchase stock under the Section 423 Component at a rate in excess of \$25,000 worth of shares during any calendar year in which such a purchase right is outstanding (based on the fair market value per share of our common stock as of the first day of the offering period). In non-U.S. jurisdictions where participation in the ESPP through payroll deductions is prohibited, the administrator may provide that an eligible employee may elect to participate through contributions to the participant’s account under the ESPP in a form acceptable to the administrator in lieu of or in addition to payroll deductions.

Purchase Rights. On the first trading day of each offering period, each participant will automatically be granted an option to purchase shares of our common stock. The option will expire at the end of the applicable offering period and will be exercised at that time to the extent of the payroll deductions accumulated during the offering period.

Purchase Price. The purchase price of the shares, in the absence of a contrary designation by the administrator, will be 85% of the lower of the fair market value of our common stock on the first trading day of the offering period or on the final trading day of the offering period. The fair market value per share of SKYE Common Stock under the ESPP generally is the closing sales price of SKYE Common Stock as reported on the applicable securities market (the OTC Electronic Bulletin Board for U.S. participants or the Canadian Securities Exchange for participants in Canada) on the date for which fair market value is being determined, or if there is no closing sales price for a share of SKYE Common Stock on the date in question, the closing sales price for a share of common stock on the last preceding date for which such quotation exists. As of August 10, 2022, the closing price of a share of SKYE Common Stock was \$0.03.

Withdrawal and Termination of Employment. Participants may voluntarily end their participation in the ESPP at any time during a specified period prior to the end of the applicable offering period and will be paid their accrued payroll deductions that have not yet been used to purchase shares of common stock. Participation in the ESPP ends automatically upon a participant's termination of employment.

Adjustments

In the event of certain non-reciprocal transactions or events affecting SKYE Common Stock, such as any stock dividend or other distribution, change in control, reorganization, merger, consolidation or other corporate transaction which affects the shares of our common stock such that an adjustment is determined by the administrator to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits under the ESPP or with respect to any outstanding rights under the Plan, the administrator will make equitable adjustments to the ESPP and outstanding rights. In addition, in the event of the foregoing transactions or events or certain significant transactions, including a change in control, the administrator may provide for (1) except in the case of a Canadian participant, either the replacement of outstanding rights with other rights or property or termination of outstanding rights in exchange for cash, (2) the assumption or substitution of outstanding rights by the successor or survivor corporation or parent or subsidiary thereof, if any, (3) the adjustment in the number, kind and class of shares of stock subject to outstanding rights and/or in the terms and conditions of outstanding rights, (4) the use of participants' accumulated payroll deductions to purchase stock on a new purchase date prior to the next scheduled purchase date and termination of any rights under ongoing offering periods or (5) the termination of all outstanding rights.

Transferability

A participant may not transfer rights granted under the ESPP other than by will or the laws of descent and distribution, and such rights are generally exercisable only by the participant.

Plan Amendment and Termination

The administrator may amend, suspend or terminate the ESPP at any time. However, stockholder approval will be obtained for any amendment that increases the aggregate number or changes the type of shares that may be sold pursuant to rights under the ESPP or changes the corporations or classes of corporations whose employees are eligible to participate in the ESPP.

Certain U.S. Federal Income Tax Consequences

The U.S. federal income tax consequences of the ESPP under current income tax law are summarized in the following discussion which deals with the general tax principles applicable to the ESPP, and is intended for general information only. Other federal taxes and foreign, state and local income taxes are not discussed, and may vary depending on individual circumstances and from locality to locality.

As described above, the ESPP has a Section 423 Component and a Non-Section 423 Component. The tax consequences for a participant will depend on whether the participant participates in the Section 423 Component or the Non-Section 423 Component. This summary assumes that the Section 423 Component complies with Section 423 of the Code.

Tax Consequences to U.S. Participants in the Section 423 Component

The Section 423 Component of the ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Code. Under the applicable Code provisions, no income will be taxable to a participant until the sale or other disposition of the shares purchased under the ESPP. This means that an eligible employee will not recognize taxable income on the date the employee is granted an option under the ESPP. In addition, the employee will not recognize taxable income upon the purchase of shares. Upon such sale or disposition, the participant generally will be subject to tax in an amount that depends upon the length of time such shares are held by the participant prior to disposing of them. If the shares are sold or disposed of more than two years from the date of grant and more than one year from the date of purchase, or if the participant dies while holding the shares, the participant (or the participant's estate) will recognize ordinary income measured as the lesser of (1) the excess of the fair market value of the shares at the time of such sale or disposition (or death) over the purchase price or (2) an amount equal to the applicable discount from the fair market value of the shares as of the date of grant. Any additional gain will be treated as long-term capital gain. If the shares are held for the holding periods described above but are sold for a price that is less than the purchase price, there is no ordinary income and the participating employee has a long-term capital loss for the difference between the sale price and the purchase price.

If the shares are sold or otherwise disposed of before the expiration of the holding periods described above, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price and SKYE will be entitled to a tax deduction for compensation expense in the amount of ordinary income recognized by the employee. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares were held following the date they were purchased by the participant prior to disposing of them. If the shares are sold or otherwise disposed of before the expiration of the holding periods described above but are sold for a price that is less than the purchase price, the participant will recognize ordinary income equal to the excess of the fair market value of the shares on the date of purchase over the purchase price (and SKYE will be entitled to a corresponding deduction), but the participant generally will be able to report a capital loss equal to the difference between the sales price of the shares and the fair market value of the shares on the date of purchase.

Tax Consequences to U.S. Participants in the Non-Section 423 Component

A participant in the Non-Section 423 Component will have compensation income equal to the value of the common stock on the day the participant purchased the common stock less the purchase price.

When a participant sells the common stock the participant purchased under the Non-Section 423 Component, the participant also will have a capital gain or loss equal to the difference between the sales proceeds and the value of the common stock on the day it was purchased. This capital gain or loss will be long-term if the participant held the common stock for more than one year and otherwise will be short-term.

SKYE is entitled to a deduction for amounts taxed as ordinary income to a participant to the extent of ordinary income recognized upon a purchase made under the Non-Section 423 Component.

New Plan Benefits

Benefits under the ESPP will depend on the employees' enrollment and contribution elections, and the fair market value of the shares at various future dates. Therefore, it is not possible to determine the benefits that will be received in the future by participants in the ESPP.

Interest of Certain Persons in the ESPP

Stockholders should understand that our executive officers may be considered to have an interest in the approval of the ESPP because they may in the future be eligible to participate in the ESPP. Nevertheless, the SKYE Board believes that it is important to provide incentives and promote the retention of experienced officers by adopting the ESPP.

Board Recommendation

The SKYE Board unanimously recommends that you vote "FOR" the approval of the Skye Bioscience, Inc. 2022 Employee Stock Purchase Plan.

THE INCENTIVE PLAN PROPOSAL

On June 14, 2022, in anticipation of the closing of the transactions contemplated by the Arrangement, our Board unanimously approved the Skye Bioscience, Inc. Amended and Restated 2014 Omnibus Incentive (as amended, the “**A&R 2014 Incentive Plan**” or the “**Plan**”), subject to stockholder approval. The A&R 2014 Incentive Plan, among other things, amends the Company’s 2014 Omnibus Incentive Plan to (a) enable the issuance of equity awards in compliance with Canadian securities laws and the rules and regulations of the Canadian Stock Exchange, (b) fix the number of shares that can be issued under the A&R 2014 Incentive Plan to 91,219,570, provided that each January 1 beginning in 2023 and ending on (and including) January 1, 2032 the number of shares will increase by 5% of the outstanding shares of Common Stock as of the prior December 31, unless the Board decides to a lesser increase and (c) change the governing law section from California to Nevada. We are requesting that our stockholders approve the A&R 2014 Incentive Plan.

The Board originally approved the Company’s 2014 Omnibus Incentive Plan effective on October 31, 2014. The Company’s 2014 Omnibus Incentive Plan was subsequently amended in October 2018 and August 2020. The purpose of the A&R 2014 Incentive Plan is to promote our long-term success and the creation of stockholder value by (a) encouraging our employees, outside directors and consultants to focus on critical long-range objectives, (b) encouraging the attraction and retention of employees, outside directors and consultants with exceptional qualifications and (c) linking our employees, outside directors and consultants directly to stockholder interests through increased stock ownership.

We believe equity incentive compensation is a critical component to our compensation practices and allows us to incentivize our employees and more closely align their efforts with the creation of long-term stockholder value. In order to continue with our equity compensation practices, we feel it is important for stockholders to approve the A&R 2014 Incentive Plan.

Key Data

As of August 10, 2022, 37,755,000 options to purchase an aggregate of 37,755,000 shares of Common Stock were outstanding under the 2014 Omnibus Incentive Plan at exercise prices ranging from \$0.04 to \$0.31 per share, or a weighted average per share exercise price of \$0.06; 106,250 shares of Common Stock have been issued under the 2014 Omnibus Incentive Plan; 4,000,000 restricted stock units (“**RSUs**”) have been issued under the 2014 Omnibus Incentive Plan and 13,764,595 shares of Common Stock were available for future issuance under the 2014 Omnibus Incentive Plan. As of August 10, 2022, the closing price per share of Skye’s Common Stock was \$0.03 as reported on OTCQB.

Summary of the A&R 2014 Stock Incentive Plan

The following summary of the material features of the A&R 2014 Incentive Plan is qualified by reference to the terms of the A&R 2014 Incentive Plan, the full text of which is attached to this Proxy Statement as [Appendix D](#). The A&R 2014 Incentive Plan has also been filed electronically with the SEC together with this Proxy Statement and can be accessed on the SEC’s website at www.sec.gov.

Material Terms of the Plan

The Plan permits flexibility in types of awards, and specific terms of awards, which will allow future awards to be based on then-current objectives for aligning compensation with increasing long-term shareholder value.

The Compensation Committee of the Board of Directors (the “**Committee**”) will generally administer the Plan. The Committee has full power and authority to determine when and to whom awards will be granted, including the type, amount, form of payment and other terms and conditions of each award, consistent with the provisions of the Plan. In addition, the Committee has the authority to interpret the Plan and the awards granted under the Plan, and establish rules and regulations for the administration of the Plan.

The Committee may delegate certain administrative duties associated with the Plan to our officers, including the maintenance of records of the awards and the interpretation of the terms of the awards. Awards under the Plan may be granted to any person who is (i) an employee, (ii) a non-employee member of the Board or the board of directors of any of our subsidiaries, or (iii) a consultant who provides services to us or our subsidiaries, subject to applicable law. The Committee shall consider such factors as it deems pertinent in determining the type and amount of their respective awards. As of August 10, 2022, there were three non-employee directors, nine employees and four consultants who are eligible for awards under the Plan.

The Plan will terminate on June 14, 2032, unless all shares available for issuance have been issued, the Plan is earlier terminated by the Board, or the Plan is extended by an amendment approved by our shareholders. No awards may be made after the termination date. However, unless otherwise expressly provided in an applicable award agreement, any award

granted under the Plan prior to the termination date may extend beyond the end of such period through the award's normal expiration date. The maximum term of options granted pursuant to the Plan shall be no more than ten years from the date of grant.

As of August 10, 2022, the aggregate number of shares of the common stock authorized for issuance as awards (and incentive stock options) under the Plan is 49,592,511.

Unless security holder approval is obtained in accordance with applicable securities laws, the following limitations shall apply to the Plan and all awards granted under the Plan: (a) the number of securities, calculated on a fully diluted basis, reserved for issuance under the awards granted under the Plan to: (1) Related Persons (as defined in the Plan), shall not exceed 10% of the outstanding securities of the Company, or (2) a Related Person (as defined in the Plan), shall not exceed 5% of the outstanding securities of the Company; and (b) the number of securities, calculated on a fully diluted basis, issued within 12 months, to: (1) Related Persons (as defined in the Plan), shall not exceed 10% of the outstanding securities of the Company, or (2) a Related Person (as defined in the Plan), shall not exceed 5% of the outstanding securities of the Company.

Shares that were once subject to issuance upon the exercise or vesting of awards may again become available for future grants under the Plan if (i) an award is cancelled, forfeited, expired or terminated or (ii) shares of common stock are used to pay the exercise price or withholding taxes related to an award.

Under the Plan, the Committee can grant stock options, stock appreciation rights, restricted stock, stock units and performance units and other stock-based and cash-based awards. Subject to the limitations set forth in the Plan, the terms and conditions of each award shall generally be governed by the particular document or agreement granting the award. The terms and conditions set forth in an award agreement may include, as appropriate:

- a. deemed issuance date;
- b. expiration date;
- c. number of shares covered by the award;
- d. acceptable means of payment;
- e. price per share payable upon exercise;
- f. applicable vesting schedule;
- g. individual performance criteria;
- h. company or group performance criteria;
- i. continued employment requirement; or
- j. any other terms or conditions deemed appropriate by the Committee, in each case not inconsistent with the Plan

Stock Options and Stock Appreciation Rights. The holder of an option will be entitled to purchase a number of shares of common stock at an exercise price not less than 100% of the fair market value of a share on the date of grant during a specified time period, as determined by the Committee. The option exercise price shall be paid in cash or in such other form if and to the extent permitted by the Plan. Subject to applicable law, the exercise price of an option may be reduced without shareholder approval.

The holder of a stock appreciation right will be entitled to receive, in cash or stock (as determined by the Committee), value with respect to a specific number of shares equal to or otherwise based on the excess of the market value of a share at the time of exercise over the exercise price of the right.

Restricted Stock and Stock Units. The holder of restricted stock will own shares of common stock subject to restrictions imposed by the Committee and subject to forfeiture to us if the holder does not satisfy certain requirements (including, for example, continued employment with us) for a specified period of time. The holder of restricted stock units will have the right, subject to any restrictions imposed by the Committee, to receive shares of common stock, or a cash payment equal to the fair market value of those shares, at some future date determined by the Committee, provided that the holder has satisfied certain requirements (including, for example, continued employment with us until such future date).

Performance Awards. Performance stock or cash awards may be granted by the Committee at its sole discretion, upon the attainment of performance goals as set by the Committee.

Unless otherwise provided by the Committee, awards under the Plan may only be transferred by will or the laws of descent and distribution. The Committee may permit further transferability pursuant to conditions and limitations that it may impose, except that no transfers for consideration will be permitted.

In the event of any stock dividend, stock split, combination of shares, extraordinary dividend of cash and/or assets, recapitalization, reorganization or any similar event, the Committee is entitled to appropriately and equitably adjust the number and kind of shares or other securities which are subject to the Plan or subject to any award under the Plan.

Subject to any restrictive terms which may be set forth in award agreements, in the event we are a party to a merger or other reorganization, outstanding awards shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, for the assumption of outstanding awards by the surviving corporation or its parent, for their continuation by us (if we are a surviving corporation), for accelerated vesting and, except in the case of stock options issued to a participant that is a Canadian person, accelerated expiration, settlement in cash or settlement in cash equivalents.

The Board may generally amend or terminate the Plan as determined to be advisable. Shareholder approval may also be required for certain amendments pursuant to the Internal Revenue Code, the rules of any market in which we participate, or rules of the SEC. No amendment or alteration of the Plan may be made which would impair the rights of any participant under any outstanding award, without such participant's consent, provided that no consent is required with respect to any amendment or alteration if the Committee determines that such amendment or alteration is either:

- a. required or advisable in order for us, the Plan or the award to satisfy any law or regulation or to meet the requirements of any accounting standard, or
- b. not reasonably likely to significantly diminish the benefits provided under such award, or that any such diminishment has been adequately compensated.

U.S. Federal Income Tax Consequences

The following discussion of tax consequences relates only to U.S. federal income tax matters. The tax consequences of participating in the Plan may vary according to country of participation. Also, the tax consequences of participating in the Plan may vary with respect to individual situations and it should be noted that income tax laws, regulations and interpretations thereof change frequently. Participants should rely upon their own tax advisors for advice concerning the specific tax consequences applicable to them, including the applicability and effect of state, local and foreign tax laws.

Stock Options and Stock Appreciation Rights

Some of the options issued under the Plan are intended to constitute "incentive stock options" within the meaning of Section 422 of the Code, while other options granted under the Plan are non-qualified stock options. The Code provides for tax treatment of stock options qualifying as incentive stock options that may be more favorable to employees than the tax treatment accorded non-qualified stock options. Generally, upon the exercise of an incentive stock option, the optionee will recognize no income for U.S. federal income tax purposes, although the optionee may subsequently recognize income if the shares are disposed of prior to the holding period described below. The difference between the exercise price of the incentive stock option and the fair market value of the stock at the time of purchase is an item of tax preference that may require payment of an alternative minimum tax.

On the sale of shares acquired by exercise of an incentive stock option (assuming that the sale does not occur within two years following the date of grant of the option or within one year following the date of exercise), any gain will be taxed to the optionee as long-term capital gain. Except with respect to death or permanent and total disability (in which case the optionee has one year to exercise and obtain incentive stock option treatment), an optionee has three months after termination of employment in which to exercise an incentive stock option and retain incentive stock option tax treatment at exercise. An option exercised more than three months after an optionee's termination of employment, including termination due to retirement, cannot qualify for the tax treatment accorded incentive stock options. Such option would be treated as a non-qualified stock option instead.

In contrast, upon the exercise of a non-qualified option, the optionee recognizes taxable income (subject to withholding) in an amount equal to the difference between the fair market value of the shares on the date of exercise and the exercise price. Upon any sale of such shares by the optionee, any difference between the sale price and the fair market value of the shares on the date of exercise of the non-qualified option will be treated generally as capital gain or loss.

Participants will not realize taxable income upon the grant of a stock appreciation right. Upon the exercise of a stock appreciation right, the participant will recognize ordinary income (subject to withholding by the Company) in an amount equal to the cash or fair market value of the shares of stock received on the date of exercise of the stock appreciation right. The participant will generally have a tax basis in any shares of stock received on the exercise of a stock appreciation right that equals the fair market value of such shares on the date of exercise. Subject to the limitations discussed below, the Company will be entitled to a deduction for U.S. federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by the participant under the foregoing rules.

Subject to the discussion below under "Certain Tax Code Limitations on Deductibility," under rules applicable to U.S. corporations, no deduction is available to the employer corporation upon the grant or exercise of an incentive stock option (although a deduction may be available if the employee sells the shares so purchased before the applicable holding period).

expires), whereas, upon exercise of a non-qualified stock option or stock appreciation right, the employer corporation is entitled to a deduction in an amount equal to the income recognized by the employee.

Stock Awards

A participant generally will not have taxable income upon the grant of stock awards, such as restricted stock or restricted stock units. Instead, he or she will recognize ordinary compensation income in the first taxable year in which his or her interest in the stock underlying the award becomes either (i) freely transferable or (ii) no longer subject to substantial risk of forfeiture. In general, a participant will recognize ordinary compensation income in an amount equal to the fair market value of the stock when it first becomes transferable or is no longer subject to a substantial risk of forfeiture, unless the participant makes an election to be taxed on the fair market value of the stock underlying the award when it is received.

An employee will be subject to withholding for federal, and generally for state and local, income taxes at the time the employee recognizes income under the rules described above with respect to an award of restricted stock or restricted stock units. The tax basis of a participant in the stock received will equal the amount recognized by the employee as compensation income under the rules described in the preceding paragraph, and the employee's holding period in such shares will commence on the date income is so recognized. Upon later disposition of stock received that has been held for the requisite holding period, the employee will generally recognize capital gain or loss equal to the difference between the amount received in the disposition and the amount previously recognized as compensation income.

Subject to the discussion below under "Certain Tax Code Limitations on Deductibility," we will be entitled to a deduction for U.S. federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by the participant under the foregoing rules to the extent the deduction is allocable to "effectively connected income" which is subject to U.S. federal income tax.

Certain Tax Code Limitations on Deductibility

Section 162(m), as amended by the Tax Cuts and Jobs Act (the "TCJA"), no longer provides for the exclusion of certain performance-based compensation from Section 162(m)'s \$1 million limit on tax deductibility for compensation paid to "covered employees." Accordingly, with respect to performance-based compensation granted or awarded after November 2, 2017, the availability of the exclusion under Section 162(m) is no longer a consideration with respect to deductibility structuring performance awards. The Committee may award compensation that is or may become non-deductible, and expects to consider whether it believes such grants are in the best interest of the Company, balancing tax efficiency with long-term strategic objectives.

Code Section 409A

Section 409A of the Code generally provides that any deferred compensation arrangement must satisfy specific requirements, both in operation and in form, regarding (1) the timing of payment, (2) the advance election of deferrals, and (3) restrictions on the acceleration of payment. Failure to comply with Section 409A may result in the early taxation (plus interest) to the participant of deferred compensation and the imposition of a 20% penalty on the participant on such deferred amounts included in the participant's income. We intend to structure awards under the Plan in a manner that is designed to be exempt from or comply with Section 409A.

Code Section 457A

Section 457A of the Code has significantly changed the rules applicable to deferred compensation paid to U.S. persons by certain foreign corporations and other entities. We expect that stock options, stock-settled stock appreciation rights, restricted stock and restricted stock units granted under the Plan will be exempt from Section 457A. However, stock appreciation rights that may be settled in cash may be subject to Section 457A, as well as cash awards or stock units that are not paid within one year after vesting.

Section 457A requires that any compensation paid under a deferred compensation plan of a nonqualified entity must be included in the participant's income at the time such amounts are no longer subject to a substantial risk of forfeiture. Therefore, stock appreciation rights that may be settled in cash as well as cash awards or stock units that are not paid within one year after vesting may result in income inclusion upon vesting, even though the participant has not exercised the stock appreciation right or received delivery of cash or shares of stock at that time. We currently intend to grant awards that are exempt from Section 457A.

Board Recommendation

The Skye Board recommends a vote “FOR” the proposal to approve the Amended and Restated 2014 Omnibus Incentive Plan.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS PROPOSAL

The Board has selected Friedman, LLP as the Company’s independent registered public accountants for the fiscal year ending December 31, 2022 and has further directed that management submit the selection of independent registered public accountants for ratification by the stockholders at the SKYE Meeting.

Stockholder ratification of the selection of Friedman, LLP as the Company’s independent registered public accountants is not required by Nevada law, the Company’s amended and restated articles of incorporation, or the Company’s amended and restated bylaws. However, the Board is submitting the selection of Friedman, LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board will reconsider whether to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent registered public accountants at any time during the year if the Board determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the majority of the votes cast at the SKYE Meeting will be required to ratify the selection of Friedman LLP. An abstention or other failure to vote will have no effect on the outcome of the Independent Registered Public Accountants Proposal, so long as a quorum is present. The approval of this proposal is a routine proposal on which a

broker or other nominee has discretionary authority to vote. Accordingly, no broker non-votes will likely result from this proposal.

Independent Registered Public Accountants' Fees

Professional services rendered by Friedman LLP for the audit of our annual consolidated financial statements included in our Annual Report on Form 10-K and quarterly reviews of the unaudited interim condensed consolidated financial statements included in our Quarterly Reports on Form 10-Q or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements commenced during the three-month period ending June 30, 2022. There have been no audit related fees, tax fees or any other fees charged by or paid to Friedman LLP to date.

Board Recommendation

The SKYE Board unanimously recommends that you vote “FOR” to ratify the selection of Friedman LLP as independent registered public accounting firm for the fiscal year ending December 31, 2022.

The affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the meeting will be required to ratify the selection of Friedman LLP. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as negative votes. The approval of this proposal is a routine proposal on which a broker or other nominee has discretionary authority to vote. Accordingly, no broker non-votes will likely result from this proposal.

THE ADJOURNMENT PROPOSAL

If, at the SKYE Meeting, the SKYE Board determines it is necessary or appropriate to adjourn the SKYE Meeting to solicit additional proxies if there are not sufficient votes to approve the Arrangement Proposal, the ESPP Proposal, the Incentive Plan Proposal, or the Independent Registered Public Accountants Proposal, SKYE intends to move to vote on the Adjournment Proposal.

For example, the SKYE Board may make such a determination if the number of shares of Common Stock represented and voting in favor of the Arrangement Proposal at the SKYE Meeting is not sufficient to adopt and approve such proposal, as applicable, in order to enable the SKYE Board to solicit additional proxies in respect of such proposal. If the SKYE Board determines that it is necessary or appropriate, SKYE will ask its stockholders to vote upon the Adjournment Proposal and not the applicable proposals.

In this proposal, SKYE is asking you to authorize the holder of any proxy solicited by the SKYE Board to vote in favor of the Adjournment Proposal. If the SKYE stockholders approve the Adjournment Proposal, SKYE could adjourn the SKYE Meeting and any adjourned session of the SKYE Meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from stockholders that have previously voted.

Among other things, approval of the Adjournment Proposal could mean that, even if SKYE had received proxies representing a sufficient number of votes against the aforementioned proposal to defeat such proposals, SKYE could adjourn the SKYE Meeting without a vote and seek to convince the holders of those shares to change their votes. Additionally, SKYE may seek to adjourn the SKYE Meeting if a quorum is not present or otherwise at the discretion of the chairman of the SKYE Meeting.

The SKYE Board recommends that you vote “FOR” the Adjournment Proposal.

Beneficial SKYE Stockholders

If your SKYE Shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in "street name," and the proxy materials are being forwarded to you by your broker or other nominee together with a voting instruction card. Unless your broker has discretionary authority to vote on certain matters, your broker will not be able to vote your SKYE Shares without instructions from you. Brokers are not expected to have discretionary authority to vote for any of the proposals. To make sure that your vote is counted, you should instruct your broker to vote your shares, following the procedures provided by your broker. Many brokers solicit voting instructions over the Internet or by telephone.

As the beneficial owner, you are also invited to attend the SKYE Meeting. However, you may not vote shares held in street name during the meeting unless you obtain a proxy, executed in your favor, from the holder of record (i.e., your broker).

Voting of Proxies

If you have properly filled out, signed and delivered your proxy, then your proxyholder can vote your SKYE Shares for you at the SKYE Meeting. The SKYE Shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the SKYE Stockholder on any ballot that may be called for and, if the SKYE Stockholder specifies a choice with respect to any matter to be acted upon, the SKYE Shares will be voted accordingly. If a choice is not so specified with respect to any such matter, and the persons named in the enclosed form of proxy have been appointed as proxyholder, the SKYE Shares represented by such proxy will be voted FOR the SKYE Proposals.

The enclosed form of proxy confers discretionary authority upon the proxy nominee with respect to any amendments or variations to the matters identified in the Notice of SKYE Meeting and any other matters which may properly come before the SKYE Meeting. If any such amendments or variations are proposed to the matters described in the Notice of SKYE Meeting or if any other matters properly come before the SKYE Meeting, the proxyholder may vote your SKYE Shares as he or she considers best. The SKYE Board is not currently aware of any amendments to the matters to be presented for action at the SKYE Meeting or of any other matters to be presented for action at the SKYE Meeting.

Revocation of Proxies

A registered SKYE Stockholder who has submitted a proxy may revoke it at any time prior to it being exercised. If the SKYE Stockholder is a registered holder, the SKYE Stockholder can do this in one of three ways: First, before the SKYE Meeting, deliver a signed notice of revocation of proxy to the Secretary of SKYE at the address specified below. Second, complete and submit a later-dated SKYE proxy card. Third, attend the SKYE Meeting and vote at the meeting. Attendance at the SKYE Meeting alone will not revoke a previous proxy; rather, the registered SKYE Stockholder must also vote at the SKYE Meeting in order to revoke the previously submitted proxy.

To change proxy directions by mail, SKYE Stockholders should send any notice of revocation or a completed new SKYE proxy card, as the case may be, to SKYE's proxy advisor at the following address:

Alliance Advisors
200 Broadacres Drive
3rd Floor
Bloomfield, NJ 07003

If you have instructed a broker to vote your shares and wish to change your vote, you must follow directions received from your broker to change those instructions.

DESCRIPTION OF THE ARRANGEMENT

Background to the Arrangement

On May 11, 2022, EHT and SKYE entered into the Arrangement Agreement, which sets out the terms and conditions for implementing the Arrangement. The Arrangement Agreement is the result of extensive arm's length negotiations among the SKYE Special Committee and the EHT Special Committee and their respective legal and financial advisors. The following is a summary of the principal events leading up to the execution and public announcement of the Arrangement Agreement.

The SKYE Board and SKYE senior management team regularly review and consider SKYE's long-term strategic plans and objectives, including business combinations, acquisitions, and other strategic opportunities. As part of this ongoing evaluation, the SKYE Board, together with SKYE's senior management team, has from time to time considered various opportunities to enhance stockholder value, including the possibility of a strategic combination with other companies.

On October 26, 2021, SKYE's Chief Executive Officer, Mr. Dhillon, met with the SKYE Board in the Company's standard quarterly board meeting and discussed the merits and strategic rationale for a potential transaction with EHT. It was noted in this discussion that a transaction with EHT could add value to SKYE by being an efficient way to acquire the necessary funding and working capital to support the development of SBI-100 through Phase 2 clinical development. Representatives of SKYE's outside legal counsel, Morrison & Foerster LLP reviewed with the SKYE Board certain legal matters, including the SKYE Board's fiduciary duties in relation to a potential acquisition of EHT.

Following discussion, the SKYE Board determined it to be in the best interests of SKYE and its stockholders to establish a special committee (the **SKYE Special Committee**) consisting of independent SKYE directors to consider and negotiate a potential transaction with EHT, as two of the SKYE directors, Mr. Dhillon and Jim Heppell, were also directors of EHT. For additional information on the interests of the directors and officers of SKYE in the Transaction, please see the section in this proxy statement entitled "[*Description of the Arrangement - Interests of Directors and Management in the Arrangement*](#)".

On the same day, the SKYE Special Committee was formed and Dr. Margaret Dalesandro and Dr. Praveen Tyle were appointed as the members of the SKYE Special Committee, each of whom were determined to be an independent board member and disinterested with respect to any transaction with EHT. Dr. Praveen Tyle was appointed as the chairman of the SKYE Special Committee. The SKYE Board also determined that, in the event that SKYE were to proceed with a potential acquisition of EHT, the consummation of such acquisition would be conditioned on the approval of a majority of disinterested SKYE Stockholders voting on the transaction.

On November 16, 2021, following execution of a mutual CDA, the EHT Chief Executive Officer, Riaz Bandali, and Mr. Dhillon, engaged in a discussion as to whether SKYE and EHT would benefit in pursuing a strategic transaction with each other, as EHT was evaluating strategic alternatives outside of its core business. On November 17th and 18th the parties discussed the merits of a strategic transaction and Mr. Dhillon presented SKYE's clinical development strategy of its lead candidate SBI-100 to EHT management.

On November 21, 2021, EHT engaged Vantage Point Advisors ("**Vantage Point**"), financial advisor to EHT, to assist it in identifying potential acquisition or merger candidates involved in the pharmaceutical development of cannabinoids. Following this engagement, Vantage Point reached out to SKYE's Special Committee Chair, Dr. Tyle, to further discuss a potential strategic transaction between SKYE and EHT.

On December 14, 2021, Dr. Keith Ward was appointed as a member of the SKYE Board and as a member of the SKYE Special Committee.

From December 17, 2021 to February 16, 2022, the SKYE Special Committee and its advisors, including its legal advisors Fasken Martineau DuMoulin LLP ("**Fasken**"), performed a preliminary due diligence review of EHT and its assets. Between February 16, 2022, and May 11, 2022, representatives of SKYE and EHT, and their respective advisors, participated in numerous due diligence sessions on SKYE and EHT's respective business and legal, financial and regulatory matters.

Following completion of its initial due diligence, including a review of EHT's net asset value, costs associated with winding down the operations of EHT, and comparable transactions, and with the assistance of its outside legal advisors, SKYE prepared an initial draft of a non-binding term sheet (the "**Term Sheet**") regarding a strategic transaction between the two companies. On December 17, 2021, Skye sent an initial draft of the Term Sheet to EHT.

Late in January 2022, the SKYE Special Committee received a revised draft of the Term Sheet from EHT. Following delivery of the revised Term Sheet to Skye, the EHT Special Committee and EHT management had extensive discussions and negotiations with the SKYE Special Committee and SKYE management and further revised versions of the Term Sheet were exchanged by the parties.

On February 18, 2022, EHT and SKYE executed the Term Sheet. The Term Sheet provided, among other things, for an exclusivity period expiring April 18, 2022 during which EHT would not be permitted to take any actions with respect to potential alternative transactions, provided that EHT was permitted to continue to take actions to dispose of its cannabis related assets. As a result, EHT and SKYE ceased all discussions with other parties regarding a potential business combination.

Following the execution of the Term Sheet, the SKYE Special Committee and SKYE management, with the assistance of its advisors, conducted a comprehensive due diligence review of EHT's assets and financial condition. A number of formal and informal meetings and presentations took place between EHT and its advisors and SKYE and its advisors, during which information regarding SKYE and its business, assets, and financial condition was provided to EHT and information regarding EHT and its business, assets, and financial condition was provided to SKYE.

On March 10, 2022, the SKYE Special Committee met to discuss the proposed transaction, including the status of ongoing operational, legal, tax and financial due diligence of EHT.

A draft of the Arrangement Agreement was provided by legal counsel to SKYE to legal counsel to EHT on March 11, 2022.

On March 15, 2022, the SKYE Special Committee met to discuss the proposed transaction, including the status of ongoing operational, legal, tax and financial due diligence of EHT.

A revised Arrangement Agreement was provided by legal counsel to EHT to legal counsel for SKYE on March 19, 2022. Following receipt, on March 24, 2022, the SKYE Special Committee and its advisors met to discuss the revised Arrangement Agreement and ongoing operational, legal, tax and financial due diligence of EHT.

On March 30, 2022, legal counsel for EHT sent to legal counsel for SKYE a form of support agreement (the **EHT Support Agreement**) to be entered into by SKYE and certain EHT Shareholders in connection with the Arrangement Agreement providing for such shareholders to agree to vote their shares in favour of the Arrangement Agreement and not to vote their shares in any way that may delay, prevent, interfere, or impede the Arrangement. For additional information, see the section in this proxy statement entitled "[Support Agreements](#)".

On March 31, 2022, the SKYE Special Committee met to discuss the revised draft of the status of the Arrangement Agreement and ongoing operational, legal, tax and financial due diligence of EHT. During this meeting, SKYE's Chief Financial Officer, Ms. Kaitlyn Arsenault reviewed the preliminary legal due diligence report provided by SKYE's U.S. counsel which identified ancillary agreements to be executed in connection with the Arrangement Agreement.

On April 1, 2022, SKYE sent a revised draft of the Arrangement Agreement to EHT.

On April 7, 2022, the SKYE Special Committee met to discuss the proposed transaction, including the status of ongoing operational, legal, tax and financial due diligence of EHT. During this meeting, Ms. Arsenault reviewed the preliminary legal due diligence report provided by SKYE's Canadian counsel.

On April 14, 2022, EHT and SKYE executed a letter agreement which extended the exclusivity period of the Term Sheet to April 27, 2022. The exclusivity period was further extended on April 26, 2022 (to May 9, 2022) and again on May 9, 2022 (to May 12, 2022).

On April 21, 2022 the SKYE Special Committee met to discuss the status of the proposed transaction, including the status and current findings of SKYE's operational, tax, financial and legal due diligence and certain key issues in the Arrangement Agreement. The discussions with the SKYE Special Committee included the conveyance key decision points related to the rollover of equity compensation awards into the SKYE Incentive Plan, resulting management composition, and regulatory considerations. Additionally, Ms. Arsenault reviewed a preliminary proforma cash flow projection with the Special Committee based on due diligence to date.

On April 25, 2022, legal counsel to EHT received from legal counsel to SKYE a draft support agreement (the **SKYE Support Agreement**) to be entered into by EHT and certain SKYE Shareholders in connection with the Arrangement Agreement providing for such shareholders to agree to vote their shares in favor of the Arrangement and not to vote their

shares in any way that may delay, prevent, interfere, or impede the Arrangement. For additional information, see the section of the proxy statement entitled “[Support Agreements](#)”.

On April 28, 2022 the SKYE Special Committee met to discuss certain matters relating to the proposed transaction. Representatives of SKYE’s financial advisor, Scalar CA, LLC (“**Scalar**”), reviewed Scalar’s preliminary financial analysis of the Arrangement with the SKYE Special Committee, including the variables associated with the EHT valuation. Following extensive discussion, the SKYE Special Committee resolved that it would propose a lower Exchange Ratio to EHT to reflect the risk profile associated with the EHT valuation.

On May 4, 2022 members of the SKYE Special Committee met with representatives of EHT and SKYE proposed certain revisions to the Exchange Ratio.

The members of the SKYE Special Committee held numerous telephone calls with representatives of EHT’s Special Committee over the period of May 6, 2022 to May 8, 2022 to discuss the Exchange Ratio.

Negotiations with respect to the final terms of the Arrangement Agreement were conducted by the parties while maintaining continuous communication with, and direction from, the SKYE Special Committee regarding the key remaining issues.

On May 11, 2022, a formal meeting of the SKYE Special Committee was held to consider approval of the Arrangement Agreement and the transactions contemplated by the Arrangement Agreement. SKYE’s legal advisors summarized for the SKYE Special Committee the final terms of the Arrangement Agreement and SKYE’s management reviewed the final due diligence reports from its advisors. Representatives of Scalar reviewed its financial analysis of the Arrangement with the SKYE Special Committee, and rendered to the SKYE Special Committee an oral opinion (subsequently confirmed in writing) that, as of such date and based upon and subject to the procedures followed, assumptions made, qualifications and limitations on the review undertaken, and other matters considered by Scalar in preparing its opinion (attached as [Appendix E](#) to this proxy statement), the Exchange Ratio pursuant to the Arrangement Agreement was fair, from a financial point of view, to the holders of SKYE Common Stock. After discussion, the SKYE Special Committee unanimously concluded that the Arrangement Agreement and the Arrangement are fair to, advisable, and in the best interests of SKYE and its stockholders. Following the Special Committee meeting, the SKYE Board unanimously approved the Arrangement Agreement and determined that the Arrangement Agreement and the transactions contemplated thereby, including the Arrangement, are fair to, advisable and in the best interests of SKYE and its stockholders.

Throughout the remainder of the day on May 11, 2022, counsel to EHT and SKYE finalized the Arrangement Agreement and the Support Agreements. The Arrangement Agreement and the Support Agreements were executed on May 11, 2022 and the Arrangement Agreement was publicly announced on the morning of May 12, 2022.

On May 18, 2022, Emerald Health Sciences, Inc. entered into a SKYE Support Agreement and an EHT Support Agreement.

On June 14, 2022, Skye and EHT entered into an amendment to the Arrangement Agreement to reflect certain changes to the post-closing board of directors of Skye and to waive the closing condition in the Arrangement Agreement requiring Skye to obtain a waiver from Emerald Health Biotechnology Espana S.L. (“**EHB SL**”) for payment of any change of control payments under the Exclusive Sponsored Research Agreement, dated October 11, 2021 between EHB SL and Skye that may arise as a result of the transactions contemplated by the Arrangement Agreement.

On July 15, 2022, Skye and EHT entered into a second amendment to the Arrangement Agreement to amend the definition of “Outside Date” in the Arrangement Agreement and to extend the date by which the special meeting of Skye stockholders must be convened.

Reasons for the Arrangement

In the course of reaching its decision to approve the Arrangement Agreement, the SKYE Special Committee and SKYE Board held numerous meetings, consulted with its senior management, advisors and legal counsel, reviewed a significant amount of information and considered numerous reasons, including, among others:

- SKYE’s need for capital to support the pre-clinical and clinical development of its product candidates, including the funds needed by SKYE to advance its lead clinical candidate, SBI-100, through a Phase 2 clinical trial;
- the expectation that the Arrangement Agreement and the transactions contemplated thereby would be a more time- and cost-effective means to access capital than other options considered;

- the SKYE Board's belief that no alternatives to the Arrangement were reasonably likely to create greater value for SKYE's stockholders, after reviewing the various financing and other strategic options to enhance stockholder value that were considered by the SKYE Board;
- the historical operations, resources, and assets of EHT;
- the projected financial position, operations, management structure, geographic locations, operating plans, cash burn rate and financial projections of SKYE post-acquisition (including the ability to support the SKYE's planned clinical trials and operations);
- the likelihood that the Arrangement will be consummated on a timely basis and the viable strategic alternatives for SKYE if the Arrangement does not occur (including, among other things, SKYE's financial prospects and access to the capital needed to continue successful operations);
- the structure and terms of the Arrangement, including:
 - the reciprocal nature of the terms of the Arrangement Agreement and the other transaction documents, including the parties' representations, warranties and covenants and the SKYE Board's determination that those terms and conditions were appropriate in a strategic transaction of this type;
 - the conditions to the completion of the Arrangement, and the SKYE Board's view that while the completion of the Arrangement is subject to various conditions, including certain approvals, such conditions and approvals were likely to be satisfied in a timely manner;
 - the provisions of the Arrangement Agreement designed to restrict the ability of the Parties to solicit third party Acquisition Proposals but affording both sides the ability to consider and pursue an unsolicited Superior Proposal, the provisions of the Arrangement Agreement providing for the payment of the EHT Termination Amount or the SKYE Termination Amount, as applicable, under specified circumstances relating to the termination of the Arrangement Agreement following the occurrence of an Acquisition Proposal and the conclusion of the SKYE Board that those provisions were an appropriate and reasonable means to increase the likelihood that the Arrangement will be completed;
- the oral opinion of Scalar (subsequently confirmed in writing) rendered to the SKYE Special Committee on May 11, 2022, to the effect that, as of such date and based upon and subject to the procedures followed, assumptions made, qualifications and limitations on the review undertaken, and other matters considered by Scalar in preparing its opinion (attached as [Appendix D](#) to this proxy statement), the Exchange Ratio pursuant to the Arrangement Agreement was fair, from a financial point of view, to the holders of SKYE Common Stock, as more fully described below under the section of the proxy statement titled "[Description of the Arrangement - Opinion of SKYE's Financial Advisor](#)";
- the support agreements, pursuant to which certain directors, officers and stockholders of SKYE and EHT, respectively, have agreed, solely in their capacity as stockholders of SKYE and EHT, respectively, to vote all of their shares of SKYE common stock or EHT Common Stock, as the case may be, in favor of the adoption or approval, respectively, of the Arrangement Agreement; and
- the determination of the SKYE Special Committee that the Arrangement Agreement, the related documents and agreements, and the transactions contemplated by the foregoing, including the Plan of Arrangement, were advisable and are fair to and in the best interests of SKYE and its stockholders, and the recommendation of the SKYE Special Committee that the SKYE Board approve the foregoing.

The SKYE Special Committee and SKYE Board also considered a number of uncertainties and risks in its deliberations concerning the Arrangement and potential conflicts of interest, including the following:

- the possible diversion of management attention for an extended period of time during the pendency of the Arrangement and, following closing, the winding down of EHT and implementation of any remaining actions of the EHT Realization Process;
- the potential conflicts of interest of SKYE's officers and directors in connection with the Arrangement (for more information see the section of the proxy statement titled "[Description of the Arrangement - Interests of SKYE's Directors and Management in the Arrangement](#)");
- the risk that, because the Exchange Ratio under the Arrangement Agreement was fixed as of the time of execution of the Arrangement Agreement and would not be adjusted for changes in the market prices of SKYE Shares or EHT Shares, the trading price of the SKYE Shares to be issued to EHT Shareholders upon the consummation of the Arrangement could be significantly higher than it was at the time the Arrangement Agreement was entered into, and the fact that the Arrangement Agreement does not provide SKYE with a price-based termination right or other similar protection;
- the fact that the SKYE Stockholders will not be permitted to seek appraisal of their shares in connection with the Arrangement;
- the risk that EHT Shareholders will exercise Dissent Rights in connection with the Arrangement;
- the substantial costs to be incurred in connection with the Arrangement, including those that could be incurred regardless of whether the Arrangement is consummated;

- the ability of the EHT Board, in certain circumstances, to terminate the Arrangement Agreement or change its recommendation that EHT Shareholders approve the Arrangement;
- that SKYE would be required to pay to EHT a termination amount of C\$500,000 in the event the SKYE Board were to terminate the Arrangement Agreement under certain circumstances;
- the fact that certain representations and warranties in the Arrangement Agreement do not survive the closing of the transaction and the potential risk of liabilities that may arise post-closing;
- the potential reduction of EHT's net cash or net assets prior to Closing, including any unforeseen impacts related to the market risk as it relates to the sale of EHT's facilities and the EHT Realization Process; and
- the other risks associated with the Arrangement and the business of EHT, SKYE and the Resulting Issuer, including those described under the sections titled "[Risk Factors - Risks Related to the Arrangement](#)" and "[Information Concerning EHT](#)" of this proxy statement.

The foregoing discussion of the information and factors that the SKYE Special Committee and SKYE Board considered is not intended to be exhaustive, but rather is meant to include the material factors that the SKYE Board considered.

The SKYE Special Committee and SKYE Board considered all of these factors as a whole and, on balance, concluded that the potential benefits of the Arrangement outweighed the risks and uncertainties of the Arrangement. In addition, the SKYE Special Committee and SKYE Board was aware of and considered the interests of its directors and executive officers that are different from, or in addition to, the interests of SKYE Stockholders generally described in the section entitled "[Description of the Arrangement - Interests of SKYE's Directors and Management in the Arrangement](#)". In view of the wide variety of factors considered by the SKYE Special Committee and the SKYE Board in connection with the evaluation of the Arrangement and the complexity of these matters, the SKYE Special Committee and the SKYE Board did not find it useful, and did not attempt, to quantify, rank or otherwise assign relative weights to these factors. In considering the factors described above, individual members of the SKYE Special Committee and SKYE Board may have given different weight to different factors. The SKYE Special Committee and SKYE Board conducted an overall analysis of the factors described above, including thorough discussions with, and questioning of, SKYE's management, and financial and legal advisors, and considered the factors overall to be favorable to, and to support, its determination.

The foregoing description of the SKYE Special Committee and SKYE Board's consideration of the factors supporting the Arrangement is forward-looking in nature. This information should be read in light of the factors discussed in the section entitled "[Information Concerning Forward-Looking Statements](#)".

Recommendation of the SKYE Board

On May 11, 2022, after careful consideration, the SKYE Special Committee unanimously concluded that the Arrangement Agreement and the Arrangement are fair to, advisable, and in the best interests of SKYE and its stockholders and recommended that the SKYE Board approve the Arrangement Agreement and the Arrangement. Following the meeting of the Special Committee, on May 11, 2022, the SKYE Board, taking into consideration the unanimous recommendation of the Special Committee, approved the Arrangement Agreement and determined that the Arrangement Agreement and the transactions contemplated thereby, including the Arrangement, are fair to, advisable and in the best interests of SKYE and its stockholders.

The SKYE Board unanimously recommends that the stockholders vote "FOR" the Arrangement Proposal.

EHT Realization Process

On November 29, 2021, EHT announced that it was undertaking a process to effect its exit from the cannabis industry as disclosed in EHT's press release dated November 30, 2021, the particulars of which are set out in Schedule "D" to the Arrangement Agreement (the "**EHT Realization Process**"). Pursuant to the Arrangement Agreement EHT is permitted to undertake the EHT Realization Process but is not obligated to complete any of the actions of the EHT Realization Process. The implementation of the EHT Realization Process and the specific actions or steps taken by EHT set out in respect of the EHT Realization Process of the Arrangement Agreement will not be considered in determining whether a representation or warranty of EHT hereunder has been breached. Subsequent to the date of the Arrangement Agreement EHT will not take any action in connection with the EHT Realization Process other than such steps or actions as are reasonably necessary to effect the EHT Realization Process set out in the Arrangement Agreement, without the prior written consent or approval of SKYE, acting reasonably, taking into account regulatory, tax and operational considerations, and shall not take any such action which is contrary to law or requires the consent or approval of any third party or Governmental Authority without first obtaining such consent or approval.

In completing the EHT Realization Process, EHT has agreed to (a) consult with SKYE on the structuring of any transaction proposed pursuant to the EHT Realization Process; (b) provide SKYE a reasonable opportunity to review and

provide comments and input on any agreement and the terms of any arrangement which will form part of the EHT Realization Process prior to the execution of such agreement and give due consideration to any such comments and input, acting reasonably; (c) use reasonable efforts to complete any transaction in a tax efficient manner including taking into consideration the tax attributes of both EHT and SKYE including following completion of the Arrangement, including, pursuant to comments or input from SKYE; and (d) take into consideration regulatory, tax and operational considerations of both EHT and SKYE, including following completion of the Arrangement, including, pursuant to comments or input from SKYE, in proceeding with any transaction which forms the part of the EHT Realization Process.

Description of the Plan of Arrangement

The following summary of certain transaction steps of the Plan of Arrangement is qualified in its entirety by reference to the full text of the Plan of Arrangement, a copy of which is attached as [Appendix B](#) to this proxy statement.

The Arrangement is being implemented pursuant to a plan of arrangement under the laws of the Province of British Columbia. The purpose of the Plan of Arrangement is to facilitate a series of transactions which will occur in a specific sequence and as a consequence, SKYE will acquire all of the outstanding EHT Shares.

Pursuant to the Arrangement, commencing at the Effective Time, each of the following events or transactions shall occur and be deemed to occur in the following sequence, in each case, without any further authorization, act or formality on the part of any person:

1. at the Effective Time,
 - (a) each EHT Share held by a Dissenting Shareholder who is ultimately determined to be entitled to be paid the fair value of the Dissent Shares in respect of which such EHT Dissenting Shareholder has exercised Dissent Rights shall be, and shall be deemed to be transferred by the holder thereof, without any further act or formality on its part, to SKYE (free and clear of all Liens) and SKYE shall thereupon be obliged to pay the amount therefor determined and payable; such EHT Dissenting Shareholder will cease to be the holder thereof or to have any rights as a holder in respect of such EHT Share other than the right to be paid the fair value of such EHT Share determined and payable in accordance with their Dissent Rights under the laws of British Columbia, as modified by the Plan of Arrangement and the Interim Order; and
 - (b) at the same time as the preceding step occurs, the name of each EHT Dissenting Shareholder shall be removed from the register of the EHT Shares and such EHT Shares shall be automatically cancelled at the Effective Date;
2. immediately after the preceding steps:
 - (a) each EHT Share outstanding immediately prior to the Effective Time (other than Dissent Shares held by EHT Dissenting Shareholders who are ultimately determined to be entitled to be paid the fair value of their Dissent Shares as determined in accordance with their Dissent Rights under the laws of British Columbia, as modified by the Plan of Arrangement and the Interim Order) shall be and shall be deemed to be transferred by the holder thereof to SKYE (free and clear of all Liens) in exchange for the issuance of the Consideration Shares;
 - (b) at the same time as that preceding step occurs, the holder of each EHT Share transferred to SKYE pursuant to the preceding step shall cease to be the holder thereof, or to have any rights as a holder thereof other than the right to receive the Consideration issuable in respect of each EHT Share held pursuant to the preceding step and shall be removed from the register of the EHT Shares and legal and beneficial title to each such EHT Share shall be transferred to SKYE and SKYE will be and be deemed to be the transferee and legal and beneficial owner of such EHT Share (free and clear of any Liens) and will be entered in the central securities register of EHT as the sole holder thereof; and
 - (c) SKYE will be the holder of all of the outstanding EHT Shares;
3. at the same time as the steps in item 2 occur:
 - (a) each EHT Option, to the extent it has not been exercised as of the Effective Date, will cease to represent an option or other right to acquire EHT Shares, will be exchanged by the holder thereof, without any further act or formality and free and clear of all Liens, for a Replacement Option to purchase a number of SKYE Shares equal to the product of the Exchange Ratio, rounded down to nearest whole decimal place, multiplied by the number of EHT Shares issuable on exercise of such EHT Option immediately prior to the Effective Time (rounded down to the next whole number of SKYE Shares) for an exercise price per SKYE Share equal to the exercise price per share of such EHT Option immediately prior to the Effective Time divided by the Exchange Ratio and rounded up to the nearest whole cent (provided that, if the foregoing calculation results in a Replacement Option being exercisable for a fraction of a SKYE Share, then the number of SKYE Shares

subject to such Replacement Option shall be rounded down to the next whole number of SKYE Shares), and the EHT Options shall thereupon be cancelled. The term to expiry, conditions to and manner of exercise and other terms and conditions of each of the Replacement Options shall be the same as the terms and conditions of the EHT Option for which it is exchanged and shall be governed by the terms of the SKYE Amended Omnibus Incentive Plan. Any document previously evidencing an EHT Option shall thereafter evidence and be deemed to evidence such Replacement Option and no certificates evidencing the Replacement Options be issued. It is intended that subsection 7(1.4) of the Tax Act apply to such exchange of options. Accordingly, and notwithstanding the foregoing, if required, the exercise price of a Replacement Option will be increased such that the in-the-money amount of the Replacement Option immediately after the exchange does not exceed the In-The-Money Amount of the EHT Option immediately before the exchange;

- (b) each EHT Warrant, to the extent it has not been exercised as at the Effective Date, will be exchanged by the holder thereof, without any further act or formality and free and clear of all Liens, for a Replacement Warrant to purchase a number of SKYE Shares equal to the product of the Exchange Ratio multiplied by the number of EHT Shares issuable on exercise of such EHT Warrant immediately prior to the Effective Time for an exercise price per SKYE Share equal to the exercise price per share of such EHT Warrant immediately prior to the Effective Time divided by the Exchange Ratio, rounded up to the nearest whole cent (provided that, if the foregoing calculation results in a Replacement Warrant being exercisable for a fraction of a SKYE Share, then the number of SKYE Shares subject to such Replacement Warrant shall be rounded down to the next whole number of SKYE Shares) and the EHT Warrants shall thereupon be cancelled. The term to expiry, conditions to and manner of exercise and other terms and conditions of each of the Replacement Warrants shall be the same as the terms and conditions of the EHT Warrant for which it is exchanged. Any document previously evidencing an EHT Warrant shall thereafter evidence and be deemed to evidence such Replacement Warrant and no certificates evidencing the Replacement Warrants shall be issued;
 - (c) the EHT Omnibus Incentive Plan shall be terminated and, for greater certainty, all rights thereunder to receive any securities of EHT formerly held by EHT Securityholders shall be extinguished; and
4. no person shall have any rights, liabilities or other obligations in respect of the share capital of EHT other than SKYE and each holder of EHT Shares, EHT Options or EHT Warrants outstanding immediately prior to the Effective Time, with respect to each step set out above applicable to such holder, shall be deemed, at the time such step occurs, to have executed and delivered all consents, releases, assignments and waivers, statutory or otherwise, required to transfer all EHT Shares, EHT Options or EHT Warrants held by such holder in accordance with such step.

Payment of Arrangement Consideration

Following receipt of the Final Order and on or prior to the Effective Date, SKYE shall deliver or cause to be delivered to the Depositary in escrow pending the Effective Time, sufficient SKYE Shares (and any treasury directions addressed to SKYE's transfer agent as may be necessary) to satisfy the aggregate Consideration to be paid to the EHT Shareholders (other than EHT Dissenting Shareholders) under the Arrangement.

Paramountcy

From and after the Effective Time: (i) the Plan of Arrangement shall take precedence and priority over any and all rights related to the securities of EHT issued prior to the Effective Time; (ii) the rights and obligations of the holders of the securities of EHT and any trustee and transfer agent therefor, shall be solely as provided for in the Plan of Arrangement; and (iii) all actions, causes of action, claims or proceedings (actual or contingent and whether or not previously asserted) based on or in any way relating to any securities of EHT shall be deemed to have been settled, compromised, released and determined without liability except as set forth in the Plan of Arrangement.

Amendments to the Plan of Arrangement

EHT and SKYE reserve the right to amend, modify and/or supplement the Plan of Arrangement at any time and from time to time prior to the Effective Time, provided that any such amendment, modification or supplement must be: (i) set out in writing, (ii) approved by EHT and SKYE, (iii) filed with the Court, and, if made following the EHT Meeting, approved by the Court, and (iv) communicated to or approved by the EHT Shareholders if and as required by the Court. Any amendment, modification or supplement to the Plan of Arrangement may be proposed by EHT at any time prior to the EHT Meeting (provided SKYE shall have consented thereto, such consent not to be unreasonably withheld or delayed) with or without any other prior notice or communication and, if so proposed and accepted by the persons voting at the EHT Meeting (other than as may be required under the Interim Order), will become part of the Plan of Arrangement for all

purposes. Any amendment, modification or supplement to the Plan of Arrangement that is approved or directed by the Court following the EHT Meeting will be effective only if such amendment, modification or supplement (i) is consented to by each of EHT and SKYE and (ii) if required by the Court or applicable Law, is consented to by the EHT Shareholders voting in the manner directed by the Court. Any amendment, modification or supplement to the Plan of Arrangement may be made following the Effective Date but shall only be effective if it is consented to by each of EHT and SKYE provided that such amendment, modification or supplement concerns a matter which, in the reasonable opinion of EHT and SKYE, is of an administrative nature required to better give effect to the implementation of the Plan of Arrangement and is not adverse to the financial or economic interests of EHT and SKYE or any former EHT Securityholder.

Procedure for the Plan of Arrangement to Become Effective

The Arrangement will be implemented by way of a Court approved Plan of Arrangement under Section 288 of the BCBCA pursuant to the terms of the Arrangement Agreement. The following procedural steps must be taken in order for the Arrangement to become effective:

- the Arrangement must be approved by the EHT Shareholders in the manner set forth in the Interim Order; and
- the Court must grant the Final Order approving the Arrangement.

In addition, the Arrangement will only become effective if all other conditions precedent to the Arrangement set out in the Arrangement Agreement, including the Required Regulatory Approvals and the SKYE Disinterested Shareholder Approval, have been satisfied or waived by the appropriate party. For a description of the other conditions precedent see ["The Arrangement Agreement and Related Agreements - Conditions to Completion of the Arrangement"](#).

Appraisal and Dissenters' Rights

Holders of SKYE Shares will not have any appraisal or dissenters rights in connection with the Arrangement.

Registered holders of EHT Shares may exercise Dissent Rights with respect to the EHT Arrangement Resolutions pursuant to and in the manner set forth under Division 2 of Part 8 of the BCBCA, as modified by the Plan of Arrangement and the Interim Order, provided that, notwithstanding Section 242(1)(a) of the BCBCA, the notice of dissent in respect of the EHT Arrangement Resolution must be sent to EHT by holders who wish to exercise dissent and must be received by EHT not later than 5:00 p.m. (Vancouver time) on the second Business Day before the EHT Meeting (or if the EHT Meeting is postponed or adjourned, at least 48 hours (excluding non-business days) prior to the date of the postponed or adjourned EHT Meeting).

The procedures for dissenting to the EHT Arrangement Resolution require strict compliance with the applicable dissent procedures. A registered holder of EHT Shares is entitled to be paid the fair value of the EHT Shares held by such holder if (i) such holder exercises Dissent Rights in accordance with Division 2 of Part 8 of the BCBCA, as modified by the Plan of Arrangement and the Interim Order and (ii) the Arrangement becomes effective. If, as of the Effective Date, the aggregate number of EHT Shares in respect of which Shareholders have duly and validly exercised Dissent Rights, or have instituted proceedings to exercise Dissent Rights, exceeds 5% of the EHT Shares then outstanding, EHT or SKYE is entitled, in its discretion, not to complete the Arrangement.

The following description of the dissent procedures is not a comprehensive statement of the procedures to be followed by a Dissenting Shareholder who seeks payment of the fair value of its EHT Shares and is qualified in its entirety by reference to the full text of the Plan of Arrangement, the Interim Order and Division 2 of Part 8 of the BCBCA.

The Court hearing the application for the Final Order has the discretion to alter the Dissent Rights described herein.

EHT Shareholders who duly exercise Dissent Rights and who:

- ultimately are entitled to be paid fair value for their EHT Shares (as determined in accordance with the BCBCA), which fair value, notwithstanding anything to the contrary contained in Division 2 of Part 8 of the BCBCA, shall be determined as of the close of business on the day before the EHT Arrangement Resolution was adopted at the Meeting, shall be paid an amount equal to such fair value by SKYE, and will be deemed to have transferred those EHT Shares as of the Effective Time to SKYE, without any further act or formality, and free and clear of all liens, claims and encumbrances, and shall not be entitled to any other payment or consideration, including any payment that would be payable under the Arrangement had such holder not exercised their Dissent Rights in respect of such EHT Shares; or
- ultimately not entitled, for any reason, to be paid fair value for their EHT Shares, shall be deemed to have participated in the Arrangement, as of the Effective Time, on the same basis as a holder of EHT Shares who has not exercised Dissent Rights.

Opinion of SKYE's Financial Advisor

On May 11, 2022, at a meeting of the SKYE Special Committee, Scalar rendered its oral opinion to the SKYE Special Committee, subsequently confirmed in writing, as to the fairness, from a financial point of view, as of such date, to the holders of SKYE Common Stock of the Exchange Ratio pursuant to the Arrangement Agreement (without giving effect to any impact of the transactions contemplated by the Arrangement Agreement on any particular SKYE Shareholder (as defined in the Arrangement Agreement) other than in its capacity as a holder of SKYE Common Stock), based upon and subject to the procedures followed, assumptions made, qualifications and limitations on the review undertaken, and other matters considered by Scalar in preparing its opinion.

The full text of Scalar's written opinion, dated May 11, 2022, which sets forth the procedures followed, assumptions made, matters considered, qualifications and limitations on the review undertaken, and other matters considered by Scalar in connection with the opinion, is attached to this proxy statement as [Appendix E](#). The summary of Scalar's opinion in this proxy statement is qualified in its entirety by reference to the full text of Scalar's written opinion. Scalar's advisory services and opinion were provided for the information and assistance of the SKYE Board and the opinion does not constitute a recommendation as to how any SKYE Shareholder should vote with respect to the Arrangement or any other matter.

In arriving at its opinion, Scalar, among other things:

- reviewed a draft, dated May 10, 2022, of the Arrangement Agreement, and other related legal documents concerning the Arrangement Agreement;
- reviewed certain publicly available financial statements and other business and financial information of SKYE;
- reviewed the unaudited financial statements for the year ending December 31, 2021 concerning EHT;
- reviewed the audited financial statements for the years ending December 31, 2020 and December 31, 2019 concerning EHT;
- discussed the rationale, timeline, and process leading up to the execution of the Arrangement Agreement as well as the operations, financial condition, future prospects and projected operations, and performance of SKYE and EHT with senior executives of SKYE;
- reviewed the Broker Opinion of Value dated May 11, 2022 (referred to as the **"BOV"**) related to certain EHT real estate located in St-Eustache, Quebec (referred to as **"VDL"**);
- reviewed EHT's projected financial statements (referred to as the **"Wind-down Forecast"**) prepared and provided by SKYE management (referred to as **"Management"**) related to the estimated future cash flows of EHT (including Management's views of the risks and uncertainties in achieving such projections);
- analyzed relevant, publicly available information related to the pharmaceutical and biotechnology industry in general as well as the websites of SKYE and EHT; and
- performed other analyses, reviewed other information, and considered other factors Scalar deemed appropriate for providing its opinion.

In performing its analysis and rendering its opinion with respect to the Exchange Ratio, Scalar relied upon and assumed, without assuming liability or responsibility for independent verification, the accuracy and completeness of information that was publicly available or was furnished, or otherwise made available to Scalar or discussed with or reviewed by Scalar. Scalar further relied upon the assurances of the management of SKYE that the financial information provided had been prepared on a reasonable basis in accordance with industry practice, and that they were not aware of any information or facts that would make any information provided to Scalar inaccurate, incomplete or misleading.

Without limiting the generality of the foregoing, for the purpose of its opinion, Scalar assumed with respect to financial forecasts, estimates and other forward-looking information reviewed by Scalar, that such information had been reasonably prepared based on assumptions reflecting the best then-currently available estimates and judgments of Management as to the expected future results of operations and financial condition of EHT. Scalar assumed no responsibility for and expressed no opinion as to any such financial forecasts, estimates or forward-looking information or the assumptions on which they were based. Scalar relied upon, with SKYE's consent, the assumptions of Management and third party data sources, as to all accounting, legal, tax and financial reporting matters with respect to EHT and the Arrangement Agreement, and that SKYE had been advised by counsel as to all legal matters with respect to the Arrangement Agreement, including whether all procedures required by law in connection with the Arrangement Agreement have been duly, validly and timely taken.

In arriving at its opinion, Scalar assumed that the Arrangement Agreement will not be modified or amended in any material aspects. Scalar relied upon and assumed, without independent verification, that (i) the representations and warranties of all parties to the Arrangement Agreement are correct and (ii) there has been no material change in the assets, financial condition, business or prospects of SKYE and EHT since the date of the most recent financial statements and other

information made available to Scalar. Additionally, Scalar assumed that all necessary governmental and regulatory approvals and consents required for the Arrangement will be obtained in a manner that will not adversely affect SKYE or the contemplated benefits to the parties of the Arrangement Agreement. Scalar also assumed that the Arrangement will have the tax consequences described in discussions with, and materials furnished to Scalar by, representatives of SKYE. Scalar's opinion did not address any legal, regulatory, taxation, or accounting matters, as to which Scalar understood that SKYE obtained such advice as SKYE deemed necessary from qualified professionals, and Scalar assumed the accuracy and veracity of all assessments made by such advisors to SKYE with respect to such matters.

In arriving at its opinion, Scalar did not perform any appraisals or valuations of any specific assets or liabilities (fixed, contingent or other) of SKYE or EHT, nor did Scalar evaluate the solvency of SKYE or EHT under any state or federal law relating to bankruptcy, insolvency or similar matters. Without limiting the generality of the foregoing, Scalar undertook no independent analysis of any pending or threatened litigation, regulatory action, possible unasserted claims or other contingent liabilities, to which SKYE or EHT was a party or may be subject, and at the direction of SKYE and with its consent, Scalar's opinion made no assumption concerning, and therefore did not consider, the possible assertion of claims, outcomes or damages arising out of any such matters.

Scalar's opinion does not constitute legal, regulatory, accounting, insurance, tax or other similar professional advice and does not address (i) the underlying decision of the SKYE Board to proceed with or effect the Arrangement, (ii) the terms of the Arrangement (other than the Exchange Ratio to the extent expressly addressed therein) or any arrangements, understandings, agreements or documents related to the Arrangement, (iii) the fairness of the Arrangement (other than with respect to the Exchange Ratio to the extent expressly addressed therein) or any other transaction to SKYE or SKYE's equity holders or creditors or any other person or entity, (iv) the relative merits of the Arrangement as compared to any alternative strategy or transaction that might exist for SKYE, or the effect of any other transaction which it may consider in the future, (v) the tax, accounting or legal consequences of the Arrangement, or (vi) the solvency, creditworthiness, fair market value or fair value of any of SKYE, EHT or their respective assets under any applicable laws relating to bankruptcy, insolvency, fraudulent conveyance or similar matters.

Scalar's opinion was necessarily based upon the information available to it and facts and circumstances as they existed and were subject to evaluation on the date of Scalar's written opinion; events occurring after such date could materially affect the assumptions used in preparing Scalar's opinion. Scalar did not undertake to update, reaffirm or revise its opinion or otherwise comment upon any events occurring after the date of its written opinion (including the amendments to the Arrangement that were entered into after such date), material information provided to Scalar after such date, or any change in facts or circumstances that occur after such date, and Scalar does not have any obligation to update, revise or reaffirm its opinion.

Scalar's opinion was provided to the SKYE Board in connection with its evaluation of the Arrangement and is not intended to be, and does not constitute, a recommendation to any SKYE Shareholder as to how such SKYE Shareholder should act or vote with respect to the Arrangement or any other matter.

Scalar's opinion addresses solely the fairness to the SKYE Shareholders of the Exchange Ratio, from a financial point of view, and does not address any other terms or agreements relating to the Arrangement Agreement. Scalar was not requested to opine as to, and its opinion did not address, the basic business decision to proceed with or effect the Arrangement, the market prices of the equity, the merits of the Arrangement relative to any alternative transaction or business strategy that may be available to SKYE, or the fairness of the Arrangement to any other class of securities, creditor or other constituency of SKYE.

Furthermore, Scalar expressed no opinion with respect to the amount or nature of compensation to any officer, director or employee of any party to the Arrangement Agreement, or any class of such persons, relative to the consideration to be paid in the Arrangement or with respect to the fairness of any such compensation. Scalar's opinion should not be constructed as creating any fiduciary duty of Scalar to any other party. To the extent any of the foregoing assumptions or any of the facts on which Scalar's opinion was based prove to be untrue in any material respect, Scalar's opinion cannot and should not be relied upon.

Summary of Scalar's Financial Analysis

The following is a summary of the material financial analyses delivered by Scalar to the SKYE Special Committee in connection with rendering the opinion described above. The summary set forth below does not purport to be a complete description of the financial analyses performed or factors considered by, and underlying the opinion of, Scalar. Scalar may have deemed various assumptions more or less probable than other assumptions, so the reference ranges resulting from any particular portion of the analyses summarized below should not be taken to be Scalar's view of the actual value of EHT. Some of the summaries of the financial analyses set forth below include information presented in tabular format. In order

to fully understand the financial analyses, the tables must be read together with the text of each summary, as the tables alone do not constitute a complete description of the financial analyses performed by Scalar. Considering the data in the tables below without considering all financial analyses or factors or the full narrative description of such analyses or factors, including the methodologies and assumptions underlying such analyses or factors, could create a misleading or incomplete view of the processes underlying Scalar's financial analyses and its opinion.

In performing its analyses, Scalar made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of SKYE or any other parties to the Arrangement Agreement. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of SKYE, EHT, Scalar or any other person assumes responsibility if future results are materially different from those forecasted. In addition, these analyses do not purport to be appraisals or reflect the prices at which businesses or securities may actually be sold. Accordingly, the assumptions and estimates used in, and the results derived from, the financial analyses are inherently subject to substantial uncertainty.

Liquidation Analysis. Scalar considered the Wind-down Forecast prepared and provided by Management for use by Scalar in connection with the rendering of its opinion. The Wind-Down Forecast reflected the estimated cash liquidation value of EHT's property, plant, and equipment (other than the value of the VDL property, which is described below) and other assets, as well as restructuring costs and other EHT costs that would be assumed by SKYE in the Arrangement, in each case, in an orderly sale by SKYE as a going concern. With respect to the VDL property, Scalar considered the range of values in the BOV, which ranged from C\$11.9 million to C\$18.75 million.

Based on the foregoing, Scalar calculated the following range of equity values for EHT:

in Actual USD

	Equity Value Range		
	Low	Middle	High
Liquidation Value, Pre-Arrangement	\$18,220,000	\$20,601,000	\$23,481,000
EHT Costs Assumed by SKYE	(\$562,000)	(\$562,000)	(\$562,000)
Liquidation Value to SKYE	\$17,658,000	\$20,039,000	\$22,919,000

In connection with its liquidation analysis with respect to EHT, Scalar noted that the implied transaction consideration of \$19,599,457 (based on the Exchange Ratio and the closing stock prices for SKYE's and EHT's common stock as of the close of trading on May 10, 2022) was in line with the foregoing reference range for the equity value of EHT to SKYE, which in Scalar's view supported its assessment of the financial fairness of the Exchange Ratio.

Solely for informational reference purposes, Scalar also reviewed the historical stock price range for SKYE's and EHT's common stock, and EHT's market capitalization of \$6,558,180 as of the close of trading on May 10, 2022.

General

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Scalar's opinion. In arriving at its fairness determination, Scalar considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Scalar made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses.

Scalar's financial analyses and opinion were only one of many factors taken into consideration by the SKYE Board and the SKYE Special Committee in its evaluation of the Transaction. Consequently, the analyses described above should not be viewed as determinative of the views of the SKYE Board, SKYE Special Committee or Management with respect to the Exchange Ratio or as to whether the SKYE Board or SKYE Special Committee would have been willing to determine that a different Exchange Ratio was fair. The consideration for the transaction was determined through arm's-length negotiations between the SKYE and EHT and was approved by the SKYE Special Committee and the SKYE Board. Scalar provided advice to SKYE during these negotiations. Scalar did not, however, recommend any specific amount of consideration to SKYE, the SKYE Special Committee or the SKYE Board or that any specific amount of consideration constituted the only appropriate consideration for the Arrangement. The foregoing summary does not purport to be a complete description of the analyses performed by Scalar in connection with its opinion and is qualified in its entirety by reference to the written opinion of Scalar attached hereto as [Appendix E](#).

Scalar was engaged by SKYE to act as its financial advisor and Scalar received a fee from SKYE for providing its services. Scalar also received a fee for rendering its opinion. No portion of these fees was refundable or contingent upon the consummation of a transaction or the conclusion reached in Scalar's opinion. SKYE has also agreed to indemnify Scalar against certain liabilities and reimburse Scalar for certain expenses in connection with Scalar's services. Scalar may, in the future, provide financial advisory and valuation services to SKYE and may receive fees for the rendering of such services.

In the ordinary course of business, certain of Scalar's employees and affiliates, or entities in which they have invested, may hold or trade, for their own accounts and the accounts of their investors, securities of SKYE and EHT and, accordingly, may at any time hold a long or short position in such securities.

The issuance of Scalar's opinion was approved by an authorized committee of Scalar.

The SKYE Board selected Scalar as its financial advisor in connection with the Transaction based on Scalar's reputation and industry experience. Scalar is a leading independent valuation firm that has substantial experience in transactions similar to the Arrangement.

Interests of SKYE's Directors and Management in the Arrangement

In considering the recommendation of the SKYE Board with respect to the Arrangement, SKYE Stockholders should be aware that certain members of SKYE management and the SKYE Board may have interests in the Arrangement that may be in addition to or different from the interests of SKYE stockholders generally, which may create actual or potential conflicts of interest in connection the Arrangement. The SKYE Special Committee and the SKYE Board were aware of these interests and considered them along with the other matters described above in "[Description of the Arrangement - Reasons for the Arrangement](#)". These interests include the following:

Ownership of EHT Options and EHT Shares

As of August 10, 2022, the current directors and executive officers of SKYE hold the following EHT Shares and EHT Options and which will be affected by the Arrangement as described under "[The Arrangement Agreement and Related Agreements](#)".

Name and Province or State and Country of Residence	Securities of EHT Beneficially Owned, Directly or Indirectly over which Control or Direction is Exercised		
	Positions(s)/Title at SKYE	EHT Shares	EHT Options
Punit Dhillon	Chief Executive Officer and Chairman of the Board	1,858,361	800,000
Jim Heppell	Former Director	1,740,799	850,000

Consulting Agreement with Jim Heppell

On May 18, 2022, Jim Heppell resigned as a member of SKYE's board of directors, audit committee, compensation committee, and nominating and corporate governance committee. Mr. Heppell's resignation as a director was to focus on other commitments and is not the result of any disagreement with Skye on any matter relating to Skye's operations, policies or practices.

On May 18, 2022, the Company also entered into a consulting agreement (the "**Consulting Agreement**") with Mr. Heppell, pursuant to which Mr. Heppell will oversee SKYE's operations in Canada. Mr. Heppell is entitled to the following compensation under the Consulting Agreement: (i) a fee of \$6,300 per month, which fee will be increased to \$16,600 per month upon the closing of the transaction contemplated by the Arrangement Agreement, (ii) the grant of a stock option to purchase four million shares of SKYE's common stock, which options shall be exercisable only if the transactions contemplated by the Arrangement Agreement is consummated and shall vest fifty percent (50%) up front and fifty percent (50%) upon the satisfaction of certain performance milestones. Additionally, the Consulting Agreement provides Mr. Heppell with a termination payment in an amount equal to the monthly fees through the then remaining term of the Agreement if Mr. Heppell's engagement is terminated by SKYE without Cause (as such term is defined in the Consulting Agreement) and provides for a release of claims against SKYE.

Affiliate Relationships

Mr. Heppell is the Chairman and CEO of Emerald Health Sciences. As of August 10, 2022, EHS owns 22.5% of the outstanding common stock of SKYE.

Each of Mr. Heppell and Mr. Dhillon are current members of the board of directors of EHT. Due to conflicts of interest, neither Mr. Heppell or Mr. Dhillon served on the SKYE Special Committee or EHT Special Committee that reviewed and negotiated the Arrangement on the behalf of SKYE and EHT.

Transaction Bonuses and Salary Increases.

In connection with the Transaction, on May 25, 2022, the SKYE Board approved incentive recommendations and updates to compensation for certain of SKYE's directors and officers. Specifically, (i) Mr. Dhillon is to receive (a) a \$148,000 cash bonus, of which 50% was paid on June 3, 2022 and 50% will be paid upon completion of the Transaction, and (b) an increase to his yearly base salary to \$450,000 and an increase in his bonus target from 50% to 60% effective as of June 1, 2022, (ii) Kaitlyn Arsenault is to receive (a) an increase to her yearly salary to \$340,000 and an increase in her bonus target from 35% to 40% effective as of June 1, 2022 and (b) a \$111,000 cash bonus, of which 50% was paid on June 3, 2022 and 50% will be paid upon completion of the Transaction. (iii) Praveen Tyle received a \$30,000 cash bonus on June 3, 2022, (iv) Margaret Dalesandro received a \$15,000 cash bonus on June 3, 2022, (v) Keith Ward received a \$15,000 cash bonus on June 3, 2022.

EHT and Skye Consulting Agreement

At the request of EHT, on July 11, 2022, SKYE and EHT entered into a consulting agreement (the "**EHT-SKYE Consulting Agreement**") pursuant to which representatives of SKYE will provide administrative assistance to EHT to assist EHT in satisfying its financial reporting, operational and regulatory obligations. EHT will pay SKYE US\$150 for each hour of services provided by SKYE. The term of the EHT-SKYE Consulting Agreement ends on the date of the closing or termination of the Arrangement, and both EHT and SKYE can terminate such agreement upon thirty (30) days notice.

Court Approval

Interim Order

On July 14, 2022, the Court granted the Interim Order facilitating the calling of the EHT Meeting and prescribing the conduct of the EHT Meeting, and other matters.

Final Order

An arrangement under the BCBCA requires Court approval. Subject to the terms of the Arrangement Agreement, and upon obtaining EHT Shareholder Approval in the manner required by the Interim Order, EHT will apply to the Court for the Final Order. The application for the Final Order approving the Arrangement is scheduled for August 25, 2022 at 9:45am (Vancouver Time), or as soon after that date as is practicable. At the Final Order hearing, any EHT Shareholder or holder of EHT Options or EHT Warrants or other interested party who wishes to participate or to be represented or to present evidence or argument may do so, subject to filing with the Court and serving upon EHT and SKYE a Notice of Appearance in accordance with the terms of the Interim Order. In the event that the hearing is postponed, adjourned or rescheduled then, subject to further order of the Court, only those persons having previously served a Notice of Appearance in compliance with the Interim Order will be given notice of the postponement, adjournment or rescheduled date.

The Court will be advised, prior to the hearing, that the Court's approval of the Arrangement (and determination of the fairness thereof), will constitute the basis for reliance on the exemption from the registration requirements of the U.S. Securities Act pursuant to Section 3(a)(10) thereof, with respect to the issuance and distribution of the SKYE Shares to be issued by SKYE to EHT Shareholders pursuant to the Arrangement and with respect to the issuance and distribution of the Replacement Options and Replacement Warrants to be issued to holders of EHT Options and EHT Warrants respectively.

The Court has broad discretion under the BCBCA when making orders with respect to the Arrangement and the Court, in hearing the application for the Final Order, will consider, among other things, the fairness and reasonableness of the Arrangement to the parties affected, including EHT Shareholders and holders of EHT Options, EHT Warrants, and any other interested party as the Court determines appropriate, both from a substantive and a procedural point of view. The Court may approve the Arrangement as proposed or as amended, in any manner the Court may direct, subject to compliance with such terms and conditions, if any, as the Court thinks fit. Depending on the nature of any required amendments, EHT and SKYE may determine not to proceed with the Arrangement.

Assuming the Final Order is granted and the other conditions to closing contained in the Arrangement Agreement are satisfied or waived to the extent legally permissible, then Articles of Arrangement will be filed to give effect to the Arrangement.

Regulatory Matters

Health Canada Notification

On April 29, 2022, EHT submitted the required formal notification to Health Canada. Since then, EHT has responded to further information requests from Health Canada.

Stock Exchange Approval

It is a condition to the closing that SKYE obtain (i) the conditional approval by the CSE of the listing of the SKYE Common Stock and (ii) the conditional approval of CSE to list the Consideration Shares and any SKYE Shares issuable upon the exercise of any Replacement Warrants and Replacement Options (the “**Stock Exchange Approval**”).

If the Arrangement is completed, SKYE intends to have the EHT Shares delisted from the CSE and the OTCQB. In addition, SKYE currently expects to list the SKYE Shares on the CSE at, or as soon as practicable following, the Effective Time, which will trade in Canadian dollars.

FINRA Notification

It is a condition to the closing that SKYE obtain any required approvals from, or making any required notices to, the Financial Industry Regulatory Authority, Inc (“**FINRA**”). SKYE intends to submit to FINRA the information required by FINRA Rule 6490 prior to the closing of the transactions contemplated by the Arrangement Agreement.

Canadian Securities Law Matters

Canadian Reporting Obligations of EHT

EHT is a reporting issuer (or the equivalent) in each of the provinces of Canada and SKYE will apply to have EHT cease to be a reporting issuer in such provinces following completion of the Arrangement. EHT Shares are currently listed on the CSE under the symbol "EMH" and quoted for trading on the OTCQB Venture Market, operated by OTC Markets Group under the ticker symbol "EMHTF". If the Arrangement is completed, SKYE intends to have the EHT Shares delisted from the CSE.

Canadian Reporting Obligations of SKYE

SKYE is not currently a reporting issuer in any province or territory of Canada and, if the Arrangement is completed, SKYE will, as a result of the Arrangement, have reporting issuer status (or the equivalent) in all provinces of Canada upon the completion of the Arrangement.

Pursuant to NI 71-102, provided that not more than 50% of SKYE's outstanding voting securities carrying votes for the election of directors are owned directly or indirectly by residents of Canada, SKYE will be exempt from Canadian statutory financial and certain other continuous and timely reporting requirements, including the requirement for insiders of SKYE to file reports with respect to trades of SKYE securities, provided further that SKYE complies with the requirements of U.S. Securities Laws and U.S. market requirements in respect of all financial and other continuous and timely reporting matters and SKYE files with the relevant Canadian Securities Administrators copies of its documents filed with the SEC under the U.S. Exchange Act.

Qualification - Resale of SKYE Shares

The SKYE Shares received pursuant to the Arrangement will not be legended and may be resold through registered dealers in each of the provinces of Canada provided that (i) the trade is not a “control distribution” as defined National Instrument 45-102 – *Resale of Securities* of the Canadian Securities Administrators, (ii) no unusual effort is made to prepare the market or to create a demand for the SKYE Shares, as the case may be, (iii) no extraordinary commission or consideration is paid to a person or company in respect of such sale, and (iv) if the selling security holder is an insider or officer of SKYE, the selling security holder has no reasonable grounds to believe that SKYE is in default of applicable Canadian Securities Laws. Recipients of SKYE Shares are urged to obtain legal advice to ensure that their resale of such securities complies with applicable Canadian Securities Laws.

U.S. Securities Law Matters

Exemption Relied Upon from the Registration Requirements of the U.S. Securities Act

The SKYE Shares to be issued pursuant to the Arrangement have not been and will not be registered under the U.S. Securities Act and will be issued in reliance on the exemption afforded by Section 3(a)(10) of the U.S. Securities Act.

Section 3(a)(10) of the U.S. Securities Act exempts from registration the offer and sale of a security which is issued in specified exchange transactions where, among other things, the fairness of the terms and conditions of such exchange are approved by a court of authorized government entity after a hearing on the fairness of such terms and conditions, at which all persons to whom it is proposed to issue securities in such exchange have the right to appear, by a court or governmental authority expressly authorized by Law to grant such approval and to hold such a hearing. Accordingly, the Final Order, if granted by the Court, constitutes a basis for the exemption from the registration requirements of the U.S. Securities Act with respect to the SKYE Shares issued in connection with the Arrangement.

Pro Forma Ownership of the Resulting Issuer

Upon completion of the Transaction, it is estimated that the Exchange Ratio will result in EHT Shareholders and SKYE Stockholders owning approximately 46% and 54%, respectively, of the outstanding shares of the Resulting Issuer.

Anticipated Accounting Treatment

It is anticipated that the Arrangement will be accounted for by SKYE as an asset acquisition of EHT rather than as a business combination under ASC 805, Business Combinations.

In making this determination, SKYE reviewed the guidance per ASC 805, Business Combinations under U.S. generally accepted accounting principles (“GAAP”) to determine if the set of activities acquired in the transaction constitute a business. Per SKYE’s evaluation, it determined that the assets acquired in the transaction are the inputs but that there are no revenue producing activities (outputs) and because no organized workforce will be acquired, that the set will not meet the definition of a business under GAAP and will therefore be accounted for as an asset acquisition.

If the transaction is determined to be an asset acquisition, SKYE will measure EHT’s assets acquired at their relative fair values, including net tangible and identifiable intangible assets acquired and liabilities assumed, as of the closing of the Arrangement. Definite lived intangible assets will be amortized over their estimated useful lives. Intangible assets with indefinite useful lives will not be amortized but will be tested for impairment at least annually. Intangible assets are also tested for impairment when certain indicators are present. The final purchase price and fair value assessment of assets and liabilities for accounting purposes will be based in part on a detailed valuation that has not yet been completed.

Support Agreements

EHT and certain holders of Skye Common Stock (the “**SKYE Support Agreement Shareholders**”) have entered into support agreements (the “**SKYE Support Agreements**”) pursuant to which the SKYE Support Agreement Shareholders agreed, among other things, to vote their shares of SKYE Common Stock in favor of the adoption of the Arrangement Agreement and against any alternative proposal. The SKYE Support Agreements terminate upon the occurrence of certain events, including the termination of the Arrangement Agreement in accordance with its terms.

The SKYE Support Agreement Shareholders beneficially own, directly or indirectly, or exercise control or direction over, in the aggregate, SKYE Shares representing approximately 22.76% of the outstanding SKYE Shares as of the date of this proxy statement and have agreed, subject to the terms of the SKYE Support Agreement, to, *inter alia*, vote their SKYE Shares in favor of the Arrangement and any other matters necessary for the consummation of the Arrangement.

Skye and certain holders of EHT Shares (the “**EHT Support Agreement Shareholders**”) have entered into support agreements (the “**EHT Support Agreements**”), pursuant to which the EHT Support Agreement Shareholders agreed, among other things, to vote their EHT Shares in favor of the approval of the Arrangement and against any alternative proposal. The EHT Support Agreements terminate upon the occurrence of certain events, including the termination of the Arrangement Agreement in accordance with its terms.

The EHT Support Agreement Shareholders beneficially own, directly or indirectly, or exercise control or direction over, in the aggregate, EHT Shares representing approximately 1.7% of the outstanding EHT Shares as of the date of this proxy statement and have agreed, subject to the terms of the EHT Support Agreement, to, *inter alia*, vote their EHT Shares in favor of the Arrangement and any other matters necessary for the consummation of the Arrangement.

The foregoing is a summary of the principal terms of the SKYE Support Agreements and EHT Support Agreements. This summary does not purport to be complete and is qualified in its entirety by the complete text of the SKYE Support Agreements and EHT Support Agreement, copies of which are available on EDGAR at www.sec.gov.

UNAUDITED PRO FORMA CONDENSED COMBINED BALANCE SHEET

The following unaudited pro forma condensed combined balance sheet and related notes give effect to the Arrangement involving SKYE and EHT.

The unaudited pro forma condensed combined balance sheet as of March 31, 2022 combines SKYE's and EHT's historical unaudited balance sheets as of March 31, 2022. The unaudited pro forma condensed combined balance sheet as of March 31, 2022 is presented as if the acquisition of EHT by SKYE had occurred on March 31, 2022. The transaction accounting adjustments for the acquisition consist of those necessary to account for the acquisition. For accounting purposes, the Arrangement is accounted for as an asset acquisition in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 805, *Business Combinations*, as SKYE is acquiring inputs with non-substantive processes, no outputs and no assembled workforce.

This proxy statement contains only a pro forma balance sheet; it does not include pro forma income statements. We excluded the pro forma income statements because we believe they would not be useful or meaningful to shareholders for the following reasons:

- In November 2021, EHT announced that it would exit the cannabis cultivation and production industry and consider other strategic opportunities. Since the announcement, EHT commenced a realization process (See "[Information Concerning EHT - EHT Realization Process](#)") that entailed laying off almost its entire workforce, liquidating substantially all its remaining assets and winding down operations.
- After June 30, 2022, EHT expects to have no substantial revenue-generating activities from the cultivation and production of cannabis and only three employees: EHT's sole executive officer who is overseeing the wind-down, an investor relations employee who we expect to transition to SKYE and a facility manager at the cultivation and production facility, discussed below, who is required to be on site per relevant regulations. Upon the closing of the Arrangement, SKYE expects that EHT will have no revenue-generating activities from the cultivation and production of cannabis and the remaining assets will consist primarily of cash and cash equivalents and real estate.
- Post-closing, SKYE intends to use the funds obtained from the acquisition of EHT to fund SKYE's clinical studies.
- EHT currently owns a licensed cultivation and production facility which is currently held for sale.
- EHT also owns a vacant lab facility which SKYE is evaluating to determine whether it is suitable to perform its research and development and manufacturing activities. If SKYE determines that it is not suitable or otherwise determines that a sale of the property is in SKYE's best interest, SKYE will attempt to sell the property.
- SKYE views this transaction as an alternative financing given the cash and cash equivalents held by EHT and targeted the acquisition price to largely represent the liquidation value of EHT, which factored in the present value of EHT's future wind-down costs.

Wind down costs consist primarily of employee payroll and benefits, legal fees related to the liquidation of EHT's assets and closing of the transaction, other professional fees for accounting, tax and audit, tax payments, the advisory fee related to the sale of Verdellite, insurance, contract terminations fees and operational costs through the cease operations date at each site.

SKYE estimates that EHT will incur the following costs in the periods specified below to wind-down its operations:

Quarter ending:	(USD)*
June 30, 2022	\$ 2,098,627
September 30, 2022	2,244,191
December 31, 2022	776,878
March 31, 2023	709,287
Thereafter	42,789
Total future estimated costs:	\$ 5,871,772

**The timing and realization of the expected costs are based on management's estimates and are subject to change based on various factors. See [Risk Factors - Risks Related to the Resulting Issuer](#)".*

In addition, SKYE expects to incur increased operating costs post closing as a result of the acquisition which it does not consider to be "wind-down" costs of EHT. These costs are estimated to be between \$500,000 and \$600,000 annually. These costs relate to the expected hiring of two EHT employees, ongoing legal and professional fees related to the listing on the Canadian Stock Exchange, increased board fees, minimum operational costs to maintain the Avalite facility and other incidental costs.

SKYE excluded costs related to compensation expense that are expected to be triggered upon the closing of the Arrangement and direct costs expected to liquidate EHT's assets of \$827,540 and \$1,811,653, respectively, from the wind-down costs disclosed in the table above. Such costs are included in the pro forma condensed combined balance sheet as transaction accounting adjustments.

SKYE expects to incur aggregate transaction costs of \$1,678,156 in connection with the Arrangement, of which \$339,590 were expensed, \$1,292,194 have been considered part of the transaction consideration and \$46,372, representing estimated equity issuance costs, have been included as an offset to equity.

Given the shift in, and wind-down of, EHT's business as described above, SKYE believes EHT's historical income statements are not reflective of what SKYE's shareholders should expect from the Arrangement. Accordingly, SKYE has excluded, pro forma income statements that otherwise would have been required.

The historical balance sheets of SKYE and EHT have been adjusted in the accompanying unaudited pro forma condensed combined balance sheet to give effect to pro forma events that are transaction accounting adjustments that are necessary to account for the transaction. The pro forma adjustments are based upon available information and certain assumptions that SKYE management believes are reasonable. The assumptions underlying the pro forma adjustments in the accompanying notes are described in more detail in the notes below, which should be read in conjunction with this unaudited pro forma condensed combined balance sheet. These assumptions are based on preliminary estimates and information. Accordingly, the actual adjustments on the consolidated financial statements upon the completion of the transaction may materially differ from the pro forma adjustments.

The following unaudited pro forma condensed combined financial statements are prepared for illustrative purposes only and are not necessarily indicative of or intended to represent the results that would have been achieved had the transaction been consummated as of the date indicated or that may be achieved in the future. They also may not be useful in predicting the future financial condition and results of operations of the combined company. Our actual financial condition and results of operations may differ significantly from the pro forma amounts reflected herein due to a variety of factors.

NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED BALANCE SHEET

Note 1 - Basis of Presentation

The unaudited pro forma condensed combined balance sheet as of March 31, 2022 assumes that the acquisition was completed on March 31, 2022.

The unaudited pro forma condensed combined balance sheet is presented for informational purposes only and is not necessarily indicative of the combined financial position had the acquisition occurred as of the dates indicated, nor is it meant to be indicative of any anticipated combined financial position that the Resulting Issuer will experience after the completion of the acquisition.

THE ARRANGEMENT AGREEMENT AND RELATED AGREEMENTS

The following is a summary of the principal terms of the Arrangement Agreement. This summary does not purport to be complete and may not contain all of the information about the Arrangement Agreement that is important to SKYE Stockholders. The rights and obligations of the Parties are governed by the express terms and conditions of the Arrangement Agreement and not by this summary or any other information contained in this proxy statement. This summary is qualified in its entirety by, in the case of the Arrangement Agreement, the complete text of the Arrangement Agreement, a copy of which is attached to this proxy statement as [Appendix A](#) and is available on EDGAR at www.sec.gov, and in the case of the Plan of Arrangement, the complete text of the Plan of Arrangement, a copy of which is attached at [Appendix B](#) to this proxy statement.

On May 11, 2022, SKYE entered into an Arrangement Agreement with EHT, pursuant to which SKYE and EHT agreed that, subject to the terms and conditions set forth in the Arrangement Agreement, SKYE will acquire all of the outstanding EHT Shares pursuant to a Plan of Arrangement under the BCBCA. The Arrangement Agreement was amended on June 14, 2022 and July 15, 2022. Upon completion of the Arrangement, EHT Shareholders (other than EHT Dissenting Shareholders) will receive, for each EHT Share held, 1.95 SKYE Common Shares.

The terms of the Arrangement Agreement were the result of arm's length negotiation between EHT and SKYE and their respective advisors.

Representations and Warranties

Except for its status as the contractual document that establishes and governs the legal relations among EHT and SKYE with respect to the Arrangement, EHT and SKYE do not intend for the Arrangement Agreement to be a source of factual, business or operational information about EHT or SKYE. The Arrangement Agreement contains representations and warranties made by EHT to SKYE, and by SKYE to EHT, which are summarized below. These representations and warranties have been made by each Party solely for the benefit of the other Party and:

- were not intended as statements of fact, but rather as a way of allocating the risk to one of the Parties if those statements prove to be inaccurate;

- may apply standards of materiality (including, in the case of EHT, an EHT Material Adverse Effect and in the case of SKYE, a SKYE Material Adverse Effect) that may be different from that considered material to EHT Shareholders or SKYE Stockholders, or that may have been used for the purpose of allocating risk between the Parties rather than for the purpose of establishing facts.

Moreover, information concerning the subject matter of the representations and warranties in the Arrangement Agreement were made as of specific dates specified therein and may have changed since the date of the Arrangement Agreement. For the foregoing reasons, you should not rely on the representations and warranties contained in the Arrangement Agreement as statements of factual information at the time they were made or otherwise.

The representations and warranties provided by EHT in favor of SKYE relate to, among other things:

- (a) corporate organization and similar corporate matters, including the qualification to do business under applicable law, corporate standing and corporate power and authority of EHT to enter into the Arrangement Agreement and perform its obligations thereunder;
- (b) capital structure and equity securities;
- (c) authority and board approval to enter into the Arrangement Agreement, the execution and delivery of the Arrangement Agreement by EHT and the performance by it of its obligations thereunder, and the completion of the Arrangement not resulting in a violation, conflict or default under EHT's or its Subsidiaries' constating documents;
- (d) EHT's ownership of its Subsidiaries, and certain matters with respect to the EHT Subsidiaries;
- (e) "reporting issuer" status of EHT, the listing on the CSE of the EHT Shares and compliance with the requirements of the CSE and the OTCQX;

- (e) SKYE and EHT will not, and will not permit any of their respective Subsidiaries to, acquire or agree to acquire, by merging or consolidating with, or by purchasing a substantial portion of the assets of or equity in, or by any other manner, any Person, or otherwise acquire or agree to acquire any assets or equity, if the entering into of an agreement relating to or the consummation of such acquisition, merger or consolidation would at the time of entry into such agreement, reasonably be expected to (i) materially increase the likelihood of any Governmental Entity entering an Order prohibiting the consummation of the transactions contemplated by the Arrangement Agreement or (ii) prevent, materially impede or materially delay the receipt of the Required Regulatory Approvals.
- (f) If any objections are asserted with respect to the transactions contemplated by the Arrangement Agreement under any Law, or if any proceeding is instituted or threatened by any Governmental Entity challenging or which could lead to a challenge of any of the transactions contemplated by the Arrangement Agreement as not in compliance with Law or as not satisfying any applicable legal text under a Law necessary to obtain the Regulatory Approvals, the Parties shall use their commercially reasonable efforts consistent with the terms of the Arrangement Agreement to resolve such objection or proceeding, as the case may be, so as to allow the Effective Time to occur on or prior to the Outside Date.
- (g) Notwithstanding anything to the contrary in the Arrangement Agreement, no Party is permitted or required to divest or to offer to divest any of their assets or properties or to agree to any behavioral remedy, undertaking, commitment, or restriction on the operations of SKYE or EHT in order to secure any Regulatory Approval except with the express consent of both SKYE and EHT.

The Arrangement Agreement provides that, prior to the Effective Date, EHT shall, and SKYE may (to the extent determined to be necessary or appropriate by the SKYE Board), purchase customary "tail" policies of directors' and officers' liability insurance providing protection no less favorable in the aggregate to the protection provided by the policies maintained by EHT and its Subsidiaries or SKYE and its Subsidiaries, as applicable, which are in effect

immediately prior to the Effective Date and providing protection in respect of claims arising from facts or events which occurred on or prior to the Effective Date.

SKYE will or will cause EHT and its Subsidiaries or SKYE and its Subsidiaries, as applicable, to, maintain such tail policies in effect without any reduction in scope or coverage until January 31, 2023.

SKYE acknowledged and agreed that the implementation of the EHT Realization Process and the specific actions outlined below were not to be considered in determining whether a representation or warranty of EHT has been breached:

- Termination of the lease agreement between EHTC and 0826239 B.C. LTD. in respect of the EHT Leased Real Property located at 6980 Number 9 Road, Richmond, BC V6W 1G5 and the sale of the greenhouses and other assets owned by EHTC and located thereon.

- Sale of all the shares of EHTC held by EHT to a third party, provided that the aforementioned item is completed prior to closing of such sale (collectively, the **Realization Actions**).

In completing the EHT Realization Process, EHT will (a) consult with SKYE on the structuring of any transaction proposed pursuant to the EHT Realization Process; (b) provide SKYE a reasonable opportunity to review and provide comments and input on any agreement and the terms of any arrangement proposed to be entered into by EHT to effect any transaction which forms a part of the EHT Realization Process prior to the execution of such agreement and give due consideration to any such comments and input, acting reasonably; (c) use reasonable efforts to complete any transaction which forms a part of the EHT Realization Process in a tax efficient manner including taking into consideration the tax attributes of both EHT and SKYE including following completion of the Arrangement, including, for greater certainty, pursuant to comments or input from SKYE; and (d) take into consideration regulatory, tax and operational considerations of both EHT and SKYE, including following completion of the Arrangement, including, for greater certainty, pursuant to comments or input from SKYE, in proceeding with any transaction which forms the part of the EHT Realization Process.

Pre-Closing Reorganization

EHT will use best efforts to effect such reorganization of its business, operations, subsidiaries and assets or such other transactions (each, a **Pre-Acquisition Reorganization**) as SKYE may reasonably request prior to the Effective Date, and the Arrangement, if required, will be modified accordingly; provided, however, that EHT need not effect a Pre-Acquisition Reorganization which would impede or materially delay the consummation of the Arrangement or completion of any of the transactions set out above in the [EHT Realization Process](#) section.

Without limiting the foregoing and other than as set forth in the paragraph above, SKYE will use its commercially reasonable efforts to obtain all necessary consents, approvals or waivers from any persons to effect each Pre-Acquisition Reorganization, and EHT will cooperate with SKYE in structuring, planning and implementing any such Pre-Acquisition Reorganization.

SKYE must provide written notice to EHT of any proposed Pre-Acquisition Reorganization (which notice will include full particulars of all material steps and transactions with respect to such Pre-Acquisition Reorganization) at least 15 Business days prior to the mailing date of the EHT Meeting. In addition:

- (a) any Pre-Acquisition Reorganization will not become effective unless the Parties will have confirmed in writing the satisfaction or waiver of all conditions in their respective favor set forth in Article 6 and will have confirmed in writing that they are prepared to promptly and without condition proceed to effect the Arrangement;
- (b) any Pre-Acquisition Reorganization will be effective as close as reasonably practical to the Effective Date and, in any event, after all Regulatory Approvals are obtained;
- (c) any Pre-Acquisition Reorganization will not prejudice EHT or the EHT Shareholders in any material respect;

- (f) any Pre-Acquisition Reorganization will not require EHT to contravene any applicable Laws, its organizational documents or any EHT Material Contract; and
- (g) EHT will not be obligated to take any action that could result in any Taxes being imposed on, or any adverse Tax or other consequences to, any EHT Shareholder or holder of EHT Options or EHT Warrants greater than the Taxes or more onerous than the other consequences to such party in connection with the consummation of the Arrangement in the absence of any Pre-Acquisition Reorganization.

EHT and SKYE acknowledge and agree that the planning for and implementation of any Pre-Acquisition Reorganization will not be considered a breach of any covenant under the Arrangement Agreement and will not be considered in determining whether a representation or warranty of EHT hereunder has been breached (including where any such Pre-Acquisition Reorganization requires the consent of any third party under contract).

EHT and SKYE will work cooperatively and use commercially reasonable efforts to prepare prior to the Effective Time all documentation necessary and do such other acts and things as are necessary to give effect to such Pre-Acquisition Reorganization. For greater certainty, EHT will not be liable for the failure of SKYE to benefit from any anticipated Tax efficiency as a result of a Pre-Acquisition Reorganization.

SKYE agrees that it will be responsible for all costs and expenses associated with any Pre-Acquisition Reorganization to be carried out at its request and shall indemnify and save harmless EHT and its affiliates from and against any and all liabilities, losses, damages, claims, costs, expenses, interest awards, judgments and penalties suffered or incurred by any of them in connection with or as a result of any such Pre-Acquisition Reorganization (including in respect of any reversal, modification or termination of a Pre-Acquisition Reorganization).

Covenants Regarding Non-Solicitation

Pursuant to the Arrangement Agreement except as provided in the Arrangement Agreement, each of EHT and SKYE has agreed to not directly or indirectly, through any Representatives, or authorize any Representative to:

- (a) solicit, initiate or knowingly encourage or otherwise facilitate (including by way of furnishing or providing copies of, access to, or disclosure of, any confidential information, properties, facilities, books or records of a Party or any Subsidiary) any Acquisition Proposal in respect of such Party or any inquiries, proposals or offers relating to any Acquisition Proposal or that could reasonably be expected to lead to an Acquisition Proposal in respect of such Party;
- (b) enter into, engage in, continue or otherwise participate in any discussions or negotiations with any person (other than the other Party) regarding any Acquisition Proposal in respect of such Party or any inquiries, proposals or offers relating to any Acquisition Proposal or that could reasonably be expected to constitute or lead to an Acquisition Proposal in respect of such Party;
- (c) make a Change In Recommendation; or
- (d) accept, approve, endorse or recommend, execute or enter into, or publicly propose to accept, approve, execute or enter into, any letter of intent, agreement in principle, agreement, arrangement, offer or understanding in respect of an Acquisition Proposal (other than a confidentiality and standstill agreement permitted to be entered into in accordance with the Arrangement Agreement).

Pursuant to the terms of the Arrangement Agreement, each of EHT and SKYE agreed to, and to cause its Representatives to, immediately cease and terminate, and cause to be terminated, any existing solicitation, encouragement, discussion, negotiation, or other activities commenced prior to the date of the Arrangement Agreement with any person (other than the other Party) with respect to any inquiry, proposal or offer that constitutes or could reasonably be expected to constitute or lead to, an Acquisition Proposal, and in connection therewith, each Party agreed to:

- (a) immediately discontinue access to and disclosure of any of its confidential information, including any data room and any confidential information, properties, facilities, books and records of such Party or of any of its Subsidiaries; and
- (b) within two Business Days of the date of the Arrangement Agreement, request and exercise all rights it has under any confidentiality agreement at the date of the Arrangement Agreement related to any Acquisition Proposal, including an Acquisition Proposal made prior to the date of the Arrangement Agreement, (i) the return or destruction of all copies of any confidential information regarding such Party or any of its Subsidiaries provided to any person relating to an Acquisition Proposal or any inquiry, proposal or offer that could reasonably be expected to lead to an Acquisition Proposal and (ii) the destruction of all material including or incorporating or otherwise reflecting such confidential information regarding such Party or any of its Subsidiaries.

In the Arrangement Agreement, each Party represented that it had not, as of the date of the Arrangement Agreement and in the 12 months prior to the date of the Arrangement Agreement, waived any confidentiality, standstill, non-disclosure, non-solicitation or similar agreement or restriction to which such Party or any of its Subsidiaries is a party. Each Party further agreed to use commercially reasonable efforts to enforce each confidentiality, standstill, non-disclosure, non-solicitation or similar agreement, restriction or covenant to which it or its Subsidiaries is a party and relates to a potential Acquisition Proposal (including a potential Acquisition Proposal made prior to the date of the Arrangement Agreement) and neither it, nor any of its Subsidiaries have or will, without the prior written consent of the other Party (which may be withheld or delayed in the other Party's sole and absolute discretion), release any Person from, or waive, amend, suspend or otherwise modify such Person's obligations, or any of its Subsidiaries, under any such confidentiality, standstill, non-disclosure, non-solicitation or similar agreement to which the Party or any of its Subsidiaries is a party. Notwithstanding the foregoing, the Parties acknowledged and agreed that the automatic termination or release of any such agreement, restriction or covenant in accordance with their terms will not be a violation of the non-solicitation provisions of the Arrangement Agreement.

Each Party further agreed to advise its Representatives of the prohibitions set out in the non-solicitation provisions of the Arrangement Agreement and to advise such Representatives that any violation of the restrictions set forth in the non-solicitation provisions of the Arrangement Agreement by a Party's Representatives is deemed to be a breach of the non-solicitation provisions of the Arrangement Agreement by such Party.

Notification of Acquisition Proposals

Pursuant to the terms of the Arrangement Agreement, if a Party or any of its Representatives receives an Acquisition Proposal or any inquiry, proposal or offer that constitutes or could reasonably be expected to lead to an Acquisition Proposal after the date of the Arrangement Agreement, or any request for copies of, access to, or disclosure of, confidential information relating to such Party or any Subsidiary in connection with such an Acquisition Proposal, inquiry, proposal or offer, such Party shall as soon as practicable and in any event within 24 hours of the receipt thereof notify the other Party (at first orally and then in writing) of such Acquisition Proposal, inquiry, proposal, offer or request.

Responding to an Acquisition Proposal

Notwithstanding any provision of the Arrangement Agreement, if at any time following the date of the Arrangement Agreement and prior to, in the case of SKYE, the approval of the SKYE Resolution by the SKYE Stockholders, and, in the case of EHT, the approval of the EHT Resolution by the EHT Shareholders, a Party receives an Acquisition Proposal that did not result from a breach of the non-solicitation provisions of the Arrangement Agreement (it being understood that a Party will not be in breach of the non-solicitation provisions of the Arrangement Agreement if such Party or its Representatives contact the Person who has made an Acquisition Proposal for the sole purpose of clarifying the terms and conditions of such Acquisition Proposal), such Party and its Representatives may engage in or participate in discussions or negotiations regarding such Acquisition Proposal, and may provide copies of, access to or disclosure of information, properties, facilities, books or records of such Party or its Subsidiaries to the person or persons making such Acquisition Proposal, if and only if:

- (d) prior to providing any such copies, access, or disclosure, such Party enters into a confidentiality and standstill agreement with the person or persons making such Acquisition Proposal substantially in the same form as the Confidentiality Agreement and which will not contain an exclusivity provision or other term which would restrict in any manner such Party's ability to consummate the transactions hereunder or to comply with termination of the Arrangement Agreement its disclosure obligations to the other Party hereunder and any such copies, access or disclosure provided to the person or persons making such Acquisition Proposal shall have already been (or will simultaneously be) provided to the other Party; and

Right to Match

If a Party receives an Acquisition Proposal that constitutes a Superior Proposal (the "**Receiving Party**") prior to, in the case of EHT being the Receiving Party, the approval of the EHT Resolution by the EHT Shareholders, and in the case of SKYE being the Receiving Party, the approval of the SKYE Resolutions by the SKYE Shareholders, the Receiving Party may,

subject to the terms of the Arrangement Agreement, enter into a definitive agreement with respect to such Superior Proposal, if and only if:

- (a) the person or persons making such Superior Proposal was not restricted from making such Superior Proposal pursuant to an existing confidentiality, standstill, non-disclosure, use, business purposes or similar restriction with the Receiving Party or its Subsidiaries;
- (b) the Receiving Party has delivered to the other Party a written notice of the determination of the Receiving Party's board of directors that such Acquisition Proposal constitutes a Superior Proposal and of the intention of the Receiving Party's board of directors to enter into such definitive agreement with respect to such Superior Proposal, together with a written notice from the Receiving Party's board of directors regarding the value (or range of values) in financial terms that the board of directors, in consultation with its financial advisors, has determined should be ascribed to any non-cash consideration offered under such Superior Proposal (the "Superior Proposal Notice");
- (c) the Receiving Party has provided the other Party a copy of the proposed definitive agreement for the Superior Proposal and all supporting materials, including any financing documents supplied to a Receiving Party in connection therewith;
- (d) at least five Business Days (the "Matching Period") have elapsed from the date that is the later of the date on which the other Party received the Superior Proposal Notice and the date on which such other Party received a copy of the definitive agreement and all supporting materials;
- (e) during any Matching Period, such other Party has had the opportunity to offer to amend the Arrangement Agreement and the Arrangement in order for such Acquisition Proposal to cease to be a Superior Proposal;
- (f) after the Matching Period, the Receiving Party's board of directors has determined in good faith, after consultation with its outside legal counsel and financial advisors, that such Acquisition Proposal continues to constitute a Superior Proposal (if applicable, compared to the terms of the Arrangement as proposed to be amended by the other Party under the Arrangement Agreement) and that the failure by the board of directors to take such action would be inconsistent with its fiduciary duties; and
- (g) prior to or concurrently with entering into such definitive agreement the Receiving Party terminates the Arrangement Agreement pursuant to the termination provisions of the Arrangement Agreement, and pays the SKYE Termination Amount or the EHT Termination Amount, as applicable.

During the Matching Period, or such longer period as the Receiving Party may approve in writing for such purpose: (a) the Receiving Party's board of directors shall review any offer made by the other Party pursuant to the terms of the Arrangement Agreement to amend the terms of the Arrangement Agreement and the Arrangement in good faith in order to determine whether such proposal would, upon acceptance, result in the Acquisition Proposal previously constituting a Superior Proposal ceasing to be a Superior Proposal; and (b) the Receiving Party shall negotiate, and cause its Representatives to negotiate, in good faith with the other Party to make such amendments to the terms of the Arrangement Agreement and the Arrangement as would enable the other Party to proceed with the transactions contemplated by the Arrangement Agreement on such amended terms. If the Receiving Party's board of directors determines that such Acquisition Proposal would cease to be a Superior Proposal, the Receiving Party shall promptly so advise the other Party and the Parties shall amend the Arrangement Agreement to reflect such offer made by the other Party, and shall take and cause to be taken all such actions as are necessary to give effect to the foregoing.

Each successive amendment or modification to any Acquisition Proposal that results in an increase in, or modification of, the consideration (or value of such consideration) to be received by the Receiving Party or its shareholders or other material terms or conditions thereof shall constitute a new Acquisition Proposal for the purposes of the Arrangement Agreement, and the other Party will be afforded a new five Business Day Matching Period from the later of the date on which such other Party received the Superior Proposal Notice and the date on which such other Party received all of the materials with respect to the new Superior Proposal from the Receiving Party.

The Receiving Party's board of directors shall promptly reaffirm the EHT Board Recommendation or the SKYE Board Recommendation, as the case may be, by press release after any Acquisition Proposal which is not determined to be a Superior Proposal is publicly announced or the Receiving Party's board of directors determines that a proposed amendment to the terms of the Arrangement Agreement by the other Party pursuant to the terms of the Arrangement Agreement would result in an Acquisition Proposal no longer being a Superior Proposal. The Receiving Party shall provide the other Party and its outside legal counsel with a reasonable opportunity to review the form and content of any such press release and shall make all reasonable amendments to such press release as requested by the other Party and its counsel.

If the Receiving Party provides a Superior Proposal Notice to the other Party on a date that is less than 10 Business Days before the EHT Meeting or the SKYE Meeting, as the case may be, the other Party will be entitled to require the Receiving Party to proceed with or adjourn or postpone such EHT Meeting or SKYE Meeting, as the case may be, in accordance with

the terms of the Arrangement Agreement to a date specified by the other Party that is not more than 10 Business Days after the scheduled date of the EHT Meeting or the SKYE Meeting, as the case may be, provided that in no event shall such adjourned or postponed meeting be held on a date that is less than five Business Days prior to the Outside Date.

Notice and Cure

The Arrangement Agreement provides that each Party will provide the other Party with prompt notice of the occurrence, or failure to occur, until the earlier of the Effective Time or the termination of the Arrangement Agreement, of any event or state of facts which occurrence or failure would, or would reasonably be expected to:

- (a) cause any of the representations or warranties of such Party contained in the Arrangement Agreement to be untrue or inaccurate in any material respect; or
- (b) result in the failure to comply with or satisfy any covenant, condition or agreement to be complied with or satisfied by any Party under the Arrangement Agreement prior to the Effective Time, in each case, to the extent that such representations, warranties and covenants, would not be capable of being satisfied at any time from the date of the Arrangement Agreement until the Effective Date.

EHT and SKYE may not exercise their respective rights to terminate the Arrangement Agreement, pursuant to the terms of the Arrangement Agreement, due to such breach of representation or warranty or failure to perform such covenant, as applicable, unless the Party intending to rely on such termination provisions has delivered a written notice to the other Party specifying in reasonable detail all breaches of covenants, representations and warranties or other matters which the Party delivering such notice is asserting as the basis for the non-fulfillment of the applicable condition or for the applicable termination right, as the case may be. If any such notice is delivered, provided that a Party is proceeding diligently to cure such matter and such matter is capable of being cured, no Party may terminate the Arrangement Agreement until the earlier of (a) the Outside Date and (b) the date that is ten Business Days from such notice, and then only if such matter has not been cured by such date. If such notice has been delivered prior to the making of the application for the Final Order or the EHT Meeting or the SKYE Meeting, such application and/or meetings shall be postponed, if and to the extent necessary, until the expiry of such period.

Amendment and Waiver

The Arrangement Agreement and the Plan of Arrangement may, at any time and from time to time before or after the holding of the EHT Meeting and the SKYE Meeting but not later than the Effective Time, be amended by mutual written agreement of EHT and SKYE, subject to the Interim Order and the Final Order, and applicable Laws.

Termination

Pursuant to the terms thereof, the Arrangement Agreement may be terminated at any time prior to the Effective Time:

- (a) by mutual written agreement of EHT and SKYE;
- (b) by either Party, if:
 - (i) the Effective Date shall not have occurred on or before the Outside Date, provided that this right to terminate cannot be exercised by a Party whose failure to fulfill any of its obligations or breach of any of its representations and warranties under the Arrangement Agreement has been the cause of, or resulted in, the failure of the Effective Time to occur by such Outside Date;
 - (ii) after the date of the Arrangement Agreement, there shall be enacted or made any applicable Law or Order that makes consummation of the Arrangement illegal or otherwise prohibits or enjoins EHT or SKYE from consummating the Arrangement and such Law or Order shall have become final and non-appealable, provided the Party seeking to terminate the Arrangement Agreement has used commercially reasonable efforts to appeal or overturn any such Law or Order pursuant to the Arrangement Agreement and is not otherwise in material breach of the Arrangement Agreement;
 - (iii) the EHT Arrangement Resolution shall not have been passed by the EHT Shareholders at the EHT Meeting in accordance with the Interim Order; or
- (c) by SKYE, if:
 - (i) the EHT Board (or any committee thereof) (A) fails to unanimously recommend or withdraws, amends, modifies or qualifies (or proposes publicly to withdraw, amend, modify or qualify), in a manner adverse to SKYE, the EHT Board Recommendation, (B) accepts, approves, endorses or recommends, or publicly proposes to accept, approve, endorse or recommend an Acquisition Proposal or takes no position or remains

neutral, in each case, with respect to a publicly announced or otherwise publicly disclosed Acquisition Proposal for more than five Business Days (or beyond the third Business Day prior to the EHT Meeting, if sooner), (C) accepts, approves, executes or enters into, or causes EHT or any of its Subsidiaries to accept, approve, execute or enter into, or publicly proposes to accept, approve, execute or enter into, or to cause EHT or any of its Subsidiaries to accept, approve, execute or enter into, any agreement, letter of intent, agreement in principle, agreement, arrangement or understanding in respect of an Acquisition Proposal (other than a confidentiality and standstill agreement contemplated under the provisions of the Arrangement Agreement that permit a party to respond to an Acquisition Proposal), (D) fails to affirm publicly and without qualification the EHT Board Recommendation within five (5) Business Days following the public announcement of an Acquisition Proposal in respect of EHT and the written request by SKYE to provide such reaffirmation, provided that if such request is made fewer than five (5) Business Days prior to the EHT Meeting, then, notwithstanding the foregoing, the EHT Board in receipt of such request shall have to make such affirmation as soon as practicable prior to the EHT Meeting, it being further agreed that no such request for such affirmation shall be made except once per publicly announced Acquisition Proposal or material modification of such Acquisition Proposal, or (E) resolves to take any of the prohibited actions above (each, being an “**EHT Change in Recommendation**”);

- (ii) prior to the approval by the SKYE Shareholders of the SKYE Resolution, the SKYE Board authorizes SKYE to enter into a written agreement (other than a confidentiality agreement permitted by and in accordance with the provisions of the Arrangement Agreement allowing a Party to respond to an Acquisition Proposal) with respect to a Superior Proposal, provided that the other Party has been provided a right to match such Superior Proposal in accordance with the provisions of the Arrangement Agreement, and further provided SKYE is then in compliance with the non-solicitation provisions of the Arrangement Agreement in all material respects and that prior to or concurrent with such termination SKYE pays the SKYE Termination Amount;
 - (iii) a breach of any representation or warranty or failure to perform any covenant or agreement on the part of EHT under the Arrangement Agreement occurs that would cause the conditions precedent of the Arrangement Agreement in favour of SKYE that relate to the accuracy of EHT’s representations and warranties or EHT’s compliance with its covenants not to be satisfied, and such breach or failure to comply is incapable of being cured on or prior to the Outside Date or is not cured in accordance with the terms of the notice and cure provisions of the Arrangement Agreement, provided that any Willful Breach shall be deemed incapable of being cured; provided that SKYE is not then in breach of the Arrangement Agreement so as to cause the conditions precedent in the Arrangement Agreement in favour of EHT that relate to the accuracy of SKYE’s representations and warranties and SKYE’s compliance with their covenants not to be satisfied;
 - (iv) EHT breaches the non-solicitation provisions of the Arrangement Agreement in any material respect; or

 - (ii) prior to the approval by the EHT Shareholders of the EHT Resolution, the EHT Board authorizes EHT to enter into a written agreement (other than a confidentiality agreement permitted by and in accordance with the

provisions of the Arrangement Agreement allowing a Party to respond to an Acquisition Proposal) with respect to a Superior Proposal, provided that the other Party has been provided a right to match such Superior Proposal in accordance with the provisions of the Arrangement Agreement, and further provided that EHT is then in compliance with the non-solicitation provisions of the Arrangement Agreement in all material respects and that prior to or concurrent with such termination EHT pays the EHT Termination Amount;

- (iii) a breach of any representation or warranty or failure to perform any covenant or agreement on the part of SKYE under the Arrangement Agreement occurs that would cause the conditions precedent of the Arrangement Agreement in favour of EHT that relate to the accuracy of SKYE's representations and warranties or SKYE's compliance with its covenants not to be satisfied, and such breach or failure to comply is incapable of being cured on or prior to the Outside Date or is not cured in accordance with the terms of the notice and cure provisions of the Arrangement Agreement, provided that any Willful Breach shall be deemed incapable of being cured; provided that EHT is not then in breach of the Arrangement Agreement so as to cause the conditions precedent in the Arrangement Agreement in favour of SKYE that relate to the accuracy of EHT's representations and warranties, and EHT's compliance with their covenants not to be satisfied;
- (iv) SKYE breaches the non-solicitation provisions of the Arrangement Agreement in any material respect; or

DESCRIPTION OF THE RESULTING ISSUER CAPITAL STOCK

The following summary of certain provisions of securities of the Resulting Issuer does not purport to be complete and is subject to, and qualified in its entirety by reference to, the SKYE Organizational Documents and the provisions of applicable law.

General

The total amount of the Resulting Issuer's authorized capital stock consists of 5,000,000,000 shares of common stock, par value \$0.001 per share, and 50,000,000 shares of preferred stock, par value \$0.001 per share. The Resulting Issuer is expected to have 912,195,697 shares of common stock outstanding immediately after the consummation of the Arrangement.

The following summary describes certain material provisions of the Resulting Issuer's capital stock.

Common Stock

The holders of common stock of the Resulting Issuer are not entitled to pre-emptive or other similar subscription rights to purchase any of the Resulting Issuer's securities. The SKYE Shares are neither convertible nor redeemable. Unless board of directors of the Resulting Issuer determines otherwise, the Resulting Issuer will issue all of its capital stock in uncertificated form.

Voting Rights

The holders of shares of SKYE Shares are entitled to one non-cumulative vote per share.

Dividends and Distributions

Subject to preferences that may apply to any shares of SKYE Preferred Stock outstanding at the time, the holders of outstanding SKYE Shares are entitled to receive dividends out of funds legally available at the times and in the amounts that the Resulting Issuer's board of directors may determine.

Liquidation Rights

Upon the Resulting Issuer's liquidation, dissolution or winding-up, the assets legally available for distribution to the Resulting Issuer's stockholders would be distributable ratably among the holders of SKYE Shares after payment of liquidation preferences on any Resulting Issuer Preferred Stock outstanding at that time and any creditors.

The rights, preferences and privileges of holders of SKYE Shares are subject to, and may be adversely affected by, the rights of holders of shares of any series of preferred stock that the Resulting Issuer may designate and issue in the future.

Rights of Repurchase

The Resulting Issuer will not have any rights to repurchase shares of its common stock.

Pre-Emptive or Similar Rights

Preferred Stock

The board of directors of the Resulting Issuer has authority to issue shares of SKYE Preferred Stock in one or more series, to fix for each such series such voting powers (full or limited, or no voting powers), designations, preferences, qualifications, limitations or restrictions thereof, including dividend rights, conversion rights, redemption privileges and liquidation preferences for the issue of such series all to the fullest extent permitted by Nevada Law. The issuance of SKYE Preferred Stock could have the effect of decreasing the trading price of the SKYE Shares, restricting dividends on the Resulting Issuer's capital stock, diluting the voting power of the SKYE Shares, impairing the liquidation rights of the Resulting Issuer's capital stock, or delaying or preventing a change in control of the Resulting Issuer.

Exclusive Jurisdiction of Certain Actions

The SKYE Organizational Documents require, to the fullest extent permitted by law, that (1) derivative actions brought in the name of the Resulting Issuer, (2) actions against directors, officers, employees and agents of the Resulting Issuer or the Resulting Issuer's stockholders for breach of fiduciary duty, (3) actions asserting any claim arising under any provision of

Nevada Law or the SKYE Organizational Documents, and (4) and other actions asserting a claim under the internal affairs doctrine may be brought only in the Eighth Judicial District Court of Clark County in the state of Nevada (or, if the Eighth Judicial District Court of Clark County does not have jurisdiction, the federal district court for the District of Nevada).

Section 2.12 Announcement and Shareholder Communications

The Parties shall issue a joint press release with respect to this Agreement and the Arrangement promptly following the execution of this Agreement, the text of such announcement to be in the form approved by SKYE and EHT in advance, acting reasonably and without delay. SKYE and EHT agree to co-operate in the preparation of presentations, if any, to the EHT Shareholders and SKYE Shareholders regarding the Plan of Arrangement, and neither EHT nor SKYE shall: (1) issue any news release or otherwise make public announcements with respect to this Agreement or the Plan of Arrangement without the consent of the other Party (which consent shall not be unreasonably withheld, delayed or conditioned); or (2) make any filing with any Governmental Entity or with any stock exchange with respect thereto without prior consultation with the other Party; provided, however, that the foregoing shall be subject to each Party's overriding obligation to make any disclosure or filing required under applicable Laws or stock exchange rules, and the Party making such disclosure shall use all commercially reasonable efforts to give prior oral or written notice to the other Party and reasonable opportunity to review or comment on the disclosure or filing, and if such prior notice is not possible, to give such notice immediately following the making of such disclosure or filing.

Section 2.13 Withholding Taxes

SKYE, EHT or the Depositary, as applicable, shall be entitled to deduct or withhold, from any amounts payable or otherwise deliverable to any person pursuant to the Arrangement or this Agreement (including, without limitation, any payments to EHT Dissenting Shareholders) such amounts as SKYE, EHT or the Depositary, as applicable, determines, acting reasonably, are required to be deducted or withheld with respect to such payment or delivery under the Tax Act, the Code or any provision of any other applicable Laws. To the extent that such amounts are so deducted or withheld, such amounts shall be treated for all purposes under this Agreement as having been paid to the person to whom such amounts would otherwise have been paid, provided that such deducted or withheld amounts are actually remitted to the appropriate Taxing Authority. Each of SKYE, EHT or the Depositary, as applicable, is hereby authorized to sell or otherwise dispose of, on behalf of such person, such portion of any share or other security deliverable to such person as is necessary to provide sufficient funds to SKYE, EHT or the Depositary, as the case may be, to enable it to comply with such deduction or withholding requirement and SKYE, EHT or the Depositary shall notify such person thereof and remit the applicable portion of the net proceeds of such sale to the appropriate Taxing Authority and, if applicable, any portion of such net proceeds that is not required to be so remitted shall be paid to such person.

SKYE and EHT shall not take any reporting position inconsistent with the Expected Tax Treatment for U.S. or Canadian federal income tax purposes, unless otherwise required by applicable Law.

Section 2.15 U.S. Securities Law Matters

The Parties agree that the Arrangement will be carried out with the intention that all Consideration Shares and the Replacement Warrants and Replacement Options will be issued in reliance on the exemption from the registration requirements of the U.S. Securities Act provided by Section 3(a)(10) thereof. In order to ensure the availability of the exemption under Section 3(a)(10) of the U.S. Securities Act and to facilitate SKYE's compliance with other U.S. Securities Laws, the Parties agree that the Arrangement will be carried out on the following basis:

- (a) the Arrangement will be subject to the approval of the Court;
- (b) pursuant to Section 2.2(2), prior to the issuance of the Interim Order, the Court will be advised as to the intention of the Parties to rely on the exemption provided by Section 3(a)(10) of the U.S. Securities Act with respect to the issuance of all Consideration Shares, Replacement Warrants and Replacement Options pursuant to the Arrangement based on the Court's approval of the Arrangement;

- (c) prior to the issuance of the Interim Order, EHT will file with the Court a draft of the proposed text of the EHT Circular together with any other documents required by applicable Law in connection with the EHT Meeting;

- (f) the Final Order approving the terms and conditions of the Arrangement that is obtained from the Court will expressly state that the Arrangement is approved by the Court as fair and reasonable to all Persons entitled to receive Consideration Shares, Replacement Warrants and Replacement Options, as applicable, pursuant to the Arrangement;
- (g) the Interim Order approving the EHT Meeting will specify that each EHT Securityholder will have the right to appear before the Court at the hearing of the Court to give approval of the Arrangement so long as they enter an appearance within a reasonable time;
- (h) EHT Securityholders entitled to receive Replacement Warrants and Replacement Options pursuant to the Arrangement will be advised that the Replacement Warrants and Replacement Options issued pursuant to the Arrangement have not been registered under the U.S. Securities Act and will be issued and exchanged by SKYE in reliance on the exemption provided under Section 3(a)(10) of the U.S. Securities Act, but that such exemption does not exempt the issuance of securities upon the exercise of such Replacement Warrants and Replacement Options; therefore, the SKYE Shares issuable upon exercise of the Replacement Warrants and Replacement Options cannot be issued in the United States or to a Person in the United States in reliance on the exemption under Section 3(a)(10) of the U.S. Securities Act and the Replacement Warrants and Replacement Options may only be exercised and the underlying SKYE Shares issued pursuant to an effective registration statement under the U.S. Securities Act or a then-available exemption from the registration requirements of the U.S. Securities Act and in accordance with any applicable securities laws of any state of the United States;

- (j) the Court will hold a hearing before approving the fairness of the terms and conditions of the Arrangement and issuing the Final Order; and
- (k) EHT shall request that the Final Order shall include a statement to substantially the following effect:

“This Order will serve as a basis of a claim to an exemption, pursuant to Section 3(a)(10) of the United States Securities Act of 1933, as amended, from the registration requirements otherwise imposed by that Act, regarding the offer and sale of securities of SKYE pursuant to the Plan of Arrangement.”

- (3) Without limiting the generality of the foregoing, except (i) as required by applicable Law, (ii) as expressly permitted or required by this Agreement, or (iii) with the prior written consent of SKYE (which consent shall not be unreasonably withheld, conditioned or delayed), during the Pre-Closing Period, EHT shall, and shall cause any of the EHT Subsidiaries to (A) duly and timely file with the appropriate Governmental Entity all material Tax Returns required to be filed, which shall be correct and complete in all material respects, (B) pay, withhold, collect and remit to the appropriate Governmental Entity in a timely fashion all amounts required to be so paid, withheld, collected or remitted; (C) keep SKYE reasonably informed of any material events, discussions, notices

or changes with respect to any Tax investigation, and (D) consider in good faith any reasonable requests by SKYE that EHT or the EHT Subsidiaries take any action regarding Tax filing matters, including the filing of notices of appeal and other actions in respect of notices of assessment from the applicable Governmental Entity.

- (4) Notwithstanding any provision set forth in this Agreement, with respect to the EHT Realization Process and in accordance with Section 4.12, subsequent to the date hereof: (i) EHT shall only take such steps or pursue actions as are reasonably necessary to effect the transactions set out in Schedule "D", and shall not take any other steps or actions with respect to the alienation, in any manner whatsoever, of any of the EHT Assets nor shall EHT terminate any agreements, take on any obligations or otherwise modify its business or activities, except with the prior written consent of SKYE or as otherwise permitted by this Agreement; and (ii) EHT shall take all steps necessary to ensure that the EHT Subsidiaries shall comply with the provisions of this Section 4.2(4).
- (5) To the extent required, from the date hereof until the end of the Pre-Closing Period, in relation to the EHT Permits, EHT (which, for purposes of this Section 4.2(5), shall include the EHT Subsidiaries) shall duly and timely file any notice or advance notice required under the *Cannabis Act* (Canada) and all regulations thereunder, as well as any other notice or advance notice required under any other Food and Drug Law.
- (6) During the Pre-Closing Period, EHT will, at the request of SKYE, provide such reasonable commercial assistance as is necessary for the directors and officers of SKYE to make an application to obtain security clearance under the *Cannabis Act* (Canada) (provided, for greater certainty, that obtaining such security clearance shall not be a condition to Closing).
- (7) During the Pre-Closing Period, EHT will, at the request of SKYE, provide to SKYE such reasonable commercial assistance as is necessary for the purpose of SKYE preparing a transition plan to meet applicable financial reporting and tax reporting requirements going forward following Closing (provided, for greater certainty, that completion of such plan shall not be a condition to Closing).
- (8) To the extent received during the Pre-Closing Period, upon receipt by Avalite of a notice of renewal sent by the Controlled Substances Compliance Division, EHT shall proceed to duly and timely make an application to renew the dealer's licence held by Avalite under the *Controlled Drugs and Substances Act* (Canada) and shall diligently pursue such application.
- (9) In the event the closing of the sale of EHTC set out in Schedule "D" is scheduled to occur during the Pre-Closing Period, EHT shall not proceed with the closing of such sale unless it has, prior to such closing, transferred from EHTC to EHT: (i) all shares of Avalite; (ii) all intellectual property, license agreements and receivables held or owed to EHTC relating to agreements with FlowerPod, LLC; and (iii) the entirety of its operating cash, by way of dividend or in such other manner as is reasonably acceptable to SKYE.

Section 4.3 Covenants Relating to the Arrangement

- (1) Subject to Section 4.4, which shall govern in relation to Regulatory Approvals, each of the Parties covenants and agrees that during the period from the date of this Agreement until the earlier of the Effective Time and the time that this Agreement is terminated in accordance with its terms:
 - (a) it shall, and shall cause its Subsidiaries to, use commercially reasonable efforts to satisfy (or cause the satisfaction of) the conditions precedent to its obligations hereunder as set forth in Article 6 to the extent the same is within its control and to take, or cause to be taken, all other actions and to do, or cause to be done, all other things necessary, proper or advisable under all Laws to complete the Arrangement, including using commercially reasonable efforts to promptly (i) obtain all necessary waivers, consents and approvals required from, and provide all required notices to, persons party to loan agreements, leases, licenses and other Contracts or Permits; (ii) obtain all necessary Permits as are required to be obtained by it under all Laws; (iii) defend all lawsuits or other legal, regulatory or other proceedings against it challenging or affecting the Arrangement or this Agreement, and oppose, lift or rescind any injunction or restraining order or other order or action seeking to stop, or otherwise adversely affecting, the ability of the Parties to consummate the Arrangement; and (iv) cooperate with the other Party in connection with the performance by it and its Subsidiaries of their obligations hereunder; and
 - (b) it shall not deliberately take any action, refrain from taking any commercially reasonable action, or permit any action to be taken or not taken, which is inconsistent with this Agreement or which would reasonably be expected to materially delay or materially impede the consummation of the Arrangement, or that will have, or would reasonably be expected to have, the effect of materially delaying, impairing or impeding the granting of the Regulatory Approvals.
- (2) SKYE shall use commercially reasonable efforts to, prior to the completion of the Arrangement, obtain the Stock Exchange Approval and it shall, at or prior to the Effective Time, allot and reserve for issuance a sufficient number of SKYE Shares to meet the obligations of SKYE under the Plan of Arrangement. EHT shall use

commercially reasonable efforts to cooperate with SKYE in respect of the foregoing, including by providing information reasonably requested by SKYE in connection therewith in a timely manner.

Section 4.4 Regulatory Approvals

- (1) As soon as reasonably practicable after the date hereof each Party, or where appropriate, the Parties jointly, shall make all notifications, filings, applications and submissions with Governmental Entities required or advisable in connection with the Regulatory Approvals, including the Required Regulatory Approvals, and shall use its commercially reasonable efforts to obtain as soon as reasonably practicable and maintain the Regulatory Approvals, including the Required Regulatory Approvals.
- (2) In the case of the Stock Exchange Approval, the Parties hereby agree that an initial Listing Statement shall be submitted to the CSE no later than the date of the EHT Circular.
- (3) The Parties shall cooperate with one another in connection with obtaining the Regulatory Approvals, including providing or submitting on a timely basis, and as promptly as practicable, all documentation and information that is required, or in the opinion of a Party, acting reasonably, advisable, in connection with obtaining the Regulatory Approvals and use their commercially reasonable efforts to ensure that such information does not contain a misrepresentation; provided, however, that nothing in this provision shall require a Party to provide information that is not in its possession or not otherwise reasonably available to it.
- (4) The Parties shall (i) cooperate with and keep one another fully informed as to the status of and the processes and proceedings relating to obtaining the Regulatory Approvals and shall promptly notify each other of any material communication from any Governmental Entity in respect of the Arrangement or this Agreement, (ii) respond, as soon as reasonably practicable, to any reasonable requests for information from a Governmental Entity in connection with obtaining a Regulatory Approval, and (iii) not make any submissions or filings to any Governmental Entity related to the transactions contemplated by this Agreement, or participate in any meetings or any material conversations with any Governmental Entity in respect of any filings, submissions, investigations or other inquiries or matters related to the transactions contemplated by this Agreement, unless it consults with the other Party in advance and, to the extent not precluded by such Governmental Entity, gives the other Party a reasonable opportunity to review drafts of any submissions or filings (and will give due consideration to any comments received from such other Party) and to attend and participate in any communications. Despite the foregoing, submissions, filings or other written communications with any Governmental Entity may be redacted as necessary before sharing with the other Party to address reasonable attorney-client or other privilege or confidentiality concerns, provided that a Party must provide external legal counsel to the other Party non-redacted versions of drafts and final submissions, filings or other written communications with any Governmental Entity on the basis that the redacted information will not be shared with its clients.
- (5) SKYE and EHT will not, and will not permit any of their respective Subsidiaries to, acquire or agree to acquire, by merging or consolidating with, or by purchasing a substantial portion of the assets of or equity in, or by any other manner, any Person, or otherwise acquire or agree to acquire any assets or equity, if the entering into of an agreement relating to or the consummation of such acquisition, merger or consolidation would at the time of entry into such agreement, reasonably be expected to (i) materially increase the likelihood of any Governmental Entity entering an Order prohibiting the consummation of the transactions contemplated by this Agreement or (ii) prevent, materially impede or materially delay the receipt of the Required Regulatory Approvals.
- (6) If any objections are asserted with respect to the transactions contemplated by this Agreement under any Law, or if any proceeding is instituted or threatened by any Governmental Entity challenging or which could lead to a challenge of any of the transactions contemplated by this Agreement as not in compliance with Law or as not satisfying any applicable legal text under a Law necessary to obtain the Regulatory Approvals, the Parties shall use their commercially reasonable efforts consistent with the terms of this Agreement to resolve such objection or proceeding, as the case may be, so as to allow the Effective Time to occur on or prior to the Outside Date.
- (7) Notwithstanding anything to the contrary in this Agreement, no Party is permitted or required to divest or to offer to divest any of their assets or properties or to agree to any behavioural remedy, undertaking, commitment, or restriction on the operations of SKYE or EHT in order to secure any Regulatory Approval except with the express consent of both SKYE and EHT.

Section 4.5 Notice.

Each of the Parties shall promptly advise the other orally and, if then requested, in writing, with full particulars of any Knowledge it has of any: (i) event occurring subsequent to the date of this Agreement that would render any representation or warranty of such Party contained in this Agreement (except any such representation or warranty which speaks as of a date prior to the date of this Agreement), if made on or as of the date of such event or the Effective Date, untrue or inaccurate in any material respect; (ii) Material Adverse Change in respect of such Party; or (iii) breach by such Party of any material covenant or agreement contained in this Agreement.

Section 4.6 Access to Information; Confidentiality

From the date hereof until the earlier of the Effective Time and the termination of this Agreement, subject to compliance with applicable Law and the terms of any existing Contracts, each of SKYE and EHT shall give the other Party and its Representatives (1) upon reasonable notice, reasonable access during normal business hours to its and its Subsidiaries' (a) premises, (b) property and assets (including books and records), (c) Contracts and leases and (d) senior personnel, so long as the access does not unduly interfere with the Ordinary Course conduct of the business of the Party in question; and (2) such financial and operating data or other information with respect to the assets or business of such Party and its Subsidiaries as the other reasonably requests. Each of SKYE and EHT shall continue to afford the other and its Representatives with access to the SKYE Data Room and the EHT Data Room, respectively, and such virtual data room shall continue to remain populated in the manner provided as at the Data Room Cut-off Time with any additional documents being inserted as the other Party may reasonably request. The Parties acknowledge and agree that information furnished pursuant to this Section 4.6 shall be subject to the terms and conditions of the Confidentiality Agreement.

Section 4.7 Insurance and Indemnification

- (1) Prior to the Effective Date, EHT shall, and SKYE may (to the extent determined to be necessary or appropriate by the SKYE Special Committee), purchase customary "tail" policies of directors' and officers' liability insurance providing protection no less favourable in the aggregate to the protection provided by the policies maintained by EHT and the EHT Subsidiaries or SKYE and the SKYE Subsidiaries, as applicable, which are in effect immediately prior to the Effective Date and providing protection in respect of claims arising from facts or events which occurred on or prior to the Effective Date; provided that there shall be no so-called "side A coverage" and that the cost of such policies will not exceed 300% of the annual premiums currently in effect for such director and officer liability coverage and that if such insurance coverage is unavailable, SKYE will, or will cause EHT and the EHT Subsidiaries or will cause the SKYE Subsidiaries, as applicable, to maintain tail policies with the best available insurance coverage whose cost will not exceed 300% of the annual premiums currently in effect for such director and officer liability coverage. SKYE will, or will cause EHT and the EHT Subsidiaries or SKYE and the SKYE Subsidiaries, as applicable, to, maintain such tail policies in effect without any reduction in scope or coverage for three years from the Effective Date.
- (2) SKYE agrees that it shall directly honour all rights to indemnification or exculpation now existing in favour of present and former officers and directors of EHT and its Subsidiaries, including all rights pursuant to the Organizational Documents of such entities and any contractual rights, and acknowledges that such rights shall survive the completion of the Plan of Arrangement and shall continue in full force and effect for a period of not less than six years from the Effective Date and SKYE undertakes to ensure that this covenant shall remain binding upon its successors and assigns.
- (3) The provisions of this Section 4.7 are intended for the benefit of, and shall be enforceable by, each insured or indemnified person, his or her heirs and his or her legal representatives and, for such purpose, EHT hereby confirms that it is acting as agent and trustee on their behalf.

Section 4.8 SKYE Covenants Regarding Convertible Securities

- (1) The SKYE Board will not accelerate the vesting of the SKYE Options and the SKYE Board will otherwise deal with such securities in accordance with their terms and will take all actions necessary or advisable to ensure that such securities are not affected by the implementation of the Transaction.
- (2) SKYE shall take all steps in advance of the Effective Date reasonably required by EHT to facilitate the registration of the SKYE Shares underlying the Replacement Warrants and Replacement Options.

Section 4.9 EHT Covenants Regarding Convertible Securities

The EHT Board shall not accelerate the vesting of any issued and outstanding EHT Options and the EHT Board will otherwise deal with such securities in accordance with their terms.

Section 4.10 EHT Covenants regarding Nasdaq Listing

EHT hereby agrees to provide to SKYE or Nasdaq any documents or disclosures reasonably required by Nasdaq with regard to SKYE's ongoing listing qualification process for the SKYE Common Stock.

Section 4.11 Cooperation with Auditors

Each Party hereby agrees to use its best efforts to cooperate with, and cause its auditor to cooperate with, the other Party to provide any financial statements and any other related information required for the EHT Circular, the SKYE Proxy Statement and any other filings related to the Required Regulatory Approvals including as to any reconciliation or conversion into IFRS or U.S. GAAP, as the case may be.

Section 4.12 EHT Realization Process

- (1) SKYE acknowledges and agrees that EHT is undertaking the EHT Realization Process and that EHT is not obligated to complete any of the actions set out in Schedule "D" hereto. The implementation of the EHT Realization Process and the specific actions or steps taken by EHT set out in Schedule "D" hereto will not be considered in determining whether a representation or warranty of EHT hereunder has been breached, provided that subsequent to the date hereof EHT will not take any action in connection with the EHT Realization Process other than such steps or actions as are reasonably necessary to effect the transactions set out in Schedule "D" hereto, without the prior written consent or approval of SKYE, acting reasonably, taking into account regulatory, tax and operational considerations, and shall not take any such action which is contrary to law or requires the consent or approval of any third party or Governmental Authority without first obtaining such consent or approval.
- (2) In completing the EHT Realization Process, EHT will (a) consult with SKYE on the structuring of any transaction proposed pursuant to the EHT Realization Process; (b) provide SKYE a reasonable opportunity to review and provide comments and input on any agreement and the terms of any arrangement proposed to be entered into by EHT to effect any transaction which forms a part of the EHT Realization Process prior to the execution of such agreement and give due consideration to any such comments and input, acting reasonably; (c) use reasonable efforts to complete any transaction which forms a part of the EHT Realization Process in a tax efficient manner including taking into consideration the tax attributes of both EHT and SKYE including following completion of the Arrangement, including, for greater certainty, pursuant to comments or input from SKYE; and (d) take into consideration regulatory, tax and operational considerations of both EHT and SKYE, including following completion of the Arrangement, including, for greater certainty, pursuant to comments or input from SKYE, in proceeding with any transaction which forms the part of the EHT Realization Process.

Section 4.13 Pre-Closing Reorganization

- (1) EHT will use best efforts to effect such reorganization of its business, operations, subsidiaries and assets or such other transactions (each, a **Pre-Acquisition Reorganization**) as SKYE may reasonably request prior to the Effective Date, and the Arrangement, if required, will be modified accordingly; provided, however, that EHT need not effect a Pre-Acquisition Reorganization which would impede or materially delay the consummation of the Arrangement or completion of any of the transactions set out in Schedule "D".
- (2) Without limiting the foregoing and other than as set forth in paragraph (1) above, SKYE will use its commercially reasonable efforts to obtain all necessary consents, approvals or waivers from any persons to effect each Pre-Acquisition Reorganization, and EHT will cooperate with SKYE in structuring, planning and implementing any such Pre-Acquisition Reorganization.
- (3) SKYE must provide written notice to EHT of any proposed Pre-Acquisition Reorganization (which notice will include full particulars of all material steps and transactions with respect to such Pre-Acquisition Reorganization) at least 15 Business Days prior to the date of the EHT Meeting. In addition:
 - (a) any Pre-Acquisition Reorganization will not become effective unless the Parties will have confirmed in writing the satisfaction or waiver of all conditions in their respective favour set forth in Article 6 and will have confirmed in writing that they are prepared to promptly and without condition proceed to effect the Arrangement;
 - (b) any Pre-Acquisition Reorganization will be effective as close as reasonably practical to the Effective Date and, in any event, after all Regulatory Approvals are obtained;
 - (c) any Pre-Acquisition Reorganization will not prejudice EHT or the EHT Shareholders in any material respect;
 - (d) any Pre-Acquisition Reorganization will not require EHT to obtain the approval of the EHT Shareholders unless the Parties otherwise agree;
 - (e) any Pre-Acquisition Reorganization will not require any filings with, notifications to or approvals of any Governmental Authority or third party which may not be made, effected or obtained prior to the Effective Date;
 - (f) any Pre-Acquisition Reorganization will not require EHT to contravene any applicable Laws, its organizational documents or any EHT Material Contract; and
 - (g) EHT will not be obligated to take any action that could result in any Taxes being imposed on, or any adverse Tax or other consequences to, any EHT Shareholder or holder of EHT Options or EHT Warrants greater than the Taxes or more onerous than the other consequences to such party in

connection with the consummation of the Arrangement in the absence of any Pre-Acquisition Reorganization.

- (4) EHT and SKYE acknowledge and agree that the planning for and implementation of any Pre-Acquisition Reorganization will not be considered a breach of any covenant under this Agreement and will not be considered in determining whether a representation or warranty of EHT hereunder has been breached (including where any such Pre-Acquisition Reorganization requires the consent of any third party under contract).
- (5) EHT and SKYE will work cooperatively and use commercially reasonable efforts to prepare prior to the Effective Time all documentation necessary and do such other acts and things as are necessary to give effect to such Pre-Acquisition Reorganization. For greater certainty, EHT will not be liable for the failure of SKYE to benefit from any anticipated Tax efficiency as a result of a Pre-Acquisition Reorganization.
- (6) SKYE agrees that it will be responsible for all costs and expenses associated with any Pre-Acquisition Reorganization to be carried out at its request and shall indemnify and save harmless EHT and its affiliates from and against any and all liabilities, losses, damages, claims, costs, expenses, interest awards, judgements and penalties suffered or incurred by any of them in connection with or as a result of any such Pre-Acquisition Reorganization (including in respect of any reversal, modification or termination of a Pre-Acquisition Reorganization).

ARTICLE 5

ADDITIONAL COVENANTS REGARDING NON-SOLICITATION

Section 5.1 Non-Solicitation

- (1) From the date hereof until the date that this Agreement is terminated pursuant to Article 7, except as expressly provided in this Article 5, neither Party shall, directly or indirectly, do or authorize or permit any of its Representatives to do, any of the following:
 - (a) solicit, initiate or knowingly encourage or otherwise facilitate (including by way of furnishing or providing copies of, access to, or disclosure of, any confidential information, properties, facilities, books or records of a Party or any Subsidiary) any Acquisition Proposal in respect of such Party or any inquiries, proposals or offers relating to any Acquisition Proposal or that could reasonably be expected to lead to an Acquisition Proposal in respect of such Party;
 - (b) enter into, engage in, continue or otherwise participate in any discussions or negotiations with any person (other than the other Party hereto) regarding any Acquisition Proposal in respect of such Party or that could reasonably be expected to constitute or lead to an Acquisition Proposal in respect of such Party;
 - (c) make a Change in Recommendation;
 - (d) accept, approve, endorse or recommend, execute or enter into, or publicly propose to accept, approve, execute or enter into, any letter of intent, agreement in principle, agreement, arrangement, offer or understanding in respect of an Acquisition Proposal (other than a confidentiality and standstill agreement contemplated under Section 5.3(1)).
- (2) Each Party shall, and shall cause its Representatives to, immediately cease and terminate, and cause to be terminated, any existing solicitation, encouragement, discussion, negotiation, or other activities commenced prior to the date of this Agreement with any person (other than the other Party hereto) with respect to any inquiry, proposal or offer that constitutes or could reasonably be expected to constitute or lead to, an Acquisition Proposal, and in connection therewith, each Party will:
 - (a) immediately discontinue access to and disclosure of any of its confidential information, including any data room and any confidential information, properties, facilities, books and records of such Party or of any of its Subsidiaries; and
 - (b) within two Business Days of the date of this Agreement request and exercise all rights it has under any confidentiality agreement at the date of this Agreement related to any Acquisition Proposal, including an Acquisition Proposal made prior to the date hereof (i) the return or destruction of all copies of any confidential information regarding such Party or any of its Subsidiaries provided to any person relating to an Acquisition Proposal or any inquiry, proposal or offer that could reasonably be expected to lead to an Acquisition Proposal and (ii) the destruction of all material including or incorporating or otherwise reflecting such confidential information regarding such Party or any of its Subsidiaries.

- (3) Each Party represents that it has not as at the date of this Agreement and in the 12 months prior to the date of this Agreement, waived any confidentiality, standstill, non-disclosure, non-solicitation or similar agreement or restriction to which such Party or any of its Subsidiaries is a party. Each Party shall will use commercially reasonable efforts to enforce each confidentiality, standstill, non-disclosure, non-solicitation or similar agreement, restriction or covenant to which it or its Subsidiaries is a party and relates to a potential Acquisition Proposal (including a potential Acquisition Proposal made prior to the date hereof) and neither it, nor any of its Subsidiaries have or will, without the prior written consent of the other Party (which may be withheld or delayed in the other Party's sole and absolute discretion), release any Person from, or waive, amend, suspend or otherwise modify such Person's obligations, or any of its Subsidiaries, under any such confidentiality, standstill, non-disclosure, non-solicitation or similar agreement to which the Party or any of its Subsidiaries is a party; provided, however, that the Parties acknowledge and agree that the automatic termination or release of any such agreement, restriction or covenant in accordance with their terms will not be a violation of this Section 5.1(3).
- (4) Each Party shall advise its Representatives of the prohibitions set out in this Article 5 and any violation of the restrictions set forth in this Article 5 by a Party's Representatives is deemed to be a breach of this Article 5 by such Party.

Section 5.2 Notification of Acquisition Proposals

If a Party or any of its Representatives receives an Acquisition Proposal or any inquiry, proposal or offer that constitutes or could reasonably be expected to lead to an Acquisition Proposal after the date of this Agreement, or any request for copies of, access to, or disclosure of, confidential information relating to such Party or any Subsidiary in connection with such an Acquisition Proposal, inquiry, proposal or offer, such Party shall as soon as practicable and in any event within twenty four (24) hours of the receipt thereof notify the other Party (at first orally and then in writing) of such Acquisition Proposal, inquiry, proposal, offer or request. Such notice shall include a description of the material terms and conditions of such Acquisition Proposal, inquiry, proposal, offer or request and the identity of all persons making the Acquisition Proposal, inquiry, proposal, offer or request and such Party shall provide the other Party with unredacted copies of all written documents, correspondence or other material received in respect of, from or on behalf of any such person or any other information reasonably necessary to keep the other Party informed in all material respects of the Acquisition Proposal. The Party receiving the Acquisition Proposal, inquiry, proposal, offer or request shall keep the other Party informed on a current basis of the status of material or substantive developments and (to the extent such Party is permitted by Section 5.3 to enter into discussions or negotiations), the status of discussions and negotiations with respect to any such Acquisition Proposal, inquiry, proposal, offer or request or change thereof and shall provide the other Party with copies of all material or substantive correspondence if in writing or electronic form, and if not in writing or electronic form, a description of the material terms of such correspondence sent or communicated to such Party by or on behalf of any person making any such Acquisition Proposal, inquiry, proposal, offer or request or change thereof.

Section 5.3 Responding to an Acquisition Proposal

- (1) Notwithstanding any provision of this Agreement, if at any time following the date of this Agreement and prior to, in the case of SKYE, the approval of the SKYE Resolution by the SKYE Shareholders, and, in the case of EHT, the approval of the EHT Arrangement Resolution by the EHT Shareholders, a Party receives an Acquisition Proposal that did not result from a breach of this Article 5 (it being understood that a Party will not be in breach of this Article 5 if such Party or its Representatives contact the Person who has made an Acquisition Proposal for the sole purpose of clarifying the terms and conditions of such Acquisition Proposal), such Party and its Representatives may engage in or participate in discussions or negotiations regarding such Acquisition Proposal, and may provide copies of, access to or disclosure of information, properties, facilities, books or records of such Party or its Subsidiaries to the person or persons making such Acquisition Proposal, if and only if:
- (a) the special committee of such Party first determines in good faith, after consultation with its financial advisors and its outside legal counsel, that such Acquisition Proposal constitutes or could reasonably be expected to constitute or lead to a Superior Proposal;
 - (b) the person or persons making such Acquisition Proposal was not restricted from making such Acquisition Proposal pursuant to an existing confidentiality, standstill, non-disclosure, use, business purpose or similar restriction with such Party or its Subsidiaries;
 - (c) such Party has been, and continues to be, in compliance with its obligations under this Article 5 in all material respects;
 - (d) prior to providing any such copies, access, or disclosure, such Party enters into a confidentiality and standstill agreement with the person or persons making such Acquisition Proposal substantially in the same form as the Confidentiality Agreement and which will not contain an exclusivity provision or other term which would restrict in any manner such Party's ability to consummate the transactions hereunder or to comply with its disclosure obligations to the other Party hereunder and any such copies, access or disclosure provided to the person or persons making such Acquisition Proposal shall have already been (or will simultaneously be) provided to the other Party; and

- (e) such Party promptly provides the other Party with:
 - (i) written notice stating such Party's intention to participate in such discussions or negotiations and to provide such copies, access or disclosure; and
 - (ii) prior to providing any such copies, access or disclosure, a true, complete and final executed copy of the confidentiality and standstill agreement referred to in Section 5.3(1)(d).
- (2) Nothing contained in this Agreement (but, for certainty, subject to Section 7.2) shall prevent a Party or its board of directors from complying with a court order or Section 2.17 of National Instrument 62-104 – *Takeover Bids and Issuer Bids* and similar provisions under Securities Laws relating to the provision of a directors' circular in respect of an Acquisition Proposal or from calling and/or holding a meeting of its shareholders requisitions in accordance with applicable Law; provided that the Party so complying shall provide the other Party with a reasonable opportunity to review the form and content of such circular or other response before it is sent by the Party so complying.

Section 5.4 Right to Match

- (1) If a Party receives an Acquisition Proposal that constitutes a Superior Proposal (the "**Receiving Party**") prior to, in the case of EHT being the Receiving Party, the approval of the EHT Arrangement Resolution by the EHT Shareholders, and in the case of SKYE being the Receiving Party, the approval of the SKYE Resolution by the SKYE Shareholders, the Receiving Party may, subject to compliance with Section 7.2, enter into a definitive agreement with respect to such Superior Proposal, if and only if:
 - (a) the person or persons making such Superior Proposal was not restricted from making such Superior Proposal pursuant to an existing confidentiality, standstill, non-disclosure, use, business purposes or similar restriction with the Receiving Party or its Subsidiaries;
 - (b) the Receiving Party has delivered to the other Party a written notice of the determination of the Receiving Party's special committee that such Acquisition Proposal constitutes a Superior Proposal and of the intention of the Receiving Party's special committee of directors to resolve that the Receiving Party enter into such definitive agreement with respect to such Superior Proposal (the "**Superior Proposal Notice**");
 - (c) the Receiving Party has provided the other Party a copy of the proposed definitive agreement for the Superior Proposal and all supporting materials, including any financing documents supplied to a Receiving Party in connection therewith;
 - (d) at least five Business Days (the "**Matching Period**") have elapsed from the date that is the later of the date on which the other Party received the Superior Proposal Notice and the date on which such other Party received all of the materials set forth in Section 5.4(1)(c);
 - (e) during any Matching Period, such other Party has had the opportunity (but not the obligation), in accordance with Section 5.4(2), to offer to amend this Agreement and the Arrangement in order for such Acquisition Proposal to cease to be a Superior Proposal;
 - (f) after the Matching Period, the Receiving Party's special committee has determined in good faith, after consultation with its outside legal counsel and financial advisors, that such Acquisition Proposal continues to constitute a Superior Proposal (if applicable, compared to the terms of the Arrangement as proposed to be amended by the other Party under Section 5.4(2)) and that the failure by the special committee to take such action would be inconsistent with its fiduciary duties; and
 - (g) prior to or concurrently with entering into such definitive agreement the Receiving Party terminates this Agreement pursuant to Section 7.2, and pays the SKYE Termination Amount or the EHT Termination Amount, as applicable, pursuant to Section 7.3.
- (2) During the Matching Period, or such longer period as the Receiving Party may approve in writing for such purpose the Receiving Party's special committee shall review any offer made by the other Party under Section 5.4(1)(e) to amend the terms of this Agreement and the Arrangement in good faith in order to determine whether such proposal would, upon acceptance, result in the Acquisition Proposal previously constituting a Superior Proposal ceasing to be a Superior Proposal. If the Receiving Party's special committee determines that such Acquisition Proposal would cease to be a Superior Proposal, the Receiving Party shall promptly so advise the other Party and the Parties shall amend this Agreement to reflect such offer made by the other Party, and shall take and cause to be taken all such actions as are necessary to give effect to the foregoing.
- (3) Each successive amendment or modification to any Acquisition Proposal that results in an increase in, or modification of, the consideration (or value of such consideration) to be received by the Receiving Party or its

shareholders or other material terms or conditions thereof shall constitute a new Acquisition Proposal for the purposes of this Section 5.4 and the other Party shall be afforded a new Matching Period (provided that any such subsequent Matching Period will only be three Business Days) from the later of the date on which such other Party received the Superior Proposal Notice and the date on which such other Party received all of the materials set forth in Section 5.4(1)(c) with respect to the new Superior Proposal from the Receiving Party.

- (4) The Receiving Party's board of directors shall promptly reaffirm the EHT Board Recommendation or the SKYE Board Recommendation, as the case may be, by press release after any Acquisition Proposal which is not determined to be a Superior Proposal is publicly announced or the Receiving Party's board of directors determines that a proposed amendment to the terms of this Agreement as contemplated Section 5.4(2) would result in an Acquisition Proposal no longer being a Superior Proposal. The Receiving Party shall provide the other Party and its outside legal counsel with a reasonable opportunity to review the form and content of any such press release and shall make all reasonable amendments to such press release as requested by the other Party and its counsel.
- (5) If the Receiving Party provides a Superior Proposal Notice to the other Party on a date that is less than ten Business Days before the EHT Meeting or the SKYE Meeting, as the case may be, the other Party will be entitled to require the Receiving Party to proceed with or adjourn or postpone such EHT Meeting or SKYE Meeting, as the case may be, in accordance with the terms of this Agreement to a date specified by the other Party that is not more than ten Business Days after the scheduled date of the EHT Meeting or the SKYE Meeting, as the case may be, provided that in no event shall such adjourned or postponed meeting be held on a date that is less than five Business Days prior to the Outside Date.

raise as a defense that any such liquidated damages are excessive or punitive. - (2) Despite the foregoing, each of the Parties acknowledges to each of the Indemnified Persons their direct rights against each of them under Section 4.7, which are intended for the benefit of, and shall be enforceable by, each Indemnified Person and the SKYE Nominees, as applicable, his or her heirs and his or her legal representatives, and for such purpose, each Party confirms that it is acting as trustee and/or agent on their behalf, and agrees to enforce such provisions on their behalf.

Section 8.4 Further Assurances

Section 8.5 Governing Law

This Agreement shall be governed, including as to validity, interpretation and effect, by the laws of the Province of British Columbia and the federal laws of Canada applicable therein. Each of the Parties hereby irrevocably attorns to the non-exclusive jurisdiction of the Courts of the Province of British Columbia situated in the City of Vancouver in respect of all matters arising under and in relation to this Agreement and waives objection to venue of any proceeding in such court or that such court provides an inconvenient forum.

Section 8.6 Injunctive Relief

Subject to Section 7.3, the Parties agree that irreparable harm would occur for which money damages would not be an adequate remedy at law in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the Parties shall be entitled to seek an injunction or injunctions, specific performance and other equitable relief to prevent breaches or threatened breaches of this Agreement, and any requirement for the securing or posting of any bond in connection with the obtaining of any such injunctive or other equitable relief is hereby being waived, this being in addition to any other remedy to which the Parties may be entitled at law or equity.

Except as expressly permitted by the terms hereof, neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned by either of the Parties without the prior written consent of the other Party.

Section 8.9 Severability

If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule or Law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any Party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the fullest extent possible.

Section 8.10 No Liability

No director or officer of a Party or of any of its affiliates shall have any personal liability whatsoever to the other Party under this Agreement or any other document delivered in connection with the transactions contemplated hereby on behalf of a Party.

Section 8.11 Rules of Construction

Section 8.12 Counterparts, Execution

This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original but all of which together shall constitute one and the same instrument. The Parties shall be entitled to rely upon delivery of an

Section 2.3 Transfers Free and Clear

Any transfer of securities pursuant to this Plan of Arrangement shall be free and clear of all Liens, claims and encumbrances.

ARTICLE 3
ARRANGEMENT

Section 3.1 The Arrangement

Commencing at the Effective Time, each of the events set out below shall occur and be deemed to occur in the following sequence, in each case without any further authorization, act or formality on the part of any Person:

- (1) at the Effective Time:
 - (a) each Dissenting Share held by an EHT Dissenting Shareholder who is ultimately determined to be entitled to be paid the fair value of the Dissenting Shares in respect of which such EHT Dissenting Shareholder has exercised Dissent Rights shall be, and shall be deemed to be, transferred by the holder thereof, without any further act or formality on its part, to SKYE (free and clear of all Liens) and SKYE shall thereupon be obliged to pay the amount therefor determined and payable in accordance with Article 4; such EHT Dissenting Shareholder will cease to be the holder thereof or to have any rights as a holder in respect of such Dissenting Share other than the right to be paid the fair value of such Dissenting Share determined and payable in accordance with Article 4; and
 - (b) the name of each EHT Dissenting Shareholder shall be removed from the register of the EHT Shares and such Dissenting Shares shall be automatically cancelled as at the Effective Date;
- (2) immediately after the steps in Section 3.1(1) occur:
 - (a) each EHT Share outstanding immediately prior to the Effective Time (other than Dissenting Shares held by EHT Dissenting Shareholders who are ultimately determined to be entitled to be paid the fair value of their Dissenting Shares as determined in accordance with Article 4 and any EHT Shares held by SKYE or any Subsidiary of SKYE), shall be, and shall be deemed to be, transferred by the holder thereof to SKYE (free and clear of all Liens) and, in consideration therefor, SKYE shall issue and deliver or cause to be delivered to such holders the Share Consideration, subject to Article 5;
 - (b) each holder of each EHT Share transferred to SKYE pursuant to Section 3.1(2)(a) shall cease to be the holder thereof, or to have any rights as a holder thereof other than the right to receive the Share Consideration issuable in respect of each EHT Share held pursuant to Section 3.1(2)(a) and shall be removed from the register of the EHT Shares and legal and beneficial title to each such EHT Share shall be transferred to SKYE and SKYE will be and be deemed to be the transferee and legal and beneficial owner of such EHT Share (free and clear of any Liens) and will be entered in the central securities register of EHT as the sole holder thereof; and
 - (c) SKYE will be the holder of all of the outstanding EHT Shares;
- (3) at the same time as the steps in Section 3.1(2) occur:
 - (a) each EHT Option, to the extent it has not been exercised as at the Effective Date, will cease to represent an option or other right to acquire EHT Shares, will be exchanged by the holder thereof, without any further act or formality and free and clear of all Liens, for an option (a “**Replacement Option**”) to purchase a number of SKYE Shares equal to the product of the Exchange Ratio multiplied by the number of EHT Shares issuable on exercise of such EHT Option immediately prior to the

Effective Time for an exercise price per SKYE Share equal to the exercise price per share of such EHT Option immediately prior to the Effective Time divided by the Exchange Ratio and rounded up to the nearest whole cent (provided that, if the foregoing calculation results in a Replacement Option being exercisable for a fraction of a SKYE Share, then the number of SKYE Shares subject to such Replacement Option shall be rounded down to the next whole number of SKYE Shares) and the EHT Options shall thereupon be cancelled. The term to expiry, conditions to and manner of exercise and other terms and conditions of each of the Replacement Options shall be the same as the terms and conditions of the EHT Option for which it is exchanged and shall be governed by the terms of the SKYE Amended Omnibus Incentive Plan. Any document previously evidencing an EHT Option shall thereafter evidence and be deemed to evidence such Replacement Option and no certificates evidencing the Replacement Options shall be issued. It is intended that subsection 7(1.4) of the Tax Act apply to such exchange of options. Accordingly, and notwithstanding the foregoing, if required, the exercise price of a Replacement Option will be increased such that the In-The-Money Amount of the Replacement Option immediately after the exchange does not exceed the In-The-Money Amount of the EHT Option immediately before the exchange;

- (b) each EHT Warrant, to the extent it has not been exercised as at the Effective Date, will be exchanged by the holder thereof, without any further act or formality and free and clear of all Liens, for a warrant (a “**Replacement Warrant**”) to purchase a number of SKYE Shares equal to the product of the Exchange Ratio multiplied by the number of EHT Shares issuable on exercise of such EHT Warrant immediately prior to the Effective Time for an exercise price per SKYE Share equal to the exercise price per share of such EHT Warrant immediately prior to the Effective Time divided by the Exchange Ratio and rounded up to the nearest whole cent (provided that, if the foregoing calculation results in a Replacement Warrant being exercisable for a fraction of a SKYE Share, then the number of SKYE Shares subject to such Replacement Warrant shall be rounded down to the next whole number of SKYE Shares) and the EHT Warrants shall thereupon be cancelled. The term to expiry, conditions to and manner of exercise and other terms and conditions of each of the Replacement Warrants shall be the same as the terms and conditions of the EHT Warrant for which it is exchanged. Any document previously evidencing an EHT Warrant shall thereafter evidence and be deemed to evidence such Replacement Warrant and no certificates evidencing the Replacement Warrants shall be issued; and
- (c) the EHT Omnibus Incentive Plan shall be terminated and, for greater certainty, all rights thereunder to receive any securities of EHT formerly held by EHT Securityholders shall be extinguished; and

no person shall have any rights, liabilities or other obligations in respect of the share capital of EHT other than SKYE and each EHT Shareholder and holder of EHT Options and EHT Warrants outstanding immediately prior to the Effective Time, with respect to each step set out above applicable to such holder, shall be deemed, at the time such step occurs, to have executed and delivered all consents, releases, assignments and waivers, statutory or otherwise, required to transfer all EHT Shares, EHT Options and EHT Warrants held by such holder in accordance with such step.

ARTICLE 4 DISSENT RIGHTS

Shareholders who duly exercise such rights of dissent in accordance with this Section 4.1 shall be deemed to have transferred all EHT Shares held by such Dissenting Shareholder and in respect of which Dissent Rights have been validly exercised, to SKYE, free and clear of all Liens, as provided in Section 3.1(1)(a) and if any such Dissenting Shareholders.

- (b) are ultimately not entitled, for any reason, to be paid the fair value for EHT Shares in respect of which they have exercised Dissent Rights, such Dissenting Shareholders will be deemed to have participated in the Arrangement on the same basis as a Shareholder who has not exercised Dissent Rights, as at and from the time specified in Section 3.1(2)(a) and shall be entitled to receive only the consideration set forth in Section 3.1(2)(a) that such holder would have received pursuant to the Arrangement if such holder had not exercised Dissent Rights;

but in no case will EHT or SKYE or any other person be required to: (i) recognize a person exercising Dissent Rights unless such person is the registered holder of EHT Shares in respect of which such Dissent Rights are purported to be exercised; or (ii) recognize such holders as holders of EHT Shares in respect of which Dissent Rights have been validly exercised after the completion of the steps set forth in Section 3.1, and each EHT Dissenting Shareholder will cease to be entitled to the rights of a Shareholder in respect of EHT Shares in relation to which such EHT Dissenting Shareholder has exercised Dissent Rights and the central securities register of EHT will be amended to reflect that such former holder is no longer the holder of such EHT Shares as and from the Effective Time and that such EHT Shares have been transferred to SKYE. For greater certainty, and in addition to any other restriction under Sections 237 to 247 of the BCBCA, a Shareholder who has voted, or instructed a proxyholder to vote, in favour of the Arrangement Resolution shall not be entitled to exercise Dissent Rights with respect to the Arrangement.

- (2) For greater certainty in accordance with the BCBCA, none of the following are entitled to exercise Dissent Rights: (i) holders of EHT Options; (ii) holders of EHT Warrants; (iii) any holder of any other securities of EHT exercisable for EHT Shares; and (iv) holders of EHT Shares who vote in favour of the Arrangement Resolution.

EHT Share being issuable, the number of SKYE Shares to be received by such holder shall be rounded down to the nearest whole SKYE Share.

Section 5.4 Adjustment to Share Consideration

The Exchange Ratio shall be adjusted to reflect fully the effect of any stock split, reverse split or stock dividend (including any dividend or distribution of securities convertible into EHT Shares or SKYE Shares, as applicable), consolidation, reorganization, recapitalization or other like change with respect to EHT Shares or the SKYE Shares occurring after the date of the Arrangement Agreement and prior to the Effective Time.

PLAN OF ARRANGEMENT

EMPLOYEE STOCK PURCHASE PLAN OF SKYE BIOSCIENCE, INC.

SKYE BIOSCIENCE, INC.
2022 EMPLOYEE STOCK PURCHASE PLAN

ARTICLE I.
PURPOSE

1.1 The purpose of this Plan is to assist Eligible Employees of the Company and its Designated Entities in acquiring a stock ownership interest in the Company.

1.2 The Plan permits two types of Offerings: a Section 423 Offering and a Non-Section 423 Offering. It is the intention of the Company to have each Section 423 Offering qualify as an “employee stock purchase plan” under Section 423 of the Code and to have each Non-Section 423 Offering be exempt from the requirements of Section 409A of the Code. The provisions of the Plan with respect to any Section 423 Offering shall, accordingly, be construed and administered consistently with that intention. Except as otherwise provided in the Plan or determined by the Administrator, each Non-Section 423 Offering will operate and be administered in the same manner as any Section 423 Offering.

1.3 For purposes of this Plan, the Administrator may designate separate Offerings under the Plan in which Eligible Employees will participate and whether the Offering is a Section 423 Offering or a Non-Section 423 Offering. The terms of these Offerings need not be identical, even if the dates of the applicable Offering Period(s) in each such Offering are identical, provided that the terms of participation are the same within each separate Offering.

For purposes of the Plan, the employment relationship shall be treated as continuing intact while the individual is on sick leave or other leave of absence approved by the Company or Designated Entity and meeting the requirements of Treasury Regulation Section 1.421-1(h)(2). OFFERING PERIODS; OFFERING DOCUMENTS; PURCHASE DATES**

4.1 Offering Periods. The Administrator may from time to time grant or provide for the grant of rights to purchase Shares under the Plan to Eligible Employees during one or more periods (each, an “*Offering Period*”) selected by the Administrator. The terms and conditions applicable to each Offering Period shall be set forth in an “*Offering Document*” adopted by the Administrator from time to time, which Offering Document shall be in such form and shall contain such terms and conditions as the Administrator shall deem appropriate and shall be incorporated by reference into and made part of the Plan. The Administrator may establish in each Offering Document one or more Purchase Periods within such Offering Period during which rights granted under the Plan shall be exercised and purchases of Shares carried out in accordance with such Offering Document and the Plan. The provisions of separate Offerings or Offering Periods under the Plan may be partially or wholly concurrent and need not be identical.

4.2 Offering Documents. Each Offering Document with respect to an Offering Period shall specify (through incorporation of the provisions of this Plan by reference or otherwise):

- (a) the length of the Offering Period, which period shall not exceed twenty-seven (27) months;
- (b) the length of the Purchase Period(s) within the Offering Period, which period(s) shall not exceed twelve (12) months;
- (c) in connection with each Section 423 Offering that contains more than one Purchase Period, the maximum aggregate number of Shares which may be purchased by any Eligible Employee during each Purchase Period (if applicable), which, in the absence of a contrary designation by the Administrator, shall be 175,000 Shares, subject to the limitations described in Section 5.5;
- (d) in connection with each Section 423 Offering that does not contain more than one Purchase Period, the maximum aggregate number of Shares which may be purchased by any Eligible Employee during such Purchase Period (if applicable), which, in the absence of a contrary designation by the Administrator, shall be 350,000 Shares, subject to the limitations described in Section 5.5;
- (e) that each Purchase Period within an Offering Period must have an Enrollment Date that is the first Trading Day of the Offering Period;
- (f) whether the Offering for such Offering Period is intended to be a Section 423 Offering or a Non-Section 423 Offering; and
- (g) such other provisions as the Administrator determines are appropriate, subject to the Plan.

**ARTICLE V.
ELIGIBILITY AND PARTICIPATION**

5.1 Eligibility. Any Eligible Employee who shall be employed by the Company or a Designated Entity on a given Enrollment Date for an Offering Period shall be eligible to participate in the Plan during such Offering Period, subject to the requirements of this Article V and, with respect to Section 423 Offerings, the limitations imposed by Section 423(b) of the Code.

5.2 Enrollment in Plan.

(a) Except as otherwise set forth herein or in an Offering Document or determined by the Administrator, an Eligible Employee may become a Participant in the Plan for an Offering Period by (i) delivering a subscription agreement to the Company (or executing such electronic subscription agreement as required by the Administrator), and (ii) if the Participant elects to participate in the Cashless Participation Program (if adopted by the Administrator for the Offering), agreeing to the terms of the Cashless Participation Program Documents, by such time prior to the Enrollment Date for such Offering Period (or such other date specified in the Offering Document) designated by the Administrator and in such form as the Administrator provides.

(b) Each subscription agreement shall designate a whole percentage or a fixed dollar amount, as designated by the Administrator, of such Eligible Employee's Compensation to be withheld by the Company or the Designated Entity employing such Eligible Employee on each payday during the Offering Period as payroll deductions under the Plan. The percentage of Compensation designated by an Eligible Employee may not be less than one percent

(1%) and may not be more than the maximum percentage specified by the Administrator in the applicable Offering Document (which maximum percentage shall be fifteen percent (15%) in the absence of any such designation) as payroll deductions. The fixed dollar amount of Compensation designated by an Eligible Employee may not be more than the maximum dollar amount specified by the Administrator in the applicable Offering Document; provided that, in no event shall the actual amount withheld on any payday hereunder exceed the net amount payable to the Eligible Employee on such payday after taxes and any other applicable deductions therefrom (and if amounts to be withheld hereunder would otherwise result in a negative payment to the Eligible Employee on such payday, the amount to be withheld hereunder shall instead be reduced by the least amount necessary to avoid a negative payment amount for the Eligible Employee on such payday, as determined by the Administrator). The payroll deductions made for each Participant shall be credited to an account for such Participant under the Plan and shall be deposited with the general funds of the Company.

(c) Unless otherwise provided in the terms of an Offering Document, a Participant may increase or decrease the percentage or fixed amount of Compensation designated in the subscription agreement, subject to the limits of this Section 5.2, or may suspend payroll deductions entirely, in any case, at any time during an Offering Period; provided, however, that the Administrator may limit or eliminate the type or number of changes a Participant may make to payroll deduction elections during each Offering Period in the applicable Offering Document, and in the absence of any specific designation by the Administrator, and unless provided otherwise in the Offering Document, a Participant shall be allowed to decrease (but not increase) or suspend payroll deduction elections entirely, in either case, once during each Purchase Period. Any such change or suspension of payroll deductions shall be effective with the first full payroll period starting thirty (30) days after the Company's receipt of the new subscription agreement (or such shorter or longer period as may be specified by the Administrator in the applicable Offering Document). If a Participant suspends payroll deductions during an Offering Period, such Participant's cumulative unapplied payroll deductions prior to the suspension (if any) shall remain in the Participant's account and shall be applied to the purchase of Shares on the next occurring Purchase Date. For clarity, if a Participant who suspends participation in an Offering Period ceases to be an Eligible Employee or withdraws from participation in such Offering Period, in either case, prior to the Purchase Date next following the Participant's suspension of participation in the Offering Period, in any case, such Participant's cumulative unapplied payroll deductions shall be returned to the Participant in accordance with Article VII.

(d) Except as otherwise set forth herein or in an Offering Document or as otherwise determined by the Administrator, a Participant may participate in the Plan only by means of payroll deduction and may not make contributions by lump-sum payment for any Offering Period.

5.3 Payroll Deductions. Except as otherwise provided herein (including the provisions relating to the Cashless Participation Program, if applicable) or in the applicable Offering Document, payroll deductions for a Participant shall commence on the first payday in the Offering Period and shall end on the last payday in the Offering Period to which the Participant's authorization is applicable unless sooner terminated by the Participant as provided in Article VII or suspended by the Participant or the Administrator as provided in Section 5.2 or Section 5.6, respectively.

5.4 Effect of Enrollment. A Participant's delivery of a subscription agreement will enroll such Participant in the Plan for each subsequent Offering Period on the terms contained therein until the Participant either submits a new subscription agreement, withdraws from participation under the Plan as provided in Article VII or otherwise becomes ineligible to participate in the Plan, except as otherwise set forth in Section 7.1.

5.5 Statutory Limit on Purchase of Shares. An Eligible Employee may be granted rights under the Section 423 Offerings only if such rights, together with any other rights granted to such Eligible Employee under "employee stock purchase plans" of the Company, any Parent or any Subsidiary, as specified by Section 423(b)(8) of the Code, do not permit such employee to purchase stock of the Company or any Parent or Subsidiary at a rate that exceeds \$25,000 of the fair market value of such stock (determined as of the first day of the Offering Period during which such rights are granted) for each calendar year in which such rights are outstanding at any time. This limitation for Section 423 Offerings shall be applied in accordance with Section 423(b)(8) of the Code.

5.6 Suspension of Payroll Deductions. Notwithstanding the foregoing, to the extent necessary for Section 423 Offerings to comply with Section 423(b)(8) of the Code and Section 5.5 or the other limitations set forth in this Plan, a Participant's payroll deductions may be suspended by the Administrator at any time during an Offering Period. The balance of the amount credited to the account of each Participant that has not been applied to the purchase of Shares by reason of Section 423(b)(8) of the Code or Section 5.5 of the Plan shall be paid to such Participant in one lump sum in cash, without interest, as soon as reasonably practicable after the Purchase Date (but no later than thirty (30) days thereafter).

5.7 Leave of Absence. During leaves of absence approved by the Company (or Designated Entity employing the Participant) that meet the requirements of Treasury Regulation Section 1.421-1(h)(2), unless otherwise set forth in the terms of an Offering Document, a Participant may continue participation in the Plan by making cash payments to the Company on the Participant's normal payday equal to the Participant's authorized payroll deduction, notwithstanding Section 5.2(d).

ARTICLE VI. GRANT AND EXERCISE OF RIGHTS

6.1 Grant of Rights. On the Enrollment Date of each Offering Period, each Eligible Employee participating in such Offering Period shall be granted a right to purchase the maximum number of Shares specified under Section 4.2, subject to the limits in Section 5.5, and shall have the right to buy, on each Purchase Date during such Offering Period (at the applicable Purchase Price), such number of whole Shares (and a right to obtain a fractional Share as may be provided in the Offering Document) as is determined by dividing (a) the sum of (I) such Participant's payroll deductions accumulated prior to such Purchase Date and retained in the Participant's account as of the Purchase Date, and (II) if applicable, the proceeds of any Cashless Participation Amount the Participant has agreed to contribute under the Cashless Participation Program, by (b) the applicable Purchase Price (rounded down to the nearest Share). The right shall expire on the earliest of (i) the last Purchase Date of an Offering Period, (ii) the last day of the Offering Period, or (iii) the date on which the Participant withdraws from the Plan in accordance with Section 7.1 or Section 7.3.

6.2 Cashless Participation Program. If the Company determines that a Cashless Participation Program will be offered for an Offering Period, an Eligible Employee may become a participant in the Cashless Participation Program by completing and submitting to the Company, the Administrator, or the Cashless Participation Provider, the Cashless Participation Program Documents, which shall contain terms and conditions of the Eligible Employee's participation in the Cashless Participation Program, including, without limitation, the level of participation, sale price, loan terms, interest and repayment provisions. Such Cashless Participation Program Documents shall be delivered to the Administrator by such time prior to the Enrollment Date for such Offering Period (or such other date specified in the Offering Document) designated by the Administrator and in such form as the Company, the Administrator, or the Cashless Participation Provider provides. The aggregate outstanding principal amount of any loan to a Participant under the Cashless Participation Program will be equal to the difference between the Participant's selected payroll contribution rate pursuant to Section 5.2(b) and the maximum allowable under the Plan for such Offering Period pursuant to Section 4.2, but not in excess of any loan limit imposed by the Administrator. Participation in the Cashless Participation Program is available to all Eligible Employees other than employees subject to the disclosure requirements of Section 16(a) of the Exchange Act, unless prohibited by Applicable Law or unless the Administrator determines otherwise in accordance with Applicable Law. A Participant must contribute a minimum of one percent (1%) of Compensation (or such higher or lower amount as the Administrator may specify) to be able to participate in the Cashless Participation Program.

6.3 Exercise of Rights. On each Purchase Date, each Participant's accumulated payroll deductions and any other additional payments specifically provided for herein or in the applicable Offering Document (if applicable, including the proceeds of any Cashless Participation Amount) will be applied to the purchase of whole Shares, up to the number of Shares permitted pursuant to the terms of the Plan and the applicable Offering Document, at the Purchase Price. No fractional Shares shall be issued upon the exercise of rights granted under the Plan, unless the Offering Document specifically provides otherwise. Unless the Offering Document provides for the right to obtain fractional Shares, any cash remaining in the Participant's account after the purchase of whole Shares will be carried forward and applied toward the purchase of whole Shares for the next following Offering Period, unless the Participant has suspended payroll deductions, withdrawn from the Plan or is otherwise ineligible to participate in the Plan, in which case such cash shall be paid to such Participant in one lump sum, without interest, as soon as reasonably practicable after the Purchase Date (but no later than thirty (30) days thereafter).

6.4 Pro Rata Allocation of Shares. If the Administrator determines that, on a given Purchase Date, the number of Shares with respect to which rights are to be exercised may exceed (a) the number of Shares that were available for issuance under the Plan on the Enrollment Date of the applicable Offering Period, or (b) the number of Shares available for issuance under the Plan on such Purchase Date, the Administrator may in its sole discretion provide that the Company shall make a pro rata allocation of the Shares available for purchase in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all Participants for whom rights to purchase Shares are to be exercised on such Purchase Date, and shall either (i) continue all Offering Periods then in effect, or (ii) terminate any or all Offering Periods then in effect pursuant to Article IX. The Administrator may make a pro rata allocation of the Shares available on the Enrollment Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional Shares for issuance under the Plan by the Company's stockholders subsequent to such Enrollment Date. The balance of the amount credited to the account of each Participant that has not been applied to the purchase of Shares shall be paid to such Participant without interest in one lump sum in cash, without interest, as soon as reasonably practicable after the Purchase Date, or such earlier date as determined by the Administrator.

6.5 Withholding. At the time a Participant's rights under the Plan are exercised, in whole or in part, or at the time some or all of the Shares issued under the Plan are disposed of, the Participant must make adequate provision for the Company's (or a Designated Entity's) obligation to withhold, collect or account for federal, state, local, foreign or other income taxes, employment taxes, social insurance, payroll taxes, national insurance contributions and other contributions, payment on account obligations or other amounts (the "**Taxes**"), if any, that arise upon the grant or exercise of any purchase right under the Plan or the disposition of the Shares. At any time, the Company may, but shall not be obligated to, withhold from the Participant's compensation or Shares to be received pursuant to the Plan the amount necessary for the Company (or a Designated Entity) to meet applicable obligations with respect to Taxes, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Shares by the Participant, if applicable.

6.6 Conditions to Issuance of Shares. The Company shall not be required to issue or deliver any certificate or certificates for, or make any book entries evidencing, Shares purchased upon the exercise of purchase rights under the Plan prior to fulfillment of all of the following conditions: (a) the admission of such Shares to listing on all stock exchanges, if any, on which the Shares are then listed; (b) the completion of any registration or other qualification of such Shares under any state, federal or foreign law or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body, that the Company shall, in its absolute discretion, deem necessary or desirable; (c) the obtaining of any approval or other clearance from any state, federal or foreign governmental agency that the Company shall, in its absolute discretion, determine to be necessary or desirable; (d) the payment to the Company of all amounts that it (or a Designated Entity) is required to withhold with respect to Taxes, if any; and (e) the lapse of such reasonable period of time following the exercise of the rights as the Administrator may from time to time establish for reasons of administrative convenience.

6.7 Vesting. A Participant's interest in the Shares purchased under the Plan shall be immediately vested and nonforfeitable in full upon issuance.

ARTICLE VII.

WITHDRAWAL; CESSATION OF ELIGIBILITY

7.1 Withdrawal. A Participant may withdraw all, but not less than all, of the payroll deductions credited to the Participant's account and not yet used to exercise the Participant's purchase rights under the Plan at any time by giving written notice to the Administrator in a form acceptable to the Administrator no later than thirty (30) days prior to the end of the then-applicable Purchase Period (or such shorter or longer period as may be specified by the Administrator in the applicable Offering Document). All of the payroll deductions credited to the Participant's account during such Purchase Period and not yet used to exercise purchase rights under the Plan shall be paid to such Participant as soon as reasonably practicable after receipt of notice of withdrawal (but no later than thirty (30) days following receipt of such notice), such Participant's rights for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of Shares shall be made for such Offering Period. If a Participant withdraws from an Offering Period (including by virtue of a suspension as described in Section 5.2(c)), payroll deductions shall not resume at the beginning of any subsequent Offering Period unless the Participant is an Eligible Employee and timely delivers to the Administrator a new subscription agreement by the applicable enrollment deadline for any such subsequent Offering Period, as determined by the Administrator.

7.2 Future Participation. A Participant's withdrawal from an Offering Period shall not have any effect upon the Participant's eligibility to participate in any similar plan that may hereafter be adopted by the Company or a Designated Entity or in any subsequent Offering Period that commences on or after the Participant's withdrawal from any Offering Period, subject to the terms of such similar plan or subsequent Offering.

7.3 Cessation of Eligibility. Upon a Participant's ceasing to be an Eligible Employee for any reason (which shall include an employment transfer from the Company or any Designated Entity participating in the Plan to any Subsidiary that is not participating in the Plan), the Participant shall be deemed to have elected to withdraw from the Plan pursuant to this Article VII and the payroll deductions credited to such Participant's account during the then-current Purchase Period shall be paid to such Participant or, in the case of the Participant's death, to the Participant's Designated Beneficiary, as soon as reasonably practicable (but no later than thirty (30) days following such Participant's cessation as an Eligible Employee), and such Participant's rights for the Offering Period shall be automatically terminated.

ARTICLE VIII.

ADJUSTMENTS UPON CHANGES IN SHARES

8.1 Changes in Capitalization. Subject to Section 8.3, in the event that the Administrator determines that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), stock split, change in control, reorganization, merger, amalgamation, consolidation, combination, repurchase, redemption, recapitalization, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company, or sale or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or other similar corporate transaction or event, as determined by the Administrator, affects the Shares such that an adjustment is determined by the Administrator to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended by the Company to be made available under the Plan or with respect to any outstanding rights under the Plan, the Administrator shall make equitable adjustments, if any, to reflect such change with respect to (a) the aggregate number and type of Shares (or other securities or property) that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Section 3.1 and the limitations established in each Offering Document pursuant to Section 4.2 on the maximum number of Shares that may be purchased); (b) the kind, class and number of Shares and price per Share subject to outstanding rights; and (c) the Purchase Price with respect to any outstanding rights.

8.2 Other Adjustments. Subject to Section 8.3, in the event of any transaction or event described in Section 8.1 or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in Applicable Law or accounting principles, the

Administrator, in its discretion, and on such terms and conditions as it deems appropriate, is hereby authorized to take any one or more of the following actions whenever the Administrator determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended by the Company to be made available under the Plan or with respect to any outstanding rights under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(a) Except in the case of a Canadian Person, to provide for either (i) termination of any outstanding right in exchange for an amount of cash, if any, equal to the amount that would have been obtained upon the exercise of such right had such right been currently exercisable or (ii) the replacement of such outstanding right with other rights or property selected by the Administrator in its sole discretion;

(b) To provide that the outstanding rights under the Plan shall be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar rights covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(c) To make adjustments in the number, kind and class of Shares (or other securities or property) subject to outstanding rights under the Plan and/or in the terms and conditions of outstanding rights and rights that may be granted in the future;

(d) To provide that Participants' accumulated payroll deductions may be used to purchase Shares prior to the next occurring Purchase Date on such date as the Administrator determines in its sole discretion and the Participants' rights under the ongoing Offering Period(s) shall be terminated; and

(e) To provide that all outstanding rights shall terminate without being exercised.

8.3 No Adjustment Under Certain Circumstances. Unless determined otherwise by the Administrator, no adjustment or action described in this Article VIII or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to fail to satisfy the requirements of Applicable Law.

8.4 No Other Rights. Except as expressly provided in the Plan, no Participant shall have any rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any dividend, any increase or decrease in the number of shares of stock of any class or any dissolution, liquidation, merger, or consolidation of the Company or any other corporation. Except as expressly provided in the Plan or pursuant to action of the Administrator under the Plan, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number of Shares subject to outstanding rights under the Plan or the Purchase Price with respect to any outstanding rights.

ARTICLE IX.

AMENDMENT, MODIFICATION AND TERMINATION

9.1 Amendment, Modification and Termination. The Administrator may amend, suspend or terminate the Plan at any time and from time to time; provided, however, that approval of the Company's stockholders shall be required to amend the Plan to increase the aggregate number, or change the type, of shares that may be sold pursuant to rights under the Plan under Section 3.1 (other than an adjustment as provided by Article VIII) or as may otherwise be required under Section 423 of the Code with respect to Section 423 Offerings or as may otherwise be required by applicable stock exchange requirements; provided further that that, if a Cashless Participation Program is implemented as provided in Section 6.2, any Cashless Participation Program Document may only be amended in accordance with its terms.

9.2 Certain Changes to Plan. Without stockholder consent and without regard to whether any Participant rights may be considered to have been adversely affected (and to the extent permitted by Applicable Law, including, with respect to a Section 423 Offering, Section 423 of the Code), the Administrator shall be entitled to change or terminate the Offering Periods, limit the frequency and/or number of changes in the amount withheld from Compensation during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the processing of payroll withholding elections by the Company or a Designated Entity, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Shares for each Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion to be advisable that are consistent with the Plan.

9.3 Actions In the Event of Unfavorable Financial Accounting Consequences. In the event the Administrator determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Administrator may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

- (a) altering the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;
- (b) shortening any Offering Period so that the Offering Period ends on a new Purchase Date, including an Offering Period underway at the time of the Administrator action;
- (c) allocating Shares; and
- (d) such other changes and modifications as the Administrator determines are necessary or desirable.

Such modifications or amendments shall not require stockholder approval or the consent of any Participant.

9.4 Payments Upon Termination of Plan. Upon termination of the Plan, the balance in each Participant's account shall be refunded as soon as practicable after such termination (but no later than thirty (30) days thereafter), without any interest thereon, or if the Administrator so determines, the Offering Period may be shortened so that the purchase of Shares occurs prior to the termination of the Plan.

ARTICLE X. TERM OF PLAN

The Plan shall become effective on the Effective Date and shall continue until the first to occur of (i) the date the Plan is terminated by the Administrator in accordance with Section 9.1, (ii) no Shares remain available for purchase, or (iii) ten (10) years from the date of adoption by the Board. The effectiveness of the Plan shall be subject to approval of the Plan by the Company's stockholders within twelve (12) months following the date the Plan is first approved by the Board. No right may be granted under the Plan prior to such stockholder approval. No rights may be granted under the Plan during any period of suspension of the Plan or after termination of the Plan.

ARTICLE XI. ADMINISTRATION

11.1 Administrator. Unless otherwise determined by the Board, the Administrator of the Plan shall be the Compensation Committee of the Board (or any other committee or subcommittee of the Board to which the Board delegates administration of the Plan). The Board may at any time vest in the Compensation Committee or any other committee or subcommittee any other authority or duties for administration of the Plan. The Administrator may delegate administrative tasks under the Plan to the services of an Agent or Employees to assist in the administration of the Plan, including establishing and maintaining an individual securities account under the Plan for each Participant.

11.2 Authority of Administrator. The Administrator shall have the power, subject to, and within the limitations of, the express provisions of the Plan to:

- (a) determine when and how rights to purchase Shares shall be granted and the provisions of each offering of such rights (which need not be identical);
- (b) designate from time to time which Affiliates or Subsidiaries of the Company shall be Designated Entities, which designation may be made without the approval of the stockholders of the Company;
- (c) impose a mandatory holding period pursuant to which Participants may not dispose of or transfer Shares purchased under the Plan (except for Shares disposed of pursuant to the terms of the Cashless Participation Program Documents, if applicable) for a period of time determined by the Administrator in its discretion;
- (d) adopt rules, procedures or sub-plans or different terms as may be necessary or desirable to comply with provisions of the Applicable Law of other countries or jurisdictions to ensure the viability of the benefits from purchase rights granted to Participants employed in such countries or jurisdictions or to meet the requirements that permit the Plan to operate in a qualified or tax efficient manner;
- (e) construe and interpret the Plan and rights granted under it, including the terms of any Offering Document, and to establish, amend and revoke rules and regulations for its administration;
- (f) correct any defect, omission or inconsistency in the Plan or any Offering Document, in a manner and to the extent it shall deem necessary or desirable to make the Plan or Offering Document fully effective;
- (g) amend, suspend or terminate the Plan as provided in Article IX; and

(h) generally exercise such powers and to perform such acts as the Administrator deems necessary or desirable to promote the best interests of the Company and its Subsidiaries and to carry out the intent that the component of the Plan relating to Section 423 Offerings be treated as an "employee stock purchase plan" within the meaning of Section 423 of the Code.

11.3 Decisions Binding. The Administrator's interpretation of the Plan, any Offering Document, any rights granted pursuant to the Plan, any subscription agreement and all decisions and determinations by the Administrator with respect to the Plan are final, binding, and conclusive on all parties.

ARTICLE XII. MISCELLANEOUS

12.1 Restriction upon Assignment. A right granted under the Plan shall not be transferable other than by will or the Applicable Law of descent and distribution, and is exercisable during the Participant's lifetime only by the Participant. Except in the case of a Participant's death, a right under the Plan may not be exercised to any extent except by the Participant. The Company shall not recognize and shall be under no duty to recognize any assignment or alienation of the Participant's interest in the Plan or the Participant's rights under the Plan. For the avoidance of doubt, participation in the Cashless Participation Program (if adopted by the Administrator as provided in Section 6.2), including without limitation, the delivery to the Cashless Participation Provider of any Shares required for the repayment by the Participant of any Cashless Participation Amount, will not be deemed to violate this Section 12.1.

12.2 Rights as a Stockholder. With respect to Shares subject to a right granted under the Plan, no Participant or Designated Beneficiary shall be deemed to be a stockholder of the Company, and no Participant or Designated Beneficiary shall have any of the rights or privileges of a stockholder, until such Shares have been issued to the Participant or the Designated Beneficiary following exercise of the Participant's rights under the Plan. No adjustments shall be made for dividends (ordinary or extraordinary, whether in cash securities, or other property) or distribution or other rights for which the record date occurs prior to the date of such issuance, except as otherwise expressly provided herein or as determined by the Administrator.

12.3 Interest. No interest shall accrue on the payroll deductions or other contributions of a Participant under the Plan.

12.4 Notices. All notices or other communications by a Participant to the Administrator under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Administrator at the location, or by the person, Administrator by the Company for the receipt thereof.

12.5 Equal Rights and Privileges. Subject to Section 5.7, all Eligible Employees will have equal rights and privileges under any particular Offering under the Plan, to the extent necessary for any Section 423 Offering to comply with Section 423 of the Code. With respect to Section 423 Offerings, any provision of the Plan that is inconsistent with Section 423 of the Code will, without further act or amendment by the Company, the Board, or the Administrator, be reformed to comply with the equal rights and privileges requirement of Section 423 of the Code.

12.6 Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

12.7 Reports. Statements of account shall be given to Participants at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of Shares purchased and the remaining cash balance, if any.

12.8 No Employment Rights. Nothing in the Plan shall be construed to give any person (including any Eligible Employee or Participant) the right to employment or service (or to remain in the employ or service) with the Company or any Parent, Subsidiary or Affiliate or affect the right of the Company or any Parent, Subsidiary or Affiliate to terminate the employment or service of any person (including any Eligible Employee or Participant) at any time, with or without cause.

12.9 Notice of Disposition of Shares. This Section 12.9 shall apply only to Shares purchased pursuant to Section 423 Offerings. Each Participant shall give prompt notice to the Company of any disposition or other transfer of any Shares purchased upon exercise of a right under the Plan if such disposition or transfer is made: (a) within two (2) years from the Enrollment Date of the Offering Period in which the Shares were purchased or (b) within one (1) year after the Purchase Date on which such Shares were purchased. Such notice shall specify the date of such disposition or other transfer and the amount realized, in cash, other property, assumption of indebtedness or other consideration, by the Participant in such disposition or other transfer. At the Company's request, Participants will be required to provide the Company or a Designated Entity with any information reasonably required for tax reporting purposes.

12.10 Limitations on Liability. Notwithstanding any other provisions of the Plan, no individual acting as a director, officer, employee or agent of the Company, any Subsidiary, the Administrator, the Agent, the Cashless

Participation Provider or its clearing broker will be liable to any Participant, former Participant, Designated Beneficiary or any other person for any claim, loss, liability, or expense incurred in connection with the Plan or any Offering Period, and such individual will not be personally liable with respect to the Plan because of any contract or other instrument executed in the capacity as an Administrator, director, officer, other employee or agent of the Company, any Subsidiary, the Agent, the Cashless Participation Provider or its clearing broker. The Company will indemnify and hold harmless each director, officer, other employee and agent of the Company or any Subsidiary that has been or will be granted or delegated any duty or power relating to the Plan's administration or interpretation (including any Offering Document), against any cost or expense (including attorneys' fees) or liability (including any sum paid in settlement of a claim with the Administrator's approval) arising from any act or omission concerning this Plan unless arising from such person's own fraud or bad faith.

12.11 Severability. If any portion of the Plan or any Offering Document or any action taken under it is held illegal or invalid for any reason, the illegality or invalidity will not affect the remaining parts of the Plan and Offering Document, and the Plan and Offering Document will be construed and enforced as if the illegal or invalid provisions had been excluded, and the illegal or invalid action will be null and void.

12.12 Titles and Headings. The titles and headings in the Plan are for convenience of reference only and, if any conflict, the Plan's text, rather than such titles or headings, will control.

12.13 Conformity to Securities Laws. The Plan is intended to conform to the extent necessary with Applicable Law. Notwithstanding anything herein to the contrary, the Plan and all Offering Periods will be administered only in conformance with Applicable Law. To the extent Applicable Law permits, the Plan and all Offering Periods will be deemed amended as necessary to conform to Applicable Law.

12.14 Relationship to Other Benefits. No payment under the Plan will be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare, or other benefit plan of the Company or any Subsidiary except as expressly provided in writing in such other plan or an agreement thereunder.

12.15 Governing Law. The Plan and any agreements hereunder shall be administered, interpreted, and enforced in accordance with the laws of the State of Nevada, disregarding any state's choice of law principles requiring the application of a jurisdiction's laws other than the State of Nevada.

12.16 Electronic Forms. To the extent permitted by Applicable Law and in the discretion of the Administrator, an Eligible Employee may submit any form or notice as set forth herein or as set forth in any Offering Document by means of an electronic form approved by the Administrator. Before the commencement of an Offering Period, the Administrator shall prescribe the time limits within which any such electronic form shall be submitted to the Administrator with respect to such Offering Period in order to be a valid election.

12.17 Section 409A. The Plan, the Offering Documents, and the rights to purchase Shares granted pursuant to Offerings thereunder are intended to be exempt from the application of Section 409A of the Code and the U.S. Department of Treasury Regulations and other interpretive guidance issued thereunder (collectively, "Section 409A"). Notwithstanding any provision of the Plan or any Offering Document to the contrary, if the Administrator determines that any right to purchase Shares granted under the Plan may be or become subject to Section 409A or that any provision of the Plan or any Offering Document may cause a right to purchase Shares granted under the Plan to be or become subject to Section 409A, the Administrator may adopt such amendments to the Plan, the applicable Offering Document, and/or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions as the Administrator determines are necessary or desirable to avoid the imposition of taxes under Section 409A, either through compliance with the requirements of Section 409A or with an available exemption therefrom. Notwithstanding any other provision of the Plan, none of the Company or any of its Parents or Subsidiaries, or any of their officers, directors, employees or agents, including the Administrator, shall be liable to any Eligible Employee, Participant, Designated Beneficiary or other person if the Plan does not comply with, or is not exempt from, Section 409A.

12.18 Plan Not Subject to ERISA. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.

STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

(c) Designation of Options. The Committee shall designate, at the time of the grant of each Option, the Option as an Incentive Stock Option or a Non-Qualified Stock Option; *provided, however*, that an Option may be designated as an Incentive Stock Option only if the applicable Participant is an employee of the Company on the Date of Grant.

(d) Option Term. The term of each Option shall be fixed by the Committee, but, subject to the special restrictions applicable to Incentive Stock Options specified in Section 6.01(e), no Option shall be exercisable more than ten (10) years after the Date of Grant.

(e) Special Incentive Stock Option Rules. No Participant may be granted Incentive Stock Options under the Plan (or any other plans of the Company) that would result in Incentive Stock Options to purchase shares of Common Stock with an aggregate Fair Market Value (measured on the Date of Grant) of more than \$100,000 first becoming exercisable by the Participant in any one calendar year. Notwithstanding any other provision of the Plan to the contrary, the Exercise Price of each Incentive Stock Option shall be equal to or greater than the Fair Market Value of the Common Stock subject to the Incentive Stock Option as of the Date of Grant of the Incentive Stock Option; *provided, however*, that no Incentive Stock Option shall be granted to any person who, at the time the Option is granted, owns stock (including stock owned by application of the constructive ownership rules in Section 424(d) of the

Code) possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company, unless at the time the Incentive Stock Option is granted the price of the Option is at least one hundred ten percent (110%) of the Fair Market Value of the Common Stock subject to the Incentive Stock Option and the Incentive Stock Option by its terms is not exercisable for more than five years from the Date of Grant.

(f) Rights As a Stockholder. A Participant or a transferee of an Option pursuant to Section 11.04 shall have no rights as a stockholder with respect to Common Stock covered by an Option until the Participant or transferee shall have become the holder of record of any such shares, and no adjustment shall be made for dividends in cash or other property or distributions or other rights with respect to any such Common Stock for which the record date is prior to the date on which the Participant or a transferee of the Option shall have become the holder of record of any such shares covered by the Option; provided, however, that Participants are entitled to share adjustments to reflect capital changes under Section 11.07.

(g) Exercise Due to Death or Disability. If an optionee's employment with the Company terminates by reason of death or disability, the Option may thereafter be immediately exercised, to the extent then exercisable (or on such accelerated basis as the Committee shall determine at or after the grant), by the legal representative of the optionee, by the legal representative of the estate of the optionee, or by the legatee of the optionee under the will of the optionee, within such period of time as is specified in the Award Agreement (of at least six (6) months) from the date of such death or disability.

(h) Period of Exercise After Termination of Employment. Except as otherwise provided in this paragraph or otherwise determined by the Committee, if an optionee's employment with the Company terminates for any reason other than death or disability (except for termination for cause as defined by applicable law), the optionee must exercise his or her Options, to the extent then exercisable (or on such accelerated basis as the Committee shall determine at or after grant), within such period of time as is specified in the Award Agreement (of at least thirty (30) days) from the date of such termination. If the optionee does not exercise his or her Options within such specified period, the Options automatically terminate, and such Options become null and void.

(i) Acceleration or Extension of Exercise Time. The Committee, in its sole discretion, shall have the right (but shall not be obligated), exercisable on or at any time after the Date of Grant, to permit the exercise of an Option or Stock Appreciation Right (i) prior to the time such Option or Stock Appreciation Right would become exercisable under the terms of the Award Agreement, (ii) after the termination of the Option or Stock Appreciation Right under the terms of the Award Agreement, or (iii) after the expiration of the Option or Stock Appreciation Right.

6.02. Stock Appreciation Rights.

(a) Stock Appreciation Right Awards. The Committee is authorized to grant to any Participant one or more Stock Appreciation Rights. Such Stock Appreciation Rights may be granted either independent of or in tandem with Options granted to the same Participant. Stock Appreciation Rights granted in tandem with Options may be granted simultaneously with, or, in the case of Non-Qualified Stock Options, subsequent to, the grant to such Participant of the related Option; provided however, that: (i) any Option covering any share of Common Stock shall expire and not be exercisable upon the exercise of any Stock Appreciation Right with respect to the same share, (ii) any Stock Appreciation Right covering any share of Common Stock shall expire and not be exercisable upon the exercise of any related Option with respect to the same share, and (iii) an Option and Stock Appreciation Right covering the same share of Common Stock may not be exercised simultaneously. Upon exercise of a Stock Appreciation Right with respect to a share of Common Stock, the Participant shall be entitled to receive an amount equal to the excess, if any, of (A) the Fair Market Value of a share of Common Stock on the date of exercise over (B) the Exercise Price of such Stock Appreciation Right established in the Award Agreement, which amount shall be payable as provided in Section 6.02(c).

(b) Exercise Price. The Exercise Price established under any Stock Appreciation Right granted under this Plan shall be determined by the Committee, but in the case of Stock Appreciation Rights granted in tandem with Options shall not be less than the Purchase Price of the related Option; provided, however, that in no event shall the Exercise Price be less than the Fair Market Value on the Date of Grant. Upon exercise of Stock Appreciation Rights granted in tandem with options, the number of shares subject to exercise under any related Option shall automatically be reduced by the number of shares of Common Stock represented by the Option or portion thereof which are surrendered as a result of the exercise of such Stock Appreciation Rights.

(c) Payment of Incremental Value. Any payment which may become due from the Company by reason of a Participant's exercise of a Stock Appreciation Right may be paid to the Participant as determined by the Committee (i) all in cash, (ii) all in Common Stock, or (iii) in any combination of cash and Common Stock. In the event that all or a portion of the payment is made in Common Stock, the number of shares of Common Stock delivered in satisfaction of such payment shall be determined by dividing the amount of such payment or portion thereof by the Fair Market Value on the Exercise Date. No fractional share of Common Stock shall be issued to make any payment in respect of Stock Appreciation Rights; if any fractional share would be issuable, the combination of cash and Common Stock payable to the Participant shall be adjusted as directed by the Committee to avoid the issuance of any fractional share.

6.03. Terms of Stock Options and Stock Appreciation Rights.

(a) Conditions on Exercise. An Award Agreement with respect to Options or Stock Appreciation Rights may contain such waiting periods, exercise dates and restrictions on exercise (including, but not limited to, periodic installments) as may be determined by the Committee at the time of grant. In the event the Committee grants an Option or Stock Appreciation Right that would be subject to Section 409A of the Code, the Committee may include such additional terms, conditions and restrictions on the exercise of such Option or Stock Appreciation Right as the Committee deems necessary or advisable in order to comply with the requirements of Section 409A of the Code.

(b) Duration of Options and Stock Appreciation Rights. Options and Stock Appreciation Rights shall terminate upon the first to occur of the following events:

(i) Expiration of the Option or Stock Appreciation Right as provided in the Award Agreement; or

(ii) Termination of the Award in the event of a Participant's disability, retirement, death or other Termination of Service as provided in the Award Agreement, subject to Sections 6.01(g) and 6.01(h); or

(iii) In the case of an Option, ten years from the Date of Grant (five years in certain cases, as described in Section 6.01(e)); or

(iv) Solely in the case of a Stock Appreciation Right granted in tandem with an Option, upon the expiration of the related Option.

6.04. Exercise Procedures. Each Option and Stock Appreciation Right granted under the Plan shall be exercised under such procedures and by such methods as the Board may establish or approve from time to time. The Purchase Price of shares purchased upon exercise of an Option granted under the Plan shall be paid in full in cash by the Participant pursuant to the Award Agreement; provided, however, that the Committee may (but shall not be required to) permit payment to be made (a) except in the case of a Participant that is a Canadian Person, by delivery to the Company of shares of Common Stock held by the Participant, (b) by a "net exercise" method under which Options are exchanged for a number of shares of Common Stock equal to the number of shares that would otherwise be issued upon the Options' exercise minus a number of shares having a Fair Market Value equal to the Options' aggregate Purchase Price (rounded up to the nearest whole number of shares), or (c) such other consideration as the Committee deems appropriate and in compliance with applicable law (including payment under an arrangement constituting a brokerage transaction as permitted under the provisions of Regulation T applicable to cashless exercises promulgated by the Federal Reserve Board, unless prohibited by Section 402 of the Sarbanes-Oxley Act of 2002). In the event that any Common Stock shall be transferred to the Company to satisfy all or any part of the Purchase Price, the part of the Purchase Price deemed to have been satisfied by such transfer of Common Stock shall be equal to the product derived by multiplying the Fair Market Value as of the date of exercise times the number of shares of Common Stock transferred to the Company. The Participant may not transfer to the Company in satisfaction of the Purchase Price any fractional share of Common Stock. Any part of the Purchase Price paid in cash upon the exercise of any Option shall be added to the general funds of the Company and may be used for any proper corporate purpose. Unless the Committee shall otherwise determine, any Common Stock transferred to the Company as payment of all or part of the Purchase Price upon the exercise of any Option shall be held as treasury shares.

6.05. Change in Control. Unless otherwise provided by the Committee in the applicable Award Agreement, in the event of a Change in Control, no accelerated vesting of any Options or Stock Appreciation Rights outstanding on the date of such Change in Control shall occur.

The Committee may grant to any Participant an Award of Restricted Shares consisting of a specified number of shares of Common Stock issued to the Participant subject to such terms, conditions and forfeiture and transfer restrictions, whether based on performance standards, periods of service, retention by the Participant of ownership of specified shares of Common Stock or other criteria, as the Committee shall establish. The Committee may also grant Restricted Stock Units representing the right to receive shares of Common Stock in the future subject to such terms, conditions and restrictions, whether based on performance standards, periods of service, retention by the Participant of ownership of specified shares of Common Stock or other criteria, as the Committee shall establish. All Common Stock covered by Awards under this Article VII shall be subject to the restrictions, terms and conditions contained in the Plan and the Award Agreement entered into by the Participant. Until the lapse or release of all restrictions applicable to an Award of Restricted Shares, the share certificates representing such Restricted Shares may be held in custody by the Company, its designee, or, if the certificates bear a restrictive legend, by the Participant. Upon the lapse or release of all restrictions with respect to an Award as described in Section 7.02(d), one or more share certificates, registered in the name of the Participant, for an appropriate number of shares as provided in Section 7.02(d), free of any restrictions set forth in the Plan and the Award Agreement shall be delivered to the Participant.

(b) Stockholder Rights. Beginning on the Date of Grant of the Restricted Share Award and subject to execution of the Award Agreement as provided in Section 7.02(a), the Participant shall become a stockholder of the Company with respect to all shares subject to the Award Agreement and shall have all of the rights of a stockholder, including, but not limited to, the right to vote such shares and the right to receive dividends; provided, however, that any Common Stock distributed as a dividend or otherwise with respect to any Restricted Shares as to which the restrictions have not yet lapsed, shall be subject to the same restrictions as such Restricted Shares and held or restricted as provided in Section 7.02(a).

(c) Restriction on Transferability. None of the Restricted Shares may be assigned or transferred (other than by will or the laws of descent and distribution, or to a revocable inter vivos trust with respect to which the Participant is treated as the owner under Sections 671 through 677 of the Code, except to the extent that Section 16 of the Exchange Act limits a Participant's right to make such transfers), pledged or sold prior to lapse of the restrictions applicable thereto.

(d) Delivery of Shares Upon Vesting. Upon expiration or earlier termination of the forfeiture period without a forfeiture and the satisfaction of or release from any other conditions prescribed by the Committee, or at such earlier time as provided under the provisions of Section 7.04, the restrictions applicable to the Restricted Shares shall lapse. As promptly as administratively feasible thereafter, subject to the requirements of Section 11.05, the Company shall deliver to the Participant or, in case of the Participant's death, to the Participant's Beneficiary, one or more share certificates for the appropriate number of shares of Common Stock, free of all such restrictions, except for any restrictions that may be imposed by law.

(e) Forfeiture of Restricted Shares. Subject to Sections 7.02(f) and 7.04, all Restricted Shares shall be forfeited and returned to the Company and all rights of the Participant with respect to such Restricted Shares shall terminate unless the Participant continues in the service of the Company or an Affiliate as an employee until the expiration of the forfeiture period for such Restricted Shares and satisfies any and all other conditions set forth in the Award Agreement. The Committee shall determine the forfeiture period (which may, but need not, lapse in installments) and any other terms and conditions applicable with respect to any Restricted Share Award.

(f) Waiver of Forfeiture Period. Notwithstanding anything contained in this Article VII to the contrary, the Committee may, in its sole discretion, waive the forfeiture period and any other conditions set forth in any Award Agreement under appropriate circumstances (including the death, disability or Retirement of the Participant or a material change in circumstances arising after the date of an Award) and subject to such terms and conditions (including forfeiture of a proportionate number of the Restricted Shares) as the Committee shall deem appropriate.

7.03. Restricted Stock Units.

(a) Settlement of Restricted Stock Units. Payments shall be made to Participants with respect to their Restricted Stock Units as soon as practicable after the Committee has determined that the terms and conditions applicable to such Award have been satisfied or at a later date if distribution has been deferred. Payments to Participants with respect to Restricted Stock Units shall be made in the form of Common Stock, or cash or a combination of both, as the Committee may determine. The amount of any cash to be paid in lieu of Common Stock shall be determined on the basis of the Fair Market Value of the Common Stock on the date any such payment is processed. As to shares of Common Stock which constitute all or any part of such payment, the Committee may impose such restrictions concerning their transferability and/or their forfeiture as may be provided in the applicable Award Agreement or as the Committee may otherwise determine, provided such determination is made on or before the date certificates for such shares are first

delivered to the applicable Participant. Notwithstanding any provision herein to the contrary, no payment shall be made to any Participant that is a Canadian Person in respect of a Restricted Stock Unit later than the end of the third year following the year in respect of which such Restricted Stock Unit was issued.

(b) Shareholder Rights. Until the lapse or release of all restrictions applicable to an Award of Restricted Stock Units, no shares of Common Stock shall be issued in respect of such Awards and no Participant shall have any rights as a shareholder of the Company with respect to the shares of Common Stock covered by such Award of Restricted Stock Units.

(c) Waiver of Forfeiture Period. Notwithstanding anything contained in this Section 7.03 to the contrary, the Committee may, in its sole discretion, waive the forfeiture period and any other conditions set forth in any Award Agreement under appropriate circumstances (including the death, disability or retirement of the Participant or a material change in circumstances arising after the date of an Award) and subject to such terms and conditions (including forfeiture of a proportionate number of shares issuable upon settlement of the Restricted Stock Units constituting an Award) as the Committee shall deem appropriate.

(d) Deferral of Payment. If approved by the Committee and set forth in the applicable Award Agreement, a Participant may elect to defer the amount payable with respect to the Participant's Restricted Stock Units in accordance with such terms as may be established by the Committee, subject to the requirements of Section 409A of the Code.

7.04. Change in Control. Unless otherwise provided by the Committee in the applicable Award Agreement, no acceleration of the termination of any of the restrictions applicable to Restricted Shares and Restricted Stock Unit Awards shall occur in the event of a Change in Control.

ARTICLE VIII

PERFORMANCE AWARDS

8.01. Performance Awards.

(a) Award Periods and Calculations of Potential Incentive Amounts. The Committee may grant Performance Awards to Participants. A Performance Award shall consist of the right to receive a payment (measured by the Fair Market Value of a specified number of shares of Common Stock, increases in such Fair Market Value during the Award Period and/or a fixed cash amount) contingent upon the extent to which certain predetermined performance targets have been met during an Award Period. The Award Period shall be two or more fiscal or calendar years as determined by the Committee. The Committee, in its discretion and under such terms as it deems appropriate, may permit newly eligible Participants, such as those who are promoted or newly hired, to receive Performance Awards after an Award Period has commenced.

(b) Performance Targets. Subject to Section 11.18, the performance targets applicable to a Performance Award may include such goals related to the performance of the Company or, where relevant, any one or more of its Subsidiaries or divisions and/or the performance of a Participant as may be established by the Committee in its discretion. In the case of Performance Awards to "covered employees" (as defined in Section 162(m) of the Code), the targets will be limited to specified levels of one or more of the Performance Goals. The performance targets established by the Committee may vary for different Award Periods and need not be the same for each Participant receiving a Performance Award in an Award Period.

(c) Earning Performance Awards. The Committee, at or as soon as practicable after the Date of Grant, shall prescribe a formula to determine the percentage of the Performance Award to be earned based upon the degree of attainment of the applicable performance targets.

(d) Payment of Earned Performance Awards. Subject to the requirements of Section 11.05, payments of earned Performance Awards shall be made in cash or Common Stock, or a combination of cash and Common Stock, in the discretion of the Committee. The Committee, in its sole discretion, may define, and set forth in the applicable Award Agreement, such terms and conditions with respect to the payment of earned Performance Awards as it may deem desirable.

8.02. Termination of Service. In the event of a Participant's Termination of Service during an Award Period, the Participant's Performance Awards shall be forfeited except as may otherwise be provided in the applicable Award Agreement.

8.03. Change in Control. Unless otherwise provided by the Committee in the applicable Award Agreement, in the event of a Change in Control, no accelerated vesting of any Performance Awards outstanding on the date of such Change in Control shall occur.

ARTICLE IX

OTHER STOCK-BASED AWARDS

9.01. Grant of Other Stock-Based Awards. Other stock-based awards, consisting of stock purchase rights (with or without loans to Participants by the Company containing such terms as the Committee shall determine), Awards of Common Stock, or Awards valued in whole or in part by reference to, or otherwise based on, Common Stock, may be granted either alone or in addition to or in conjunction with other Awards under the Plan. Subject to the provisions of the Plan, the Committee shall have sole and complete authority to determine the persons to whom and the time or times at which such Awards shall be made, the number of shares of Common Stock to be granted pursuant to such Awards, and all other conditions of the Awards. Any such Award shall be confirmed by an Award Agreement executed by the Committee and the Participant, which Award Agreement shall contain such provisions as the Committee determines to be necessary or appropriate to carry out the intent of this Plan with respect to such Award.

9.02. Terms of Other Stock-Based Awards. In addition to the terms and conditions specified in the Award Agreement, Awards made pursuant to this Article IX shall be subject to the following:

(a) Any Common Stock subject to Awards made under this Article IX may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses; and

(b) If specified by the Committee in the Award Agreement, the recipient of an Award under this Article IX shall be entitled to receive, currently or on a deferred basis, interest or dividends or dividend equivalents with respect to the Common Stock or other securities covered by the Award; and

(c) The Award Agreement with respect to any Award shall contain provisions dealing with the disposition of such Award in the event of a Termination of Service prior to the exercise, payment or other settlement of such Award, whether such termination occurs because of Retirement, disability, death or other reason, with such provisions to take account of the specific nature and purpose of the Award.

ARTICLE X

SHORT-TERM CASH INCENTIVE AWARDS

10.1. Eligibility. Executive officers of the Company who are from time to time determined by the Committee to be "covered employees" for purposes of Section 162(m) of the Code will be eligible to receive short-term cash incentive awards under this Article X.

10.2. Awards.

(a) Performance Targets. The Committee shall establish objective performance targets based on specified levels of one or more of the Performance Goals. Such performance targets shall be established by the Committee on a timely basis to ensure that the targets are considered "preestablished" for purposes of Section 162(m) of the Code.

(b) Amounts of Awards. In conjunction with the establishment of performance targets for a fiscal year or such other short-term performance period established by the Committee, the Committee shall adopt an objective formula (on the basis of percentages of Participants' salaries, shares in a bonus pool or otherwise) for computing the respective amounts payable under the Plan to Participants if and to the extent that the performance targets are attained. Such formula shall comply with the requirements applicable to performance-based compensation plans under Section 162(m) of the Code and, to the extent based on percentages of a bonus pool, such percentages shall not exceed 100% in the aggregate.

(c) Payment of Awards. Awards will be payable to Participants in cash each year upon prior written certification by the Committee of attainment of the specified performance targets for the preceding fiscal year or other applicable performance period.

(d) Negative Discretion. Notwithstanding the attainment by the Company of the specified performance targets, the Committee shall have the discretion, which need not be exercised uniformly among the Participants, to reduce or eliminate the award that would be otherwise paid.

(e) Guidelines. The Committee may adopt from time to time written policies for its implementation of this Article X. Such guidelines shall reflect the intention of the Company that all payments hereunder qualify as performance-based compensation under Section 162(m) of the Code.

(f) Non-Exclusive Arrangement. The adoption and operation of this Article X shall not preclude the Board or the Committee from approving other short-term incentive compensation arrangements for the benefit of individuals who are Participants hereunder as the Board or Committee, as the case may be, deems appropriate and in the best of the Company.

ARTICLE XI

TERMS APPLICABLE GENERALLY TO AWARDS GRANTED UNDER THE PLAN

11.01. Plan Provisions Control Award Terms. Except as provided in Section 11.16, the terms of the Plan shall govern all Awards granted under the Plan, and in no event shall the Committee have the power to grant any Award under the Plan which is contrary to any of the provisions of the Plan. In the event any provision of any Award granted under the Plan shall conflict with any term in the Plan as constituted on the Date of Grant of such Award, the term in the Plan as constituted on the Date of Grant of such Award shall control. Except as provided in Section 11.03 and Section 11.07, the terms of any Award granted under the Plan may not be changed after the Date of Grant of such Award so as to materially decrease the value of the Award without the express written approval of the holder.

11.02. Award Agreement. No person shall have any rights under any Award granted under the Plan unless and until the Company and the Participant to whom such Award shall have been granted shall have executed and delivered an Award Agreement or received any other Award acknowledgment authorized by the Committee expressly granting the Award to such person and containing provisions setting forth the terms of the Award.

11.03. Modification of Award After Grant. No Award granted under the Plan to a Participant may be modified (unless such modification does not materially decrease the value of the Award) after the Date of Grant except by express written agreement between the Company and the Participant, provided that any such change (a) shall not be inconsistent with the terms of the Plan, and (b) shall be approved by the Committee.

11.04. Limitation on Transfer. Except as provided in Section 7.02(c) in the case of Restricted Shares, a Participant's rights and interest under the Plan may not be assigned or transferred other than by will or the laws of descent and distribution, and during the lifetime of a Participant, only the Participant personally (or the Participant's personal representative) may exercise rights under the Plan. The Participant's Beneficiary may exercise the Participant's rights to the extent they are exercisable under the Plan following the death of the Participant.

11.05. Taxes. The Company shall be entitled, if the Committee deems it necessary or desirable, to withhold (or secure payment from the Participant in lieu of withholding) the amount of any withholding or other tax required by law to be withheld or paid by the Company with respect to any amount payable and/or shares issuable under such Participant's Award, or with respect to any income recognized upon a disqualifying disposition of shares received pursuant to the exercise of an Incentive Stock Option, and the Company may defer payment or issuance of the cash or shares upon exercise or vesting of an Award unless indemnified to its satisfaction against any liability for any such tax. The amount of such withholding or tax payment shall be determined by the Committee and shall be payable by the Participant at such time as the Committee determines in accordance with the following rules:

(a) The Participant shall, provided that he or she is not a Canadian Person, have the right to elect to meet his or her withholding requirement (i) by having withheld from such Award at the appropriate time that number of shares of Common Stock, rounded down to the nearest whole share, whose Fair Market Value is equal to the amount of withholding taxes due, (ii) by direct payment to the Company in cash of the amount of any taxes required to be withheld with respect to such Award or (iii) by a combination of shares and cash. Participants that are Canadian Persons shall be required to meet their withholding requirements in the manner described in paragraph 11.05(a) (ii).

(b) In the case of Participants who are subject to Section 16 of the Exchange Act, the Committee may impose such limitations and restrictions as it deems necessary or appropriate with respect to the delivery or withholding of shares of Common Stock to meet tax withholding obligations.

11.06. Surrender of Awards: Authorization of Repricing. Any Award granted under the Plan may be surrendered to the Company for cancellation on such terms as the Committee and the holder approve. Without requiring shareholder approval, the Committee may substitute a new Award under this Plan in connection with the surrender by the Participant of an equity compensation award previously granted under this Plan or any other plan sponsored by the Company, including the substitution or grant of (i) an Option or Stock Appreciation Right with a lower exercise price than the Option or Stock Appreciation Right being surrendered, (ii) a different type of Award upon the surrender or cancellation of an Option or Stock Appreciation Right with an exercise price above the Fair Market Value of the underlying Common Stock on the date of such substitution or grant, or (iii) any other Award constituting a repricing of an Option or Stock Appreciation Right.

11.07. Adjustments to Reflect Capital Changes.

(a) Recapitalization. In the event of any corporate event or transaction (including, but not limited to, a change in the Common Stock or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, partial or complete liquidation, stock dividend, stock split, reverse stock split, spin-off, or other distribution of stock or property of the Company, a combination or exchange of Common Stock, dividend in kind, or other like change in capital structure, number of outstanding shares of Common Stock, distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction, the Committee, in order to prevent dilution or enlargement of Participants' rights under this Plan, shall make equitable and appropriate adjustments and substitutions, as applicable, to or of the number and kind of shares subject to outstanding Awards, the Purchase Price or Exercise Price for such shares, the number and kind of shares available for future issuance under the Plan and the maximum number of shares in respect of which Awards can be made to any Participant in any calendar year, and other determinations applicable to outstanding Awards. The Committee shall have the power and sole discretion to determine the amount of the adjustment to be made in each case.

(b) Merger. In the event that the Company is a party to a Merger, outstanding Awards shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, for the continuation of outstanding Awards by the Company (if the Company is a surviving corporation), for their assumption by the surviving corporation or its parent or subsidiary, for the substitution by the surviving corporation or its parent or subsidiary of its own awards for such Awards, for accelerated vesting, and except in the case of Options issued to a Participant that is a Canadian Person, accelerated expiration, settlement in cash or settlement in cash equivalents.⁶

(c) Options to Purchase Shares or Stock of Acquired Companies. After any Merger in which the Company or an Affiliate shall be a surviving corporation, the Committee may grant substituted options under the provisions of the Plan, pursuant to and in compliance with the requirements of Section 424 of the Code or (in the case of Options issued to Canadian Persons) subsection 7(1.4) of the *Income Tax Act* (Canada), replacing old options granted under a plan of another party to the Merger whose shares or stock subject to the old options may no longer be issued following the Merger. The foregoing adjustments and manner of application of the foregoing provisions shall be determined by the Committee in its sole discretion. Any such adjustments may provide for the elimination of any fractional shares which might otherwise become subject to any Options.

11.08. No Right to Continued Service. No person shall have any claim of right to be granted an Award under this Plan. Neither the Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the service of the Company or any of its Subsidiaries.

11.09. Awards Not Includable for Benefit Purposes. Payments received by a Participant pursuant to the provisions of the Plan shall not be included in the determination of benefits under any pension, group insurance or other benefit plan applicable to the Participant which is maintained by the Company or any of its Subsidiaries, except as may be provided under the terms of such plans or determined by the Board.

11.10. Governing Law. All determinations made and actions taken pursuant to the Plan shall be governed by the laws of Nevada and construed in accordance therewith.

11.11. No Strict Construction. No rule of strict construction shall be implied against the Company, the Committee, or any other person in the interpretation of any of the terms of the Plan, any Award granted under the Plan or any rule or procedure established by the Committee.

11.12. Compliance with Rule 16b-3. It is intended that, unless the Committee determines otherwise, Awards under the Plan be eligible for exemption under Rule 16b-3. The Board is authorized to amend the Plan and to make any such modifications to Award Agreements to comply with Rule 16b-3, as it may be amended from time to time, and to make any other such amendments or modifications as it deems necessary or appropriate to better accomplish the purposes of the Plan in light of any amendments made to Rule 16b-3.

11.13. Captions. The captions (i.e., all Section headings) used in the Plan are for convenience only, do not constitute a part of the Plan, and shall not be deemed to limit, characterize or affect in any way any provisions of the Plan, and all provisions of the Plan shall be construed as if no captions have been used in the Plan.

11.14. Severability. Whenever possible, each provision in the Plan and every Award at any time granted under the Plan shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of the Plan or any Award at any time granted under the Plan shall be held to be prohibited by or invalid under applicable law, then (a) such provision shall be deemed amended to accomplish the objectives of the provision as originally written to the fullest extent permitted by law and (b) all other provisions of the Plan and every other Award at any time granted under the Plan shall remain in full force and effect.

11.15. Amendment and Termination.

(a) Amendment. The Board shall have complete power and authority to amend the Plan at any time; provided, however, that the Board shall not, without the requisite affirmative approval of stockholders of the Company, make any amendment which requires stockholder approval under the Code or under any other applicable law or rule of any stock exchange which lists Common Stock or Company Voting Securities. No termination or amendment of the Plan may, without the consent of the Participant to whom any Award shall theretofore have been granted under the Plan, adversely affect the right of such individual under such Award.

(b) Termination. The Board shall have the right and the power to terminate the Plan at any time. No Award shall be granted under the Plan after the termination of the Plan, but the termination of the Plan shall not have any other effect and any Award outstanding at the time of the termination of the Plan may be exercised after termination of the Plan at any time prior to the expiration date of such Award to the same extent such Award would have been exercisable had the Plan not terminated.

11.16. Foreign Qualified Awards. Awards under the Plan may be granted to such employees of the Company and its Subsidiaries who are residing in foreign jurisdictions as the Committee in its sole discretion may determine from time to time. The Committee may adopt such supplements to the Plan as may be necessary or appropriate to comply with the applicable laws of such foreign jurisdictions and to afford Participants favorable treatment under such laws; provided, however, that no Award shall be granted under any such supplement with terms or conditions inconsistent with the provision set forth in the Plan.

11.17. Dividend Equivalents. For any Award granted under the Plan, the Committee shall have the discretion, upon the Date of Grant or thereafter, to establish a Dividend Equivalent Account with respect to the Award, and the applicable Award Agreement or an amendment thereto shall confirm such establishment. If a Dividend Equivalent Account is established, the following terms shall apply:

(a) Terms and Conditions. Dividend Equivalent Accounts shall be subject to such terms and conditions as the Committee shall determine and as shall be set forth in the applicable Award Agreement. Such terms and conditions may include, without limitation, for the Participant's Account to be credited as of the record date of each cash dividend on the Common Stock with an amount equal to the cash dividends which would be paid with respect to the number of shares of Common Stock then covered by the related Award if such shares of Common Stock had been owned of record by the Participant on such record date.

(b) Unfunded Obligation. Dividend Equivalent Accounts shall be established and maintained only on the books and records of the Company and no assets or funds of the Company shall be set aside, placed in trust, removed from the claims of the Company's general creditors, or otherwise made available until such amounts are actually payable as provided hereunder.

11.18. Adjustment of Performance Goals and Targets. Notwithstanding any provision of the Plan to the contrary, the Committee shall have the authority to adjust any Performance Goal, performance target or other performance-based criteria established with respect to any Award under the Plan if circumstances occur (including, but not limited to, unusual or nonrecurring events, changes in tax laws or accounting principles or practices or changed business or economic conditions) that cause any such Performance Goal, performance target or performance-based criteria to be inappropriate in the judgment of the Committee; provided, that with respect to any Award that is intended to qualify for the "performance-based compensation" exception under Section 162(m) of the Code and the regulations thereunder, any adjustment by the Committee shall be consistent with the requirements of Section 162(m) and the regulations thereunder.

11.19. Legality of Issuance. Notwithstanding any provision of this Plan or any applicable Award Agreement to the contrary, the Committee shall have the sole discretion to impose such conditions, restrictions and limitations (including suspending exercises of Options or Stock Appreciation Rights and the tolling of any applicable exercise period during such

suspension) on the issuance of Common Stock with respect to any Award unless and until the Committee determines that such issuance complies with (i) any applicable registration requirements under the Securities Act of 1933, as amended, or the Committee has determined that an exemption therefrom is available, (ii) any applicable listing requirement of any stock exchange on which the Common Stock is listed, (iii) any applicable Company policy or administrative rules, and (iv) any other applicable provision of state, federal or foreign law, including foreign securities laws where applicable.

11.20. Restrictions on Transfer. Regardless of whether the offering and sale of Common Stock under the Plan have been registered under the Securities Act of 1933, as amended, or have been registered or qualified under the securities laws of any state, the Company may impose restrictions upon the sale, pledge, or other transfer of such Common Stock (including the placement of appropriate legends on stock certificates) if, in the judgment of the Company and its counsel, such restrictions are necessary or desirable to achieve compliance with the provisions of the Securities Act of 1933, as amended, the securities laws of any state, the United States or any other applicable foreign law.

11.21. Further Assurances. As a condition to receipt of any Award under the Plan, a Participant shall agree, upon demand of the Company, to do all acts and execute, deliver and perform all additional documents, instruments and agreements which may be reasonably required by the Company, to implement the provisions and purposes of the Plan.

11.22. Financial Statements. To the extent required by Section 260.140.46 of Title 10 of the California Code of Regulations, the Company shall deliver financial statements to all persons to whom an Award is granted pursuant to the Plan or to all persons who otherwise hold an outstanding Option or other Award under the Plan at least annually. This Section 11.22 shall not apply to key persons whose duties in connection with the Company and its Affiliates assure them access to equivalent information.

OPINION OF SCALAR CA, LLC

May 11, 2022

Board of Directors
Skye Bioscience, Inc.
11250 El Camino Real, Suite 100
San Diego, CA 92130

Dear Members of the Board,

As per our engagement letter dated October 27, 2021 (the “Engagement Letter”), the Board of Directors of Skye Bioscience, Inc. (herein referred to as “Skye”, “SKYE”, or the “Company”) retained Scalar CA, LLC (herein referred to as “Scalar,” “we”, “our”, or “us”) as an independent, qualified financial advisor to provide an opinion (“Opinion”) as to the fairness, from a financial point of view, of the Exchange Ratio, as defined in the Arrangement Agreement (the “Arrangement”), to the Company’s Stockholders in connection with the Plan of Arrangement between the Company and Emerald Health Therapeutics, Inc. (“Emerald”, or “EHT”).

Overview of the Arrangement:

Pursuant to the Arrangement, one EHT common share will receive 1.95 Skye Shares in accordance with the Exchange Ratio as defined in the Arrangement. Each option and warrant to purchase EHT common shares will cease to be exercisable for EHT common shares, and will receive a SKYE option or Skye warrant, respectively, exercisable for the number of SKYE common shares as determined by multiplying the number of EHT common shares issuable to such option or warrant immediately prior to the Effective Time, as defined in the Arrangement, at an exercise price equal to the exercise price of such option or warrant immediately prior to the Effective Time divided by the Exchange Ratio. Skye will be the holder of all of the outstanding EHT shares.

Scalar’s Procedures and Processes:

In arriving at our Opinion, Scalar performed the following procedures, analyses, and inquiries as we deemed necessary and appropriate under the circumstances. Among other things, we:

1. Reviewed the draft Arrangement dated May 10, 2022 and other related legal documents concerning the Arrangement;
2. Reviewed certain publicly available financial statements and other business and financial information of Skye;
3. Reviewed the unaudited financial statements for the year ending December 31, 2021 concerning Emerald;
4. Reviewed the audited financial statements for the years ending December 31, 2020 and December 31, 2019 concerning Emerald;
5. Discussed the rationale, timeline, and process leading up to the execution of the Arrangement as well as the operations, financial condition, future prospects and projected operations, and performance of Skye and Emerald with senior executives of Skye;
6. Reviewed the Broker Opinion of Value related to certain Emerald real estate located in St-Eustache, Quebec dated May 11, 2022;
7. Reviewed Emerald’s projected financial statements (the “Wind-down Forecast”) prepared and provided by Skye Management (“Management”) related to the estimated future cash flows of Emerald (including Management’s views of the risks and uncertainties in achieving such projections);
8. Analyzed relevant, publicly available information related to the pharmaceutical and biotechnology industry in general as well as the companies’ websites;
9. Performed other analyses, reviewed other information, and considered other factors we deemed appropriate for providing the Opinion.

Limiting Conditions and Assumptions:

In performing our analysis and rendering this Opinion with respect to the Exchange Ratio, we have relied upon and assumed, without assuming liability or responsibility for independent verification, the accuracy and completeness of information that was publicly available or was furnished, or otherwise made available to us or discussed with or reviewed by us. We have further relied upon the assurances of the management of the Company that the financial information provided has been prepared on a reasonable basis in accordance with industry practice, and that they are not aware of any information or facts that would make any information provided to us inaccurate, incomplete or misleading.

Without limiting the generality of the foregoing, for the purpose of this Opinion, we have assumed with respect to financial forecasts, estimates and other forward-looking information reviewed by us, that such information has been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments of the management of Skye as to the expected future results of operations and financial condition of the Emerald. We assume no responsibility for and express no opinion as to any such financial forecasts, estimates or forward-looking information or the assumptions on which they were based. We have relied upon, with your consent, the assumptions of the management of the Company and third party data sources, as to all accounting, legal, tax and financial reporting matters with respect to Emerald and the Arrangement, and that the Company has been advised by counsel as to all legal matters with respect to the Arrangement, including whether all procedures required by law in connection with the Arrangement have been duly, validly and timely taken.

In arriving at our Opinion, we have assumed that the Arrangement will not be modified or amended in any material aspects. We have relied upon and assumed, without independent verification, that (i) the representations and warranties of all parties to the Arrangement are correct, (ii) there has been no material change in the assets, financial condition, business or prospects of Skye and Emerald since the date of the most recent financial statements and other information made available to us. Additionally, we have assumed that all necessary governmental and regulatory approvals and consents required for the Arrangement will be obtained in a manner that will not adversely affect Skye or the contemplated benefits to the parties of the Arrangement.

In arriving at our Opinion, we have not performed any appraisals or valuations of any specific assets or liabilities (fixed, contingent or other) of Skye or Emerald, nor have we evaluated the solvency of Skye or Emerald under any state or federal law relating to bankruptcy, insolvency or similar matters. The analyses performed by us in connection with this Opinion were going concern analyses, assuming the Arrangement was consummated. Without limiting the generality of the foregoing, we have undertaken no independent analysis of any pending or threatened litigation, regulatory action, possible unasserted claims or other contingent liabilities, to which Skye or Emerald is a party or may be subject, and at the direction of Skye and with its consent, our Opinion makes no assumption concerning, and therefore does not consider, the possible assertion of claims, outcomes or damages arising out of any such matters.

This Opinion is necessarily based upon the information available to us and facts and circumstances as they exist and are subject to evaluation on the date hereof; events occurring after the date hereof could materially affect the assumptions used in preparing this Opinion. We have not undertaken to update, reaffirm or revise this Opinion or otherwise comment upon any events occurring after the date hereof, material information provided to us after the date hereof, or any change in facts or circumstances that occur after the date hereof, and do not have any obligation to update, revise or reaffirm this Opinion.

We have been engaged by Skye to act as its financial advisor and we will receive a fee from Skye for providing our services. We will also receive a fee for rendering this Opinion. No portion of these fees is refundable or contingent upon the consummation of a transaction or the conclusion reached in this Opinion. Skye has also agreed to indemnify us against certain liabilities and reimburse us for certain expenses in connection with our services. We may, in the future, provide financial advisory and valuation services to Skye and may receive fees for the rendering of such services.

Consistent with applicable legal and regulatory requirements, we have adopted policies and procedures to establish and maintain our independence. While under no obligation to do so, Scalar utilizes a fairness committee to approve fairness opinions in accordance with industry best practices. The fairness committee meets to scrutinize the financial analyses and the associated conclusions. Scalar's fairness committee is comprised of several professionals with diverse backgrounds in finance and valuation. The fairness committee is further comprised of members of the deal team and other Scalar professionals.

This Opinion is provided to the Board of Directors of Skye in connection with its evaluation of the Arrangement and is not intended to be, and does not constitute, a recommendation to any shareholder of Skye as to how such shareholder should

act or vote with respect to the Arrangement or any other matter. This Opinion shall not be disclosed, referred to, published, or otherwise used (in whole or in part), nor shall any public references to us or this Opinion be made, without our prior written approval.

This Opinion addresses solely the fairness to Skye's Stockholders of the Exchange Ratio, from a financial point of view, and does not address any other terms or agreements relating to the Arrangement. Coronavirus

In response to this, global reactions have led to significant restrictions on travel, quarantines, temporary business closures and a general reduction in consumer activity.

During the three months ended March 31, 2022, government restrictions and protocols as a response to COVID-19 have varied in detail and effect in response to fluctuating case levels and hospitalizations. However, as of the date of this MD&A, restrictions have generally been lifted.

All of the Company's operating facilities in Canada operated at full capacity throughout the quarter and in compliance with the required protocols and guidelines related to COVID-19 within each region where the Company's facilities are located.

The Company's priority during the quarter was to safeguard the health and safety of its personnel, support and enforce government actions to slow the spread of COVID-19, and continually assess and mitigate the risks to its business operations. The Company took several measures to reduce risks and enhance the safety of staff working at all of its facilities. This included working remotely, reorganizing physical layouts, adjusting schedules to improve physical distancing, implementing extra health screening measures for employees, and applying rigorous standards for personal protective equipment.

Results of Operations

Quarter ended March 31, 2022

The net loss for the quarter ended March 31, 2022, was \$3.77 million (loss of \$0.018 per share), compared to the net loss of \$2.90 million (loss of \$0.014 per share) for the same quarter in the prior year. Diluted loss per share is the same as basic loss per share as the outstanding options and warrants have an anti-dilutive effect on the loss per share.

Factors contributing to the net loss for the three-month period ended March 31, 2022, include the following:

Revenue

Revenue for the quarter ended March 31, 2022, was \$2.49 million compared to \$2.65 million for the same period in the prior year. For the quarter ended March 31, 2022, revenue was comprised of 92% dried product, and 8% concentrates, extracts and edibles, compared to approximately 93.5% dried product, 6.5% oils in the quarter ended March 31, 2021. The decrease in revenues from sale of goods is primarily driven by the \$218 decline in sales of medicinal products and \$298 decline in recreational sales clearing, offset by a \$85 increase in sales of recreational products and \$108 increase in bulk sales. The decline of sales of medicinal products is related to the Company's announcement of its exit of the medicinal market and due to the closure of its website.

Cost of Sales

Cost of goods sold currently consists of four main categories: (i) cost of goods sold expensed from inventory, (ii) production costs, (iii) change in the fair value of biological assets and (iv) amortization of the Health Canada licences.

Cost of goods sold represents the deemed cost of inventory that arose from the fair value measurement of biological assets, subsequent post-harvest costs capitalized to inventory, purchased dried cannabis, and costs to produce cannabis oils capitalized to inventory (including the deemed cost of dried inventory that arose from the fair value measurement of biological assets that were used to produce cannabis oils), and packaging costs. Cost of goods sold expensed from inventory for the quarter ended March 31, 2022, and March 31, 2021 was \$1.04 million and \$1.13 million, respectively.

This decrease in cost of goods sold is driven by decreases in medicinal and third party cost of sales, offset by an increase in recreational cost of sales. The \$390 increase in recreational cost in sales is in line with sales of recreational products after elimination of pass-through sales transactions. Similarly, the \$110 decline in medicinal cost of sales is in line with the decline in sales of medicinal products.

Production costs include all direct and indirect production related costs, including security, compliance, quality control and quality assurance costs, as well as overhead relating to the cultivation activities. All post-harvest inventory production costs in excess of standard cost are not capitalized and recorded as cost of goods sold. Production costs included \$0.635 million of costs during the three months ended March 31, 2022 (March 31, 2021 - \$1.44 million). The decrease in production costs were primarily driven by a \$359 decrease in direct and indirect wages due to reduced headcount in the production department which was offset by \$248 increase in employee severance and retention expense, \$362 decrease in depreciation expense due to the classification of substantially all of the Company's assets as held for sale, \$141 decrease utilities due to the Company's efforts to wind down operations, a \$19 decrease in freight and shipping, a \$33 decrease in building maintenance and repairs, and a \$139 decrease in subcontracted labor.

During the three months ended March 31, 2022, the Company recognized \$0.57 million (March 31, 2021 - \$0.39 million) in excise taxes from recreational sales. The increase in excise taxes is due to the Company's increased sales during the three months ended March 31, 2022. Excise taxes are levied based on the quantity of total tetrahydrocannabinol ("THC") contained in the cannabis products sold to customers. Although these taxes are not always billed to customers, the increase in revenue during the three months ended March 31, 2022 is the primary factor causing the increase in excise taxes. Excise taxes were 19% of revenues during the three months ended March 31, 2022, compared to 15% of revenues during the three months ended March 31, 2021.

The change in biological assets for the quarter ended March 31, 2022, resulted in gain of \$0.1 million compared to a gain of \$0.1 million in the same quarter of the prior year. The gain in the prior period was due to a change in estimates used for fair value less costs to sell ("FVLCS") used as an input in the valuation of biological assets during that period.

The Company measures biological assets consisting of cannabis plants at fair value less cost to sell up to the point of harvest, which becomes the basis for the cost of finished goods inventories after harvest. Seeds are measured at fair market value, except for a portion which is restricted with respect to distribution due to the conditions under which they were acquired that are measured at cost. The significant assumptions used in determining the fair value of cannabis plants are as follows: the plant attrition rate for various stages of development; yield per plant; wholesale selling price fewer costs to sell; percentage of total expected costs incurred to date; and costs incurred for each stage of plant growth.

Gains recognized in the fair value of biological assets are recorded in a manner that decreases the cost of sales. Changes in the fair value of biological assets can be significant during periods of large expansion in the cultivation area. In determining the fair value of cannabis plants, assumptions are used regarding the variability in the average age and number of cannabis plants available at each period end.

Inventory write-down – During the quarter ended March 31, 2022, a write-down of \$0.45 million (March 31, 2021 - \$0.23 million) was recognized for dried cannabis, packaged inventory, and bulk cannabis oils (related to product deterioration, a packaging defect and limited remaining shelf life). The decrease in inventory write-down is due to the inventory written off during the three months ended December 31, 2022. As the Company is in the process of pivoting from the recreational and medicinal cannabis industry to the pharmaceutical development industry, prior period write-downs of inventory have resulted in a lower balance of inventory, and therefore a lower amount of inventory write-downs, in the current period.

Other expenses

General and Administrative – During the quarter ended March 31, 2022, the Company incurred general and administrative expenses of \$2.73 million versus \$2.23 million for the quarter ended March 31, 2021. In the quarter ended March 31, 2022, general and administrative costs included salaries and benefits of \$1.01 million (three months ended March 31, 2021 - \$0.76 million). This increase was driven by employee severance and retention expenses in the amount of \$.28 million during the three months ended March 31, 2022. Consulting and professional services fees were \$0.73 million during the three months ended March 31, 2022 (three months ended March 31, 2021 - \$0.62 million). This increase was caused by increase legal activity related to the winding down of operations and the Arrangement with Skye, increased audit and review fees, increased director fees, and increased subscriptions and membership dues. Increases to consulting and

professional services were offset by decreases in recruiting fees which were not incurred during the three months ended March 31, 2022 and fewer consulting services utilized. Investor relations fees were \$0.10 million during the three months ended March 31, 2022 (three months ended March 31, 2021 - \$0.04 million). The increase resulted from fees due to the Company's transfer agent. Office and general expenses were \$0.03 million (three months ended March 31, 2021 - \$0.02 million), with the increase resulting from travel costs. D&O insurance costs were \$0.22 during the three months ended March 31, 2022 (three months ended March 31, 2021 - \$0.27). The decrease resulted from lower D&O insurance costs compared to the same period in the prior year. Rent, repairs, and construction expenses of \$0.55 million were incurred during the three months ended March 31, 2022 (three months ended March 31, 2021 - \$0.43 million). The change was primarily due to lower rent expense from the reduced usage of facilities and fewer active leases during the current period, fewer repairs being performed in the current period, and fewer asset production costs in the current period. This was offset by an increase in property tax expenses related to penalties for late filing and increased security expenses. Utilities expenses were \$0.09 million during the three months ended March 31, 2022 (three months ended March 31, 2021 - \$0.09 million).

Sales and marketing – In the quarter ended March 31, 2022, the Company incurred sales and marketing expenses of \$0.44 million versus \$0.43 million in the comparable 2021 prior period.

Research and development – In the quarter ended March 31, 2022, the Company incurred research and development expenses of \$0.26 million (three months ended March 31, 2021 - \$0.27 million). Costs decreased during the current period due to the cessation of new product development. The decrease in research and development expenses is primarily due to a \$21 decrease in depreciation expense resulting from substantially all of the Company's assets being classified as held for sale, and a \$22 decrease in consulting fees resulting from the Company's focus on the winding down of operations. These decreases were offset by severances provided to employees of \$44.

Share-based compensation – In the quarter ended March 31, 2022, the Company incurred share-based compensation expenses of \$(.21) million versus \$0.14 million in the comparable 2021 prior period. The amounts are compensation expenses related to employee, director, and consultant incentive stock options which are measured at fair value at the date of grant and expensed over the vesting period. During the quarters ended March 31, 2022, and March 31, 2021, the Company granted no stock options or restricted share units ("RSU") to employees and consultants.

Liquidity and Capital Resources

The Company continually monitors and manages its cash flow to assess the liquidity necessary to fund operations and capital projects. The Company manages its capital resources and adjusts them to consider changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust its capital resources, the Company may, where necessary, control the amount of working capital, pursue financing, or manage the timing of its capital expenditures. As at March 31, 2022, the Company had working capital of \$10.96 million (current assets of \$20.20 million less current liabilities of \$9.24 million).

The consolidated financial statements have been prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. It is unlikely that the Company will be able to generate sufficient gross margins to reach profitability as the Company is winding down its cannabis operations which represented its only source of active income.

As at March 31, 2022, the Company had \$16.04 million in cash and cash equivalents.

Management will continue to closely monitor its cash flows as it purposely shifts away from the cannabis sector, reduces its burn rate and seeks to divest its remaining cannabis assets and complete the Arrangement.

The composition of the Company's accounts payable and accrued liabilities was as follows:

(000's)	March 31, 2022 (\$)	March 31, 2021 (\$)

Cash used in operating activities for the period ended March 31, 2022, was \$2.34 million, compared to cash used of \$6.64 million in Q1 of the prior year. The current year amount reflects the decrease in general and administrative, sales and marketing and research and development expenditures, and decreases in cash outflows for payments of current liabilities from the period ended March 31, 2021.

Cash provided by investing activities for the period ended March 31, 2022, was \$31 thousand, compared to cash provided by investing activities of \$10.74 million during the same period in the prior year. The decrease is due to the sale of joint venture interests, payment of deferred payment, and purchase of plant and equipment which occurred during the period ended March 31, 2021, but not during the period ended March 31, 2022.

Cash used in financing activities for the period ended March 31, 2022 was \$167 thousand, compared to cash provided of \$1.20 million in the prior period. The decrease is primarily due to warrant exercises which occurred during the period ended March 31, 2021, but not during the period ended March 31, 2022.

Financial Risk Management

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management policies on an annual basis. Management identifies and evaluates the Company's financial risks and is charged with the responsibility of establishing controls and procedures to ensure financial risks are mitigated in accordance with the approved policies.

Measurement Uncertainty and Impairment Assessments

During the year ended December 31, 2021, the Company initiated a plan to close operations of its facility located in Metro Vancouver, British Columbia, as announced subsequent to the year end, which is an indicator of impairment. The fair value of this facility was determined based on a third-party appraisal using a FVLCD approach including the market and cost approaches. Consideration was given to information from manufacturers, historical data and industry standards which constitute both observable and unobservable inputs (level 2 and level 3).

Biological assets of \$76 were impaired due to the lack of sales through the date that the unaudited condensed interim consolidated financial statements were issued.

Management continues to review each of its assets for indicators of impairment.

Transactions with Related Parties

The Company has entered into transactions with an entity that may be considered to be a control person of the Company, a wholly-owned subsidiary of such entity, a company controlled by the Company's former Executive Chairman, a company whose CEO is also a director of the Company, and with Pure Sunfarms Corp. In addition, on April 29, 2022, the Company entered into an arrangement agreement with Skye Bioscience Inc. ("Skye"), which is a related party of the Company due to the fact that Sciences is also a control person of Skye, as further described below under "Proposed Transactions".

Emerald Health Sciences Inc.

As at March 31, 2022, Sciences held an aggregate of 39,401,608 Common Shares, representing 19% (March 31, 2021 – 39,401,608 shares, representing 18%) of the issued and outstanding Common Shares and it also held 9,099,706 (March 31, 2021 – 9,099,706) common share purchase warrants of the Company.

On July 4, 2022, Sciences and the Company terminated the amended and restated independent contractor agreement with Sciences originally dated October 5, 2017, as subsequently amended and restated on January 1, 2018 and as further amended on October 1, 2019.

See "Development of Business after the Reporting Period" for more details.

Subsidiaries of Emerald Health Sciences Inc.

On October 3, 2018, the Company announced that it entered into a research agreement with VivaCell Biotechnologies Spain S.L.U. ("VivaCell"), a corporation located in Córdoba, Spain and focused on cannabinoid pharmaceutical research, which will provide its cannabinoid-industry-leading contract research organization ("CRO") services to the Company to elucidate the mechanism of action of proprietary formulations and dosage forms that the Company is developing. EH Spain is a wholly owned subsidiary of Sciences, who was a control person of the Company at the time and was therefore a related party of the Company. To date, the Company has used the CRO services of EH Spain with total costs incurred of €20,000. The Company has no obligation to use further services from EH Spain.

A Company Controlled by the Company's Former Executive Chairman

During the year ended December 31, 2017, the Company entered into a 30-year lease with a company (the "Landlord") that is 50% owned by Avtar Dhillon, MD, the former Executive Chairman and CEO of the Company with respect to land in Metro Vancouver, British Columbia on which the Company constructed its greenhouse production facilities. The lease amount was determined by an independent valuation and was approved by the nonconflicted directors of the Company. During the three months ended March 31, 2022, the Company paid to the Landlord \$95 (March 31, 2021 - \$95) in rent. As at March 31, 2022, the Company recognized lease liabilities held for sale of \$3,466 (March 31, 2021 - \$3,506) relating to the land in Metro Vancouver. On April 14 2022, the Company concluded an agreement to amend and terminate the lease (see Development of Business after the Reporting Period for additional information). As of August 6, 2021, the Landlord ceased to be a related party upon the resignation of Avtar Dhillon as Executive Chairman of the Company (see Development of Business after the Reporting Period for additional information).

Proposed Transactions

There are no material decisions by the Company's board of directors with respect to any other imminent or proposed transactions that have not been disclosed herein.

Critical Accounting Policies and Estimates

The critical accounting policies and estimates are included in each of the notes of the Company's audited consolidated financial statements for the year ended December 31, 2021 and 2020. These are the accounting policies and estimates that are critical to the understanding of the business operations and results of operations.

Changes in Accounting Standards not yet Effective

Refer to Note 2 of the Company's audited consolidated financial statements for the years ended December 31, 2021, and 2020 for additional information on new standards, amendments to standards and interpretations, which are not effective yet, and have not been applied in preparing these consolidated financial statements but may affect the Company when applied in the future.

Off-Balance Sheet Arrangements

The Company has not entered into any material off-balance sheet arrangements such as guarantee contracts, contingent interests in assets transferred to unconsolidated entities, derivative financial obligations, or with respect to any obligations under a variable interest equity arrangement.

Risks and Uncertainties

The Company's actual results may differ materially from those expected or implied by the forward-looking statements and forward-looking information contained in this management discussion and analysis due to the proposed nature of the Company's business and its present stage of development. A non-exhaustive list of risk factors associated with the Company follow below.

The following is a non-exhaustive list of certain additional risk factors associated with the Company.

Additionally, during the year ended December 31, 2021, management identified a material weakness in our internal control over financial reporting whereas we did not design or maintain effective controls to ensure that there is an independent review and approval of schedules and reconciliations related to inventory, biological assets and cost of sales to ensure completeness and accuracy, which continued to exist as of March 31, 2022. We are currently in the process of implementing a detailed plan for remediation of the material weakness.

Completion of the Arrangement

Consummation of the Arrangement is subject to the satisfaction of several conditions, certain of which are outside the Company's control, including, without limitation, obtaining the requisite approvals of the shareholders of the Company and Skye and the receipt of the final order approving the Arrangement granted by the British Columbia Supreme Court. There can be no certainty, nor can the Company provide any assurance, that these conditions will be satisfied or, if satisfied, when they will be satisfied. Certain conditions may be waived in the Company's discretion, however certain other conditions are not subject to waiver. Both the Company and Skye have the right to terminate the Arrangement Agreement in certain circumstances. Accordingly, there is no certainty, nor can either party provide any assurance, that the Arrangement Agreement will not be terminated by the other party before completion of the Arrangement.

If the Arrangement Agreement is terminated as a result of either party entering into a superior proposal and in certain other limited circumstances, the other party may be entitled to receive a termination fee in the amount of \$.500 million. However, the termination fee is not payable in all circumstances and therefore the situation may arise that the Arrangement Agreement is terminated by Skye and the Company does not receive the termination fee or other consideration. In addition, notwithstanding that such fee may be payable in the event of such a termination by Skye, Skye may be unable to pay such fee or may dispute whether it is required to do so.

If the Arrangement is not completed for any reason, the market price of the Company's shares may decline to the extent that the current market price reflects a market assumption that the Arrangement will be completed, and the Company's business may suffer. In addition, the Company will remain liable for significant consulting, accounting and legal costs relating to the Arrangement and will not realize anticipated synergies, growth opportunities and other benefits of the Arrangement if the Arrangement is not completed. If the Arrangement is delayed, the achievement of synergies and the realization of growth opportunities could be delayed and may not be available to the same extent.

Public Health Crises

The Company's business, operations and financial condition could be materially adversely affected by the outbreak of epidemics, pandemics, or other health crises, such as the current COVID-19 pandemic. As at the date of this MD&A, the global reactions to the spread of COVID-19 have led to, among other things, significant restrictions on travel, quarantines, business closures and a general economic turmoil. The Company's facilities have not been subject to closure due to COVID-19; however, there can be no certainty that this will remain the case.

The risks to the Company of such public health crises also include risks to employee health and safety and a slowdown or temporary suspension of operations in geographic locations impacted by an outbreak. The Company has taken what it believes to be appropriate safety precautions at its facilities to safeguard the health of its employees including remote work plans and additional protective measures on site, and there have been no outbreaks to date at any of the Company's facilities. Widespread uncertainty, government restrictions on personal mobility and the other impacts of the COVID-19 crisis on the Company's employees, together with the potential to contract COVID-19 and/or be subject to quarantine may have an impact on the ability or willingness of the Company's employees to attend their workplace.

Such public health crises can also result in disruptions and volatility in financial markets and global supply chains as well as declining trade and market sentiment and reduced mobility of people, all of which could impact public markets, interest rates, credit ratings, credit risk and inflation. In addition, the Company's business may be impacted by supply chain disruptions caused by the COVID-19 crisis. While these effects are expected to be temporary, the duration of the disruptions to business and the related financial impact cannot be estimated with any degree of certainty at this time.

Although restrictions on businesses in most Canadian jurisdictions have been largely repealed, the continued spread of COVID-19 and the emergence of new variants of the virus have led to the implementation of new restrictions. There can be no guarantee that these restrictions will be successful or that additional future outbreaks will not lead to increased restrictions. In addition, while vaccination programs for COVID-19 have experienced wide take-up in Canada, such programs may not be as efficacious as expected due to a variety of factors including unwillingness of significant numbers of people to become vaccinated, or the emergence of new strains which are resistant to vaccines. At this point, the extent to which COVID-19 may impact the Company is uncertain; however, it is possible that COVID-19 could have a material adverse effect on the Company's business, results of operations and financial condition.

Disposition of Assets

As part of the Company's strategy to pivot its business focus, it is seeking opportunities to dispose of certain of its assets. In pursuit of such opportunities, the Company may fail to negotiate acceptable arrangements related to such dispositions. Such dispositions may also lead to substantial losses recognized by the Company, particularly as values in the cannabis sector have fallen in recent years with many distressed assets currently on the market. In addition, any such transaction will require the dedication of substantial management effort, time and resources which may divert management's focus and resources from other strategic opportunities and from operational matters during this process. Dispositions of certain assets may also lead to the loss of key employees and the disruption of ongoing business and employee relationships that may adversely affect the Company.

Operations in the USA

The Company does not currently have any direct operations, business or sales in the United States. However, the Company has entered into a license agreement with FlowerPod, pursuant to which it agreed to exclusively license certain patented technology to FlowerPod for the development and sale of cannabis related products for use in all US states and other key geographical areas where adult use and/or medical cannabis is locally legal. The Company has entered into a binding term sheet to dispose of its interest in FlowerPod and sell such technology however closing has not yet occurred. See

"Development of Business After the Reporting Period". In addition, the Company has also entered into a letter of intent with The Uplifters' Prima, PBC ("Prima"), based in Santa Monica, California, contemplating joint initiatives to co-develop new cannabinoid-based wellness products for sale in the United States, Canada, and internationally. On May 25, 2021, the Company completed a \$50,000 investment in Prima's Seed-1 Preferred Stock financing round. The Company is not aware of any material non-compliance with applicable laws related to initiatives undertaken by FlowerPod or Prima. At this time, the Company does not have any significant balance sheet or operating statement exposure with respect to such ancillary operations. The Company does not expect there to be any impact on its ability to access capital as a result of such ancillary operations in the United States. No additional legal opinions have been obtained by the Company regarding compliance with regulatory frameworks in the United States or potential exposure to and implications arising from federal laws in the United States.

Cannabis is a restricted drug under federal law in the United States and its sale and possession is generally prohibited. Enforcement of relevant laws in an adverse manner would be a significant risk to the Company and could have a material adverse effect on the Company. Future operations in the United States or transactions or relationships with cannabis related businesses in the United States, depending on the nature and extent of such operations, transactions, or relationships, may also impact the Company's ability to raise funds in the public and private markets. Regulatory authorities may also impose certain restrictions on the Company's ability to operate in the United States. The Company will consult with appropriate legal counsel to ensure it considers all relevant factors prior to engaging in any operations in the United States or any transactions with entities in the United States.

Current and Future Litigation

On June 16, 2020, a Plaintiff filed a Statement of Claim on behalf of a proposed class in the Court of Queen's Bench of Alberta in Alberta, Canada, against several Canadian cannabis manufacturers and/or distributors (the "Defendants"). The Company is named as a Defendant in the proceedings. In the action it is alleged that the Defendants, including the Company, marketed medicinal and recreational cannabis products with advertised THC or CBD content levels different than those products actually contained. The action only specifically mentions one particular product manufactured and sold by the Company – Sync 25, a CBD oil which is alleged to have had at the time of testing an advertised THC level of 1 mg/mL, but an alleged actual THC potency of 0.46 mg/mL. The Plaintiffs claim damages against the Defendants as a group of \$500 million, plus punitive damages of \$5 million, an accounting of revenues, and interest and costs. The Plaintiffs have not yet demanded that the Company defend the action. No certification application has yet been filed.

The Company believes that the allegations made against it in the action are flawed. The plaintiffs' testing methodologies have not yet been disclosed. The difference in THC content between the alleged labelled amount and the alleged tested amount in this particular product is not material. No loss or damages have been proven. No consumer was likely to have been harmed as a result of the labelling difference.

The Company disputes the allegations and has been and will continue to vigorously defend against the claims. The proceedings are still at an early stage. Estimating an amount or range of possible losses resulting from litigation proceedings is inherently difficult, particularly where key factual and legal issues have not been resolved. For these reasons, the ultimate timing or outcome cannot be predicted, or possible losses or a range of possible losses cannot be reasonably estimated.

The Company may become party to litigation (including arbitration or mediation) from time to time, which could adversely affect its business. In addition, the directors or officers of the Company may become involved in litigation unrelated to the Company which may have an impact on the Company due to the time and attention required to attend to such litigation or may affect the reputation of the Company. Should any litigation in which the Company becomes involved be determined against the Company or should the Company enter into a settlement, the amount of the award or settlement could adversely affect the Company's resources and its ability to continue operating and the market price for the Common Shares. Monitoring and defending litigation, whether or not meritorious, can be time consuming and may result in significant expenses, including legal fees and other costs. Even if the Company is involved in litigation and is successful, litigation can redirect significant Company resources and attention away from the business of the Company and may have a material adverse effect on the Company's business, reputation, financial condition, financial performance and financial prospects.

Securities class action litigation often has been brought against cannabis companies following periods of volatility in the market price of their securities. The Company may in the future be the target of similar litigation. Securities litigation could result in substantial costs and damages and divert management's attention and resources.

Non-GAAP Measures

The Company has included "Working capital" (current assets less current liabilities), which is a non-GAAP measure, in this MD&A to supplement its consolidated financial statements, which are presented in accordance with IFRS. The terms IFRS and generally accepted accounting principles ("GAAP") are used interchangeably throughout this MD&A.

The Company believes that these measures, together with measures determined in accordance with IFRS, provide investors with an improved ability to evaluate the underlying performance of the Company. Non-GAAP measures do not have any standardized meaning prescribed under IFRS, and therefore they may not be comparable to similar measures employed by other companies. The data is intended to provide additional information and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with IFRS.

Forward-Looking Statements

Certain statements contained in this Management Discussion and Analysis ("MD&A") constitute forward-looking information or forward-looking statements under applicable securities laws (collectively, "forward-looking statements"). These statements relate to future events or future performance, business prospects or opportunities of Emerald Health Therapeutics, Inc. and its subsidiaries (together the "Company" or "Emerald"). NOTICE TO READERS

Re: Refiling of interim financial report and interim MD&A for the period ended March 31, 2022

Emerald Health Therapeutics, Inc. (the “Company”) has filed amended and restated unaudited condensed interim consolidated financial reports and management’s discussion and analysis for the period ended March 31, 2022 (the “Refiling”). In preparing the unaudited condensed interim consolidated financial statements, the Company determined that certain adjustments would be required.

A summary of the adjustments made in the Refiling is set forth below:

1) Cash and cash equivalents

In preparing the unaudited condensed consolidated interim financial statements, the Company noted certain cash payments that had not previously been recognized. As a result, the Refiling includes adjustments to reflect the proper application of cash payments received.

2) Revenue from sale of goods

In preparing the unaudited condensed interim consolidated financial statements, the Company identified previously unrecognized commission revenue. Additionally, the Company noted that pass-through sales had not been eliminated. As such, the Refiling includes adjustments to reflect the proper elimination of pass-through sales and recognition of commission revenue.

3) Impairment of assets

In preparing the unaudited condensed interim consolidated financial statements, the Company noted previously unidentified indicators of impairment for biological assets, promissory note receivable, and long-term investment in FlowerPod, LLC. Accordingly, the Refiling includes adjustments to reflect the Company’s assessment of impairment expense, resulting in reductions in biological assets, promissory note receivable, and long-term investment.

Please refer to Note 3 of the amended and restated consolidated interim financial statements for the first quarter of 2022 for a detailed breakdown of the adjustments associated with the foregoing items, available at www.sedar.com.

1. Nature and Continuance of Operations

Emerald Health Therapeutics, Inc. (the "Company"), was incorporated pursuant to the Business Corporations Act (British Columbia) on July 31, 2007. The common shares of the Company are listed on the Canadian Stock Exchange ("CSE") under the trading symbol "EMH."

The Company's registered and records office is at Suite 2500 – 666 Burrard Street, Vancouver, British Columbia, V6C 2X8.

The Company's principal business was the production, distribution, and sale of cannabis products in Canada, pursuant to the Cannabis Act (Canada) (the "Cannabis Act").

On November 29, 2021, the Company announced that it intended to exit the recreational and medical cannabis business and pivot to a pharmaceutical development focus. During the three months ended March 31, 2022, the Company continued to focus on winding down its prior operations in a manner intended to reduce operating costs.

On February 28, 2022 and May 31, 2022, the Company ceased all production and packaging operations at the facility located at 4226 Commerce Circle and the facility located at 4223 Commerce Circle, respectively. The lease for the Company's 4226 Commerce Circle facility in Victoria, BC expired on February 28, 2022, and the lease for the 4223 Commerce Circle facility in Victoria, BC expired on May 31, 2022; however, the Company continues to rent both facilities on a month-to-month basis in order to maintain its Health Canada License ("License") to cultivate, process, package and sell cannabis products. By June 1, 2022, the Company's Victoria facilities had fully wound its operations. On April 14, 2022, the Company concluded an agreement under which the lease obligation with the Landlord of the land in Metro Vancouver, British Columbia (a related party) would be concluded effective December 31, 2022 (or such earlier date on which the Landlord informs the Company that it has located a new tenant for the premises), in exchange for the transfer to the landlord of the non-leased equipment owned by the Company at the site. Refer to Note 23 – Subsequent Events, *Amended Lease Agreement – Metro Vancouver Land (Related Party)* for further details.

These unaudited condensed interim consolidated financial statements have been prepared by the Company on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future.

As at March 31, 2022, the Company had total cash and cash equivalents of \$16,041, working capital of \$10,960, and negative cash flow from operating activities of \$2,335 for the period. The Company is aware, in making its assessment, of material uncertainties related to events or conditions that cast significant doubt upon the Company's ability to continue as a going concern, such as the need to commence profitable operations.

On May 12, 2022 Emerald and Skye Bioscience, Inc. ("Skye") announced that the companies have entered into a definitive agreement, as amended on June 14, 2022 and July 15, 2022, with respect to a transaction to be completed by way of a Plan of Arrangement (the "Arrangement") whereby Skye would acquire all of the issued and outstanding shares of Emerald in a share-for-share transaction. The proposed Arrangement is subject to approval by each company's common stockholders and by the Supreme Court of British Columbia, Canada. The Arrangement is anticipated to close in the fourth quarter of 2022. (See Note 23 Subsequent Events, Acquisition by Skye Bioscience for additional information).

These unaudited condensed interim consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

All of the Company's assets were classified as held for sale during December 31, 2021 and are still classified as held for sale as at March 31, 2022. Additionally, substantially all of the Company's operations have been deemed to be discontinued operations.

2. Significant Accounting Policies and Judgements

Significant accounting policies, which affect the consolidated financial statements as a whole, as well as key accounting estimates and areas of significant judgement are highlighted in this section. This note also describes new accounting standards, which have been adopted during 2022, and new accounting pronouncements, which are not yet effective but are expected to impact the Company's consolidated financial statements in the future.

International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") requires the Company to make judgements, estimates and assumptions that affect the carrying values of certain assets and liabilities and the reported amounts of income and expenses during the period. Actual results may differ from these judgements, estimates and assumptions. Significant estimates are evaluations and assumptions about the future and other sources of estimation uncertainty that the Company has made that could result in a material adjustment to the carrying amounts of assets and liabilities. Significant estimates used in the preparation of these consolidated financial statements include, but are not limited to, the following: expected credit losses on receivable balances (Note 4), valuation of biological assets (Note 5) and inventory (Note 6), estimated useful lives and impairment of property, plant and equipment (Note 7), estimated useful lives and valuation of intangible assets, and impairment intangible assets (Note 8), share-based compensation (Note 11), and the fair value of financial instruments (Note 20).

Significant judgements are those judgements that the Company has made in the application of accounting policies that have the most significant effect on the amounts recognized in these unaudited condensed interim consolidated financial statements and include: accounting for leases (Note 15), discontinued operations (Note 19), and going concern (Note 1).

a) Basis of Presentation and Measurement

These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34 – *Interim Financial Reporting* using accounting policies consistent with IFRS. Unless otherwise noted, all amounts are presented in thousands of Canadian dollars, except share and per share data. These unaudited condensed interim consolidated financial statements were authorized for issue by the Audit Committee on August 10, 2022.

These unaudited condensed interim consolidated financial statements do not include all disclosures normally provided in annual financial statements and should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2021. Accordingly, accounting policies, estimates, and judgements applied are the same as those applied in the Company's financial statements for the year ended December 31, 2021, unless otherwise indicated. The Company assesses its accounting estimates and judgements every reporting period.

b) Recent Accounting Pronouncements

At the date of authorization of these unaudited condensed interim consolidated financial statements, the IASB and the IFRIC have issued the following amendments which are effective for annual periods beginning on or after January 1, 2023. Many are not applicable or do not have a significant impact to the Company and have been excluded. The Company is currently assessing the impact upon the adoption of the following amendments on its consolidated financial statements:

Amendments to IAS 1 Regarding Accounting Policy Information

In February 2021, the IASB issued amendments to IAS 1 and IFRS Practice Statement 2 intended to clarify which accounting policies are disclosed. Entities will be required to disclose material accounting policy information instead of significant accounting policies. Accounting policy information may be material because of its nature, even if the related amounts are immaterial. The amendments also clarify that accounting policy information is material if users would need it to understand other financial information; additionally, if immaterial accounting policy information is disclosed, it should not obscure material accounting policy information. The amendments to IAS 1 are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted.

As at March 31, 2022, the Company has not yet adopted the amendments to IAS 1. The Company is currently assessing the impact upon the adoption of these amendments on its consolidated financial statements.

Amendments to IAS 1 Regarding Classification of Liabilities

In January 2020, the IASB issued amendments to IAS 1 which clarify the requirements for classifying liabilities as either current or non-current by: (i) specifying that the conditions which exist at the end of the reporting period determine if a right to defer settlement of a liability exists; (ii) clarifying that settlement of a liability refers to the transfer to the counterparty of cash, equity instruments, other assets or services; (iii) clarifying that classification is unaffected by the Company's expectation about events after the balance sheet date; and (iv) clarifying the classification requirements for debt an entity may settle by converting it into equity.

The amendments clarify existing requirements, rather than make changes to the requirements, and so are not expected to have a significant impact on an entity's financial statements. However, the clarifications may result in reclassification of some liabilities from current to non-current or vice-versa, which could impact an entity's loan covenants. Because of this impact, the IASB has provided a longer effective date to allow entities to prepare for these amendments. In July 2020, the IASB issued an amendment to defer the effective date of the amendments by one year from its originally planned effective date to annual periods beginning on or after January 1, 2023 due to the impact of COVID-19. Early application is permitted.

As at March 31, 2022, the Company has not yet adopted the amendments to IAS 1. The Company is currently assessing the impact upon the adoption of these amendments on its consolidated financial statements.

c) COVID-19 Estimation Uncertainty

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The COVID-19 pandemic has impacted revenue in the Canadian consumer market. All of the Company's operating facilities in Canada operated at full capacity throughout the quarter and in compliance with the required protocols and guidelines related to COVID-19 within each region where the Company's facilities are located.

Due to the rapid developments and uncertainty surrounding COVID-19, it is not possible to predict the impact that COVID-19 will have on the Company's business, financial position and operating results in the future. In addition, it is possible that estimates in the Company's financial statements will change in the near term as a result of COVID-19 and the effect of any such changes could be material, which could result in, among other things, impairment of long-lived assets including

intangibles. The Company is closely monitoring the impact of the pandemic on all aspects of its business.

d) *Basis of Consolidation*

These unaudited condensed interim consolidated financial statements include the accounts of the Company and its subsidiaries. All intercompany transactions and balances are eliminated on consolidation. Subsidiaries are all entities over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The subsidiaries of the Company at March 31, 2022 include the following:

Name of Entity	Ownership Interest as at March 31 2022	Ownership Interest as at December 31 2021
Emerald Health Therapeutics Canada Inc. (EHTC)	100 %	100 %

20. Financial Instruments

Financial instruments recorded at fair value are classified using a hierarchy that categorizes into three levels the inputs to valuation techniques used to measure fair value. The three levels of hierarchy are:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly; and

Level 3 - Inputs for the asset or liability that are not based on observable market data.

The individual fair values attributed to the different components of a financing transaction, notably marketable securities, derivative financial instruments, convertible debentures and loans, are determined using valuation techniques. The Company uses judgment to select the methods used to make certain assumptions and derive estimates. Significant judgment is also used when attributing fair values to each component of a transaction upon initial recognition, measuring fair values for certain instruments on a recurring basis and disclosing the fair values of financial instruments subsequently carried at amortized cost. These valuation estimates could be significantly different because of the use of judgment and the inherent uncertainty in estimating the fair value of instruments that are not quoted or observable in an active market.

Financial instruments are measured either at fair value or at amortized cost. The table below lists the valuation methods used to determine fair value of each financial instrument.

The carrying value of the cash and cash equivalents, accounts receivable (excluding statutory receivable balances), promissory note receivable, long-term investments, accounts payable and accrued liabilities, insurance payable, and lease liability, approximate the fair value because of the short-term nature of these instruments. These are carried at amortized cost.

The carrying values of the financial instruments at March 31, 2022 are summarized in the following table:

	Amortized cost
	\$
Financial Assets	
Cash and cash equivalents	16,041
Accounts receivable, excluding sales taxes receivable	1,617
Long-term investments	204
Financial Liabilities	
Accounts payable and accrued liabilities	4,914
Insurance payable	715
Lease liability	3,589

(a) Currency risk

The Company's functional and presentation currency is the Canadian dollar and major purchases are transacted in Canadian dollars. As a result, the Company's exposure to foreign currency risk is minimal.

(b) Credit risk

Credit risk is the risk of an unexpected loss to the Company if a customer or third-party to a financial instrument fails to meet its contractual obligations. The Company's maximum exposure to credit risk as at March 31, 2022 is the carrying value of its financial assets. The Company's cash and redeemable short-term investment certificates are largely held in large Canadian financial institutions. The Company does not have any asset backed commercial paper. The Company maintains cash deposits with Schedule A financial institutions, which from time to time may exceed federally insured limits. With regards to receivables, the Company is not exposed to significant credit risk as the Company's sales are to government bodies or are typically paid at the time of the transaction. The Company provides credit to some of its customers in the normal course of business. The majority of the trade receivables held are with crown corporations.

(c) Interest rate risk

Interest rate risk is the risk the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Financial assets and liabilities with variable interest rates expose the Company to cash flow interest rate risk. The Company does not hold any financial liabilities with variable interest rates. The Company does maintain bank accounts and redeemable short-term investment certificates which earn interest at variable rates, but it does not believe it is currently subject to any significant interest rate risk.

Liquidity risk is the risk that the Company will not be able to meet its obligations associated with financial liabilities. As at March 31, 2022, the Company had working capital of \$10,960 (December 31, 2021 – \$14,952).

The Company manages liquidity risk through the management of its capital structure and resources to ensure that it has sufficient liquidity to settle obligations and liabilities when they are due. The Company monitors its operating requirements and prepares budgets and cash flow forecasts to identify cash flow needs for general corporate and working capital purposes. The Company's ability to fund its operating requirements depends on future operating performance and cash flows, which are subject to economic, financial, competitive, business, and regulatory conditions, and other factors, some of which are beyond its control, such as the potential impact of COVID-19. The Company's primary short-term liquidity needs are to fund its net operating losses, capital expenditures to maintain existing facilities, debt repayments, and lease payments. The Company's medium-term liquidity needs primarily relate to debt repayments and lease payments. The Company's long-term liquidity needs primarily relate to potential strategic plans.

21. Capital Management

As at March 31, 2022, the capital structure of the Company consists of \$38,905 (December 31, 2021 - \$ 40,892) in shareholders' equity and debt.

The Company's objective when managing its capital is to ensure sufficient equity financing to fund its planned operations in a way that maximizes the shareholder return given the assumed risks of its operations. The Company considers shareholders' equity as capital. Through the ongoing management of its capital, the Company will modify the structure of its capital based on changing economic conditions. In doing so, the Company may issue new shares. Annual budgeting is the primary tool used to manage the

Company's capital. Updates are made as necessary to both capital expenditure and operational budgets in order to adapt to changes in risk factors, proposed expenditure programs and market conditions.

22. Commitments and Contingencies

Class Action Lawsuit

On June 16, 2020, a Plaintiff filed a Statement of Claim on behalf of a proposed class in the Court of Queen's Bench of Alberta in Alberta, Canada, against several Canadian cannabis manufacturers and/or distributors (the "Defendants"). The Company is named as a Defendant in the proceedings. In the action it is alleged that the Defendants, including the Company, marketed medicinal and recreational cannabis products with advertised THC or CBD content levels different than those products actually contained. The action only specifically mentions one particular product manufactured and sold by the Company – Sync 25, a CBD oil which is alleged to have had at the time of testing an advertised THC level of 1 mg/mL, but an alleged actual THC potency of 0.46 mg/mL. The Plaintiffs claim damages against the Defendants as a group of \$500 million, plus punitive damages of \$5 million, an accounting of revenues, and interest and costs. The Plaintiffs have not yet demanded that the Company defend the action. No certification application has yet been filed.

The Company believes that the allegations made against it in the action are flawed. The plaintiffs' testing methodologies have not yet been disclosed. The difference in THC content between the alleged labelled amount and the alleged tested amount in this particular product is not material. No loss or damages have been proven. No consumer was likely to have been harmed as a result of the labelling difference.

The Company disputes the allegations and has been and will continue to vigorously defend against the claims. The proceedings are still at an early stage. Estimating an amount or range of possible losses resulting from litigation proceedings is inherently difficult, particularly where key factual and legal issues have not been resolved. For these reasons, the ultimate timing or outcome cannot be predicted, or possible losses or a range of possible losses cannot be reasonably estimated.

In December 2019, the novel Coronavirus (“COVID-19”) began to spread throughout the world. On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. In response to this, global reactions have led to significant restrictions on travel, quarantines, temporary business closures and a general reduction in consumer activity.

During the twelve months ended December 31, 2021, government restrictions and protocols as a response to COVID-19 have varied in detail and effect in response to fluctuating case levels and hospitalizations. Cost of Sales

Cost of goods sold currently consists of four main categories: (i) cost of goods sold expensed from inventory, (ii) production costs, (iii) change in the fair value of biological assets and (iv) amortization of the Health Canada licenses.

Cost of goods sold represents the deemed cost of inventory that arose from the fair value measurement of biological assets, subsequent post-harvest costs capitalized to inventory, purchased dried cannabis, costs to produce cannabis oils capitalized to inventory (including the deemed cost of dried inventory that arose from the fair value measurement of biological assets that were used to produce cannabis oils), and packaging costs. Cost of goods sold expensed from inventory for the quarter ended December 31, 2021 and December 31, 2020 was \$1.99 million and \$3.94 million, respectively. The decrease in cost of goods sold in the current period was due to lower volumes of product sold and lower value of biological asset per gram expensed as compared to the prior period. The total kilograms of dried flower produced decreased during the three months ended December 31, 2021, due to the closure of the Metro Vancouver facility.

Production costs include all direct and indirect production related costs, including security, compliance, quality control and quality assurance costs, as well as overhead relating to the cultivation activities. All post-harvest inventory production costs in excess of standard cost are not capitalized and recorded as cost of goods sold. Production costs included \$0.34 million of costs during the three months ended December 31, 2021 (December 31, 2020 - \$5.27 million).

During the three months ended December 31, 2021, the Company recognized \$0.70 million (December 31, 2020 - \$0.49 million) in excise taxes from recreational sales. The excise tax attributable to medical sales of \$0.01 million (December 31, 2020 - \$0.02 million), was absorbed by the Company as a cost and not passed on to the end patients.

The change in biological assets for the quarter ended December 31, 2021 resulted in a loss of \$0.45 million compared to a gain of \$7.23 million in the same quarter of the prior year. The loss in the prior period was due to a change in estimates used for fair value less costs to sell ("FVLCS") used as an input in the valuation of biological assets during that period, as well as a cull of plants in the comparative period. The current period increase is a result of normal operations and stage of plant growth at the Verdélite facility during the three months ended December 31, 2021.

The Company measures biological assets consisting of cannabis plants at fair value less cost to sell up to the point of harvest, which becomes the basis for the cost of finished goods inventories after harvest. Seeds are measured at fair market value, except for a portion which are restricted with respect to distribution due to the conditions under which they were acquired that are measured at cost. The significant assumptions used in determining the fair value of cannabis plants are as follows: plant attrition rate for various stages of development; yield per plant; wholesale selling price less costs to sell; percentage of total expected costs incurred to date; and costs incurred for each stage of plant growth.

Gains recognized in the fair value of biological assets are recorded in a manner that decreases the cost of sales. Changes in the fair value of biological assets can be significant during periods of large expansion in the cultivation area. In determining the fair value of cannabis plants, assumptions are used regarding the variability in the average age and number of cannabis plants available at each period end.

Inventory write-down – During the quarter ended December 31, 2021, a write-down of \$4.12 million was recognized for dried cannabis, packaged inventory and bulk cannabis oils (December 31, 2020 - \$5.27 million) related to product deterioration, a packaging defect and limited remaining shelf life.

Other expenses

General and Administrative – During the quarter ended December 31, 2021, the Company incurred general and administrative expenses of \$2.26 million versus \$2.04 million for the quarter ended December 31, 2020. Sales and marketing – In the quarter ended December 31, 2021, the Company incurred sales and marketing expenses of \$0.80 million versus \$0.33 million in the comparable 2020 prior period. These costs are related to general sales and marketing expenses and wages. The current period increase reflects the Company's launch of its new product lines in the form of its sublingual tablets and Fuse™ beverages.

Research and development – In the quarter ended December 31, 2021, the Company incurred research and development expenses of \$0.37 million (three months ended December 31, 2020 - \$0.60 million). These costs related to consulting fees and wages associated with the development of new cannabis products. Research and development expenditures were related to not only product development but also to the enhancement of cultivation and extraction efficiencies as well as research into strain genetics. Costs decreased during the current period due to the Company's announcement that it is exiting the recreational and medical cannabis business and pivoting to a pharmaceutical development focus.

Share-based compensation – In the quarter ended December 31, 2021, the Company incurred share-based compensation expenses of \$(0.72) million versus \$0.43 million in the comparable 2020 prior period. The amounts are compensation expenses related to employees, directors and consultants, incentive stock options and restricted share units ("RSU") which are measured at fair value at the date of grant and expensed over the vesting period. During the current quarter, the Company granted 225,000 stock options and Nil RSUs to employees and consultants, compared to 3,797,500 stock options and 140,000 RSUs granted during the same period in 2020.

Impairment – During the quarter ended December 31, 2021, the Company initiated a plan to close operations at the production facility located in Saint-Eustache, Québec and entered into discussions to sell the facility and related licenses. The fair value of this facility was determined based on a third-party valuation of the tangible property, resulting in an impairment loss of \$4,270. Split between the land, building, the production, lab, and growing equipment, computer equipment, the other equipment, intangible, and ROU equipment which were impaired by \$119, \$3,497, \$546, \$2, \$88, \$5, and \$13, respectively.

The amortization of the Health Canada license represents the amortization of an acquired license that is recorded at cost less accumulated amortization. Amortization will be expensed as a cost of sales and the unamortized balance will remain on the Company's balance sheet as an intangible asset. Amortization of the license is recognized on a straight-line basis over the useful life, irrespective of either production or sale of cannabis from that facility.

The Company shipped 8% less kilograms of dried flower and flower equivalent compared to the same period of the prior year. Cost of Sales

Cost of goods sold currently consists of four main categories: (i) cost of goods sold expensed from inventory, (ii) production costs, (iii) change in the fair value of biological assets, and (iv) amortization of the Health Canada licenses.

Cost of goods sold represents the deemed cost of inventory that arose from the fair value measurement of biological assets, subsequent post-harvest costs capitalized to inventory, purchased dried cannabis, costs to produce cannabis oils capitalized to inventory (including the deemed cost of dried inventory that arose from the fair value measurement of biological assets that were used to produce cannabis oils), and packaging costs. Cost of goods sold expensed to inventory for the year ended December 31, 2021 and December 31, 2020 was \$7.56 million and \$10.32 million, respectively. The decrease in cost of goods sold in the current period was due to lower volumes of product sold and lower value of biological asset per gram expensed as compared to the prior period.

Production costs include all direct and indirect production related costs, including security, compliance, quality control and quality assurance costs, as well as overhead relating to the cultivation activities. All post-harvest inventory production costs in excess of standard cost are not capitalized and recorded as cost of goods sold. Production costs included \$4.49 million of costs during the year ended December 31, 2021 (December 31, 2020 - \$8.86 million).

During the year ended December 31, 2021, the Company also recognized \$2.28 million (December 31, 2020 - \$2.44 million) in excise taxes from recreational sales. The change in biological assets for the year ended December 31, 2021 resulted in a gain of \$0.71 million compared to a gain of \$6.40 million in the same period of the prior year. The loss in the prior period was due to a change in estimates used for fair value less costs to sell FVLCS used as an input in the valuation of biological assets during that period, as well as a cull of plants in the comparative period. The current period increase is a result of normal operations and stage of plant growth at the Verdélite facility.

The amortization of the Health Canada license represents the amortization of an acquired license that is recorded at cost less accumulated amortization. Amortization of the license is recognized on a straight-line basis irrespective of either production or sale of cannabis from that facility.

Impairment – During the year ended December 31, 2021, the Company determined there was a further fair value loss on the reclassification of its Metro Vancouver facility to held for sale based on market conditions and additional third-party sales broker information. This resulted in recording an impairment of \$15.02 million: \$9.76 million against the building, \$4.55 million against PUC and \$0.71 million of equipment. The Company has not entered into any material off-balance sheet arrangements such as guarantee contracts, contingent interests in assets transferred to unconsolidated entities, derivative financial obligations, or with respect to any obligations under a variable interest equity arrangement.

Risks and Uncertainties

The Company’s actual results may differ materially from those expected or implied by the forward-looking statements and forward-looking information contained in this management discussion and analysis due to the proposed nature of the Company’s business and its present stage of development. A non- exhaustive list of risk factors associated with the Company follow below.

The following is a non-exhaustive list of certain additional risk factors associated with the Company.

Additionally, during the year ended December 31, 2021, management identified a material weakness in our internal control over financial reporting whereas we did not design or maintain effective controls to ensure that there is an independent review and approval of schedules and reconciliations related to inventory, biological assets and cost of sales to ensure completeness and accuracy.

Completion of the Arrangement

Consummation of the Arrangement is subject to the satisfaction of a number of conditions, certain of which are outside the Company's control, including, without limitation, obtaining the requisite approvals of the shareholders of the Company and Skye and the receipt of the final order approving the Arrangement granted by the British Columbia Supreme Court. There can be no certainty, nor can the Company provide any assurance, that these conditions will be satisfied or, if satisfied when they will be satisfied. Certain conditions may be waived at the Company's discretion, however, certain other conditions are not subject to waiver. Both the Company and Skye have the right to terminate the Arrangement Agreement in certain circumstances. Accordingly, there is no certainty, nor can either party provide any assurance, that the Arrangement Agreement will not be terminated by the other party before completion of the Arrangement.

In the event that the Arrangement Agreement is terminated as a result of either party entering into a superior proposal and in certain other limited circumstances, the other party may be entitled to receive a termination fee in the amount of \$0.5 million. However, the termination fee is not payable in all circumstances and therefore the situation may arise that the Arrangement Agreement is terminated by Skye and the Company does not receive the termination fee or other consideration. In addition, notwithstanding that such fee may be payable in the event of such a termination by Skye, Skye may be unable to pay such fee or may dispute whether it is required to do so.

If the Arrangement is not completed for any reason, the market price of the Company's shares may decline to the extent that the current market price reflects a market assumption that the Arrangement will be completed, and the Company's business may suffer. In addition, the Company will remain liable for significant consulting, accounting and legal costs relating to the Arrangement and will not realize anticipated synergies, growth opportunities and other benefits of the Arrangement in the event that the Arrangement is not completed. If the Arrangement is delayed, the achievement of synergies and the realization of growth opportunities could be delayed and may not be available to the same extent.

Public Health Crises

The Company's business, operations and financial condition could be materially adversely affected by the outbreak of epidemics, pandemics, or other health crises, such as the current COVID-19 pandemic. As of the date of this MD&A, the global reactions to the spread of COVID-19 have led to, among other things, significant restrictions on travel, quarantines, business closures and a general economic turmoil. The Company's facilities have not been subject to closure due to COVID-19; however, there can be no certainty that this will remain the case.

The risks to the Company of such public health crises also include risks to employee health and safety and a slowdown or temporary suspension of operations in geographic locations impacted by an outbreak. The Company has taken what it believes to be appropriate safety precautions at its facilities to safeguard the health of its employees including remote work plans and additional protective measures site on-site, and there have been no outbreaks to date at any of the Company's facilities. Widespread uncertainty, government restrictions on personal mobility and the other impacts of the COVID-19 crisis on the Company's employees, together with the potential to contract COVID-19 and/or be subject to quarantine may have an impact on the ability or willingness of the Company's employees to attend their workplace.

Such public health crises can also result in disruptions and volatility in financial markets and global supply chains as well as declining trade and market sentiment and reduced mobility of people, all of which could impact the market and pricing of cannabis products, interest rates, credit ratings, credit risk and inflation. In addition, the Company's business may be impacted by supply chain disruptions caused by the COVID-19 crisis. While these effects are expected to be temporary, the duration of the disruptions to business and the related financial impact cannot be estimated with any degree of certainty at this time.

Although restrictions on businesses in most Canadian jurisdictions have been largely repealed, the continued spread of COVID-19 and the emergence of new variants of the virus have led to the implementation of new restrictions. There can be no guarantee that these restrictions will be successful or that additional future outbreaks will not lead to increased restrictions. In addition, while vaccination

programs for COVID-19 have experienced wide take-up in Canada, such programs may not be as efficacious as expected due to a variety of factors including the unwillingness of significant numbers of people to become vaccinated, or the emergence of new strains which are resistant to vaccines. At this point, the extent to which COVID-19 may impact the Company is uncertain; however, it is possible that COVID-19 could have a material adverse effect on the Company's business, results of operations and financial condition.

Disposition of Assets

As part of the Company's strategy to pivot its business focus, it is seeking opportunities to dispose of certain of its assets. In pursuit of such opportunities, the Company may fail to negotiate acceptable arrangements related to such dispositions. Such dispositions may also lead to substantial losses recognized by the Company, particularly as values in the cannabis sector have fallen in recent years with many distressed assets currently on the market. In addition, any such transaction will require the dedication of substantial management effort, time and resources which may divert management's focus and resources from other strategic opportunities and from operational matters during this process. Dispositions of certain assets may also lead to the loss of key employees and the disruption of ongoing business and employee relationships that may adversely affect the Company.

Operations in the USA

The Company does not currently have any direct operations, business, or sales in the United States. However, the Company has entered into a license agreement with FlowerPod, under which it agreed to exclusively license certain patented technology to FlowerPod for the development and sale of cannabis related products for use in all US states and other key geographical areas where adult use and/or medical cannabis is locally legal. In addition, the Company has also entered into a letter of intent with The Uplifters' Prima, PBC ("Prima"), based in Santa Monica, California, contemplating joint initiatives to co-develop new cannabinoid-based wellness products for sale in the United States, Canada, and internationally. On May 25, 2021, the Company completed a \$50 investment in Prima's Seed-1 Preferred Stock financing round. The Company is not aware of any material non-compliance with applicable laws related to initiatives undertaken by FlowerPod or Prima. At this time, the Company does not have any significant balance sheet or operating statement exposure with respect to such ancillary operations. The Company does not expect there to be any impact on its ability to access capital as a result of such ancillary operations in the United States. No additional legal opinions have been obtained by the Company regarding compliance with regulatory frameworks in the United States or potential exposure to and implications arising from federal laws in the United States.

Cannabis is a restricted drug under federal law in the United States and its sale and possession is generally prohibited. Enforcement of relevant laws in an adverse manner would be a significant risk to the Company and could have a material adverse effect on the Company. Future operations in the United States or transactions or relationships with cannabis related businesses in the United States, depending on the nature and extent of such operations, transactions, or relationships, may also impact the Company's ability to raise funds in the public and private markets. Regulatory authorities may also impose certain restrictions on the Company's ability to operate in the United States. The Company will consult with appropriate legal counsel to ensure it considers all relevant factors before engaging in any operations in the United States or any transactions with entities in the United States.

Current and Future Litigation

On June 16, 2020, a Plaintiff filed a Statement of Claim on behalf of a proposed class in the Court of Queen's Bench of Alberta in Alberta, Canada, against several Canadian cannabis manufacturers and/or distributors (the "Defendants"). The Company is named as a Defendant in the proceedings. In the action it is alleged that the Defendants, including the Company, marketed medicinal and recreational cannabis products with advertised THC or CBD content levels different than those products actually contained. The action only specifically mentions one particular product manufactured and sold by the Company – Sync 25, a CBD oil which is alleged to have had at the time of testing an advertised THC level of 1 mg/mL, but an

alleged actual THC potency of 0.46 mg/mL. The Plaintiffs claim damages against the Defendants as a group of \$500 million, plus punitive damages of \$5 million, an accounting of revenues, and interest and costs. The Plaintiffs have not yet demanded that the Company defend the action. No certification application has yet been filed.

The Company believes that the allegations made against it in the action are flawed. The plaintiffs' testing methodologies have not yet been disclosed. The difference in THC content between the alleged labelled amount and the alleged tested amount in this particular product is not material. No loss or damages have been proven. No consumer was likely to have been harmed as a result of the labelling difference.

The Company disputes the allegations and has been and will continue to vigorously defend against the claims. The proceedings are still at an early stage. Estimating an amount or range of possible losses resulting from litigation proceedings is inherently difficult, particularly where key factual and legal issues have not been resolved. For these reasons, the ultimate timing or outcome cannot be predicted, or possible losses or a range of possible losses cannot be reasonably estimated.

The Company may become party to other litigation (including arbitration or mediation) from time to time, which could adversely affect its business. In addition, the directors or officers of the Company may become involved in litigation unrelated to the Company which may have an impact on the Company due to the time and attention required to attend to such litigation or may affect the reputation of the Company. Should any litigation in which the Company becomes involved be determined against the Company or should the Company enter into a settlement, the amount of the award or settlement could adversely affect the Company's resources and its ability to continue operating and the market price for the Common Shares. Monitoring and defending litigation, whether or not meritorious, can be time- consuming and may result in significant expenses, including legal fees and other costs. Even if the Company is involved in litigation and is successful, litigation can redirect significant Company resources and attention away from the business of the Company and may have a material adverse effect on the Company's business, reputation, financial condition, financial performance, and financial prospects.

Securities class action litigation often has been brought against cannabis companies following periods of volatility in the market price of their securities. The Company may in the future be the target of similar litigation. Securities litigation could result in substantial costs and damages and divert management's attention and resources.

Non-GAAP Measures

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of Emerald Health Therapeutics Inc.

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated statement of financial position of Emerald Health Therapeutics Inc. (the Company) as of December 31, 2021, and the related consolidated statements of loss and comprehensive loss, cash flows, and changes in shareholders' equity for year ended December 31, 2021, and the related notes (collectively referred to as the consolidated financial statements).

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as of December 31, 2021, and the result of its consolidated operation and its consolidated cash flow for year ended December 31, 2021, in conformity with International Financial Reporting Standards as issued by the International Account Standards Board (IFRS)

Material Uncertainty Related to Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company has incurred a net loss during the year ended December 31, 2021 and, as of that date, the Company has an accumulated deficit, that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 1. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Other Matter

The consolidated financial statements of the Company for the year ended December 31, 2020 were audited by another auditor who expressed an unmodified opinion on those statements on August 10, 2022.

1. Nature and Continuance of Operations

Emerald Health Therapeutics, Inc. ("Emerald" or the "Company"), was incorporated pursuant to the Business Corporations Act (British Columbia) on July 31, 2007. The common shares of the Company are listed on the Canadian Stock Exchange ("CSE") under the trading symbol "EMH." The Company is also traded on the OTCQX, with its common shares listed under the trading symbol "EMHTF."

The Company's registered and records office is at Suite 2500 – 666 Burrard Street, Vancouver, British Columbia, V6C 2X8.

The Company's principal business was the production, distribution, and sale of cannabis products in Canada, pursuant to the Cannabis Act (Canada) (the "Cannabis Act").

On November 29, 2021, the Company announced that it intended to exit the recreational and medical cannabis business and pivot to a pharmaceutical development focus. During the three months ended March 31, 2022, the Company continued to focus on winding down its prior operations in a manner intended to reduce operating costs.

On February 28, 2022 and May 31, 2022, the Company ceased all production and packaging operations at the facility located at 4226 Commerce Circle and the facility located at 4223 Commerce Circle, respectively. The lease for the Company's 4226 Commerce Circle facility in Victoria, BC expired on February 28, 2022, and the lease for the 4223 Commerce Circle facility in Victoria, BC expired on May 31, 2022; however, the Company continues to rent both facilities on a month-to-month basis in order to maintain its Health Canada License ("License") to cultivate, process, package and sell cannabis products.. By June 1, 2022, the Company's Victoria facilities had fully wound its operations. On April 14, 2022, the Company concluded an agreement under which the lease obligation with the Landlord of the land in Metro Vancouver, British Columbia (a related party) would be concluded effective December 31, 2022 (or such earlier date on which the Landlord informs the Company that it has located a new tenant for the premises), in exchange for the transfer to the landlord of the non-leased equipment owned by the Company at the site. Refer to Note 24 – Subsequent Events, *Amended Lease Agreement – Metro Vancouver Land (Related Party)* for further details.

On June 23, 2022, the Company's Board of Directors approved a non-binding letter of intent with C3 Centre Holding Inc. ("C3") to sell all of the issued and outstanding shares in the capital of Verdelite Sciences, Inc. (a wholly owned subsidiary of the Company), the property located in Saint-Eustache, Quebec, and certain trademarks in relation with the "Souvenir" brand and various cannabis-related stock keeping units sold in the province of Quebec for \$13.5 million. This transaction is anticipated to close in the third quarter of 2022. Refer to Note 23 – Subsequent Events, *Non-binding Letter of Intent with C3* for further details. Growing and processing of cannabis continued at the Saint-Eustache, Quebec facility until June 30, 2022.

On May 12, 2022 Emerald and Skye Bioscience, Inc. ("Skye") announced that the companies have entered into a definitive agreement, as amended on June 14, 2022 and July 15, 2022, with respect to a transaction to be completed by way of a Plan of Arrangement (the "Arrangement") whereby Skye would acquire all of the issued and outstanding shares of Emerald in a share-for-share transaction. The proposed Arrangement is subject to approval by each company's common stockholders and by the Supreme Court of British Columbia, Canada. The Arrangement is anticipated to close in the fourth quarter of 2022.

These consolidated financial statements have been prepared by management on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future.

As at December 31, 2021, the Company had total cash and cash equivalents of \$18,512, working capital of \$14,953, and negative cash flow from operating activities of \$17,108 for the year. Management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern, such as the need to commence profitable operations. In assessing whether the going concern assumption was appropriate, management took into account all relevant information available about the future. To address its financing requirements, the Company will seek options through debt and equity financings and asset sales. The Company will also seek to improve its cash flows by prioritizing certain projects with a greater expected return and reducing operating costs. The Company is actively managing current cash flows until such time as the Company is profitable.

These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. Significant Accounting Policies and Judgements

Significant accounting policies, which affect the consolidated financial statements as a whole, as well as key accounting estimates and areas of significant judgement are highlighted in this section. This note also describes new accounting standards, which have been adopted during 2021, and new accounting pronouncements, which are not yet effective but are expected to impact the Company's consolidated financial statements in the future.

International Financial Reporting Standards ("IFRS") requires management to make judgements, estimates and assumptions that affect the carrying values of certain assets and liabilities and the reported amounts of income and expenses during the period. Actual results may differ from these judgements, estimates and assumptions. Significant estimates are evaluations and assumptions about the future and other sources of estimation uncertainty that management has made that could result in a material adjustment to the carrying amounts of assets and liabilities. Significant estimates used in the preparation of these consolidated financial statements include, but are not limited to, the following: expected credit losses on receivable balances (Note 3), valuation of biological assets (Note 4) and inventory (Note 5), estimated useful lives and impairment of property, plant and equipment, (Note 6), estimated useful lives and valuation of intangible assets, and impairment intangible assets (Note 7), share-based compensation (Note 11), and the fair value of financial instruments (Note 21).

Significant judgements are those judgements that management has made in the application of accounting policies that have the most significant effect on the amounts recognized in these consolidated financial statements and include: assessment of intangible assets for indicators of impairment (Note 7), accounting for leases (Note 16), and going concern (Note 1).

a. Basis of Presentation and Measurement

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

Certain comparative figures have been reclassified to conform with the consolidated financial statement presentation adopted for the current period ended December 31, 2021.

The consolidated financial statements were approved and authorized for issue by the Board of Directors of the Company on June 30, 2022.

b. COVID-19 Estimation Uncertainty

EMERALD HEALTH THERAPEUTICS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2021 and 2020

(Amounts reflected in thousands of Canadian dollars, except share and per share amounts)

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The COVID-19 pandemic has impacted revenue in the Canadian consumer market, particularly in Ontario, as governments imposed retail access restrictions to curbside pickup at points during the pandemic, and have changed their purchasing patterns to reflect the slow-down in the market. The production and sale of medical and consumer cannabis have been recognized as essential services across Canada. All of the Company's facilities continue to be operational and the Company continues to work closely with local and national government authorities to ensure that the Company is following the required protocols and guidelines related to COVID-19 within each region.

Due to the rapid developments and uncertainty surrounding COVID-19, it is not possible to predict the impact that COVID-19 will have on the Company's business, financial position and operating results in the future. In addition, it is possible that estimates in the Company's financial statements will change in the near term as a result of COVID-19 and the effect of any such changes could be material, which could result in, among other things, impairment of long-lived assets including intangibles. The Company is closely monitoring the impact of the pandemic on all aspects of its business.

c. Basis of Consolidation

These consolidated financial statements include the accounts of the Company and its subsidiaries. All intercompany transactions and balances are eliminated on consolidation. Subsidiaries are all entities over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The subsidiaries of the Company at December 31, 2021 include the following:

Name of Entity	Ownership Interest as at December 31	Ownership Interest as at December 31
	2021	2020
Emerald Health Therapeutics Canada Inc. (EHTC)	100 %	100 %
Emerald Health Naturals Inc. (Naturals)	100 %	51 %
Avalite Sciences Inc. (Avalite)	100 %	100 %
Verdélite Sciences Inc. (Verdélite)	100 %	100 %
Verdélite Property Holdings Inc.	100 %	100 %

During the year ended December 31, 2020, the Company sold its equity interest in its Joint Venture Pure Sunfarms. See Note 19 for discussion relating to the sale.

On May 11, 2021, the Company acquired the remaining 49% interest in Naturals (see Note 9).

d. Cash and cash equivalents

Cash and cash equivalents are financial assets that are measured at amortized cost, which approximate fair value. Cash and cash equivalents include cash and redeemable short-term investment certificates held at major financial institutions with maturities of three months or less.

EMERALD HEALTH THERAPEUTICS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2021 and 2020

(Amounts reflected in thousands of Canadian dollars, except share and per share amounts)

e. Accounts receivable

Accounts receivable are financial assets recognized initially at fair value and subsequently measured at amortized cost, less any provisions for impairment. Financial assets measured at amortized cost are assessed for impairment at the end of each reporting period. Impairment provisions are estimated using the expected credit loss impairment model where any expected future credit losses are provided for, irrespective of whether a loss event has occurred at the reporting date.

Estimates of expected credit losses take into account the Company's collection history, deterioration of collection rates during the average credit period, as well as observable changes in and forecasts of future economic conditions that affect default risk. Where applicable, the carrying amount of a trade receivable is reduced for any expected credit losses through the use of an allowance for doubtful accounts ("AFDA") provision. Changes in the AFDA provision are recognized in the statement of loss and comprehensive loss. When the Company determines that no recovery of the amount owing is possible, the amount is deemed irrecoverable, and the financial asset is written off.

f. Government Grants

Government grants are recognized where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income over the period necessary to match the grant on a systematic basis to the costs that it is intended to compensate. The Canadian Emergency Wage Subsidy ("CEWS") and the Canadian Emergency Business Account ("CEBA") are recognized as government grants. The Company applied for and received the CEWS, which provides a 75% wage subsidy effective March 15, 2020. During the year ended December 31, 2021, the Company determined that it had qualified for this subsidy and received \$1,833 (2020: \$845). The Company has recognized the \$1,833 as other income during the year.

On May 26, 2020, the Company obtained \$40 in revolving credit from the Government of Canada under the CEBA COVID-19 Economic Response Plan. The funding is granted in the form of an interest free revolving credit line of which up to \$40 may be drawn. On January 1, 2021, the \$40 balance remaining on the revolving credit line will automatically convert to a non-revolving term loan. Effective January 1, 2023, any outstanding balance on the term loan shall bear interest at a rate of 5% per annum. The term loan matures on December 31, 2025. If 75% of the outstanding balance of the non-revolving term loan is repaid on or before December 31, 2022, the remaining 25% of the balance shall be forgiven.

g. Biological Assets

The Company defines biological assets as cannabis plants up to the point of harvest which becomes the basis for the cost of inventories. Biological assets are measured at fair value less cost to sell at the end of each reporting period in accordance with IAS 41 – Agriculture, using the income approach. Gains or losses from changes in fair value less costs to sell are included in cost of sales in the period incurred. The income approach calculates the present value of expected future cash flows from the Company's biological assets using the following key Level 3 assumptions and inputs:

EMERALD HEALTH THERAPEUTICS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2021 and 2020

(Amounts reflected in thousands of Canadian dollars, except share and per share amounts)

Inputs and assumptions	Description
Average market price per gram	Represents the average wholesale market price per gram of dried bulk cannabis based on quality (Tetrahydrocannabinol % and terpene profile).
Average attrition rate	Represents the weighted average number of plants culled at each stage of production.
Average yield per plant	Represents the average number of grams of dried cannabis inventory expected to be harvested from each cannabis plant based on historical yields.
Average cost per plant	Represents costs incurred to grow plants at different stages of the production cycle.
Stage of completion in the production process	Calculated by taking the weighted average number of days in production over a total average grow cycle of approximately 14 to 16 weeks based on location and strain.
Production costs are expensed as incurred, and include all direct and indirect costs relating to biological transformation. Costs include direct costs of production, such as labour, growing materials, as well as indirect costs such as indirect labour, quality control costs, depreciation on production equipment, and overhead expenses including rent and utilities.	

The Company used the average retail price per gram of dried bulk cannabis, based on quality (Tetrahydrocannabinol % and terpene profile), net of post-harvest costs of drying, curing and bulk packaging, as the average market price per gram.

h. Inventory

Inventories of dried cannabis consist of harvested cannabis and purchased cannabis and are valued at the lower of cost and net realizable value. Inventories of harvested cannabis are transferred from biological assets at their fair value at harvest, which becomes deemed cost. Any subsequent post-harvest costs are capitalized to inventory to the extent that cost is less than net realizable value ("NRV"). NRV is determined as the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Cost is determined using the average cost basis. Cannabis oils, extracts, and edibles are derived from dried cannabis and are measured at the lower of cost and NRV. Supplies and consumables are valued at cost.

Post harvest production costs include all direct and indirect production related costs, including security, compliance, quality control and quality assurance costs, as well as related overhead.

Inventories are written down when the cost of inventories exceed their net realizable value and are estimated to be unrecoverable due to obsolescence, damage, or declining market prices.

i. Property, plant and equipment

Property, plant and equipment is measured at cost, net of accumulated depreciation and any impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials, direct labor, other costs directly attributable to make the asset available for its intended use. During their construction, property, plant and equipment are classified as plant under construction ("PUC") and are not subject to depreciation. When the asset is available for use, it is transferred from PUC to the relevant category of property, plant and equipment and depreciation commences.

Where particular parts of an asset are significant, discrete and have distinct useful lives, the Company allocates the associated costs between the various components, which are then separately depreciated over the estimated useful lives of each respective component. Depreciation is calculated on a straight-line basis over the following estimated useful lives:

- Computers - 3 years
- Production, lab and growing equipment - 5 - 10 years
- Other equipment - 5 - 10 years
- Buildings 15 - 25 years
- Leasehold improvements – lesser of useful life or term of lease

Residual values, useful lives and depreciation methods are reviewed annually and changes are accounted for prospectively.

Gains and losses on asset disposals are determined by deducting the carrying value from the sale proceeds and are recognized in profit or loss.

Impairment of property, plant and equipment

The Company assesses impairment of property, plant and equipment when an impairment indicator arises (e.g. change in use or discontinued use, obsolescence or physical damage). When the asset does not generate cash inflows that are largely independent of those from other assets or group of assets, the asset is tested at the cash generating unit (“CGU”) level. In assessing impairment, the Company compares the carrying amount of the asset or CGU to the recoverable amount, which is determined as the higher of the asset or CGU’s fair value less costs of disposal (“FVLCD”) and its value-in-use (“VIU”). VIU is assessed based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects applicable market and economic conditions, the time value of money and the risks specific to the asset. Fair value is determined as the amount that would be obtained from the sale of the asset in an arm’s length transaction between knowledgeable and willing parties. An impairment loss is recognized whenever the carrying amount of the asset or CGU exceeds its recoverable amount and is recorded in the consolidated statements of loss and comprehensive loss.

j. Intangible Assets

Intangible assets are recorded at cost less accumulated amortization and any impairment losses. Intangible assets acquired in a business combination are measured at fair value at the acquisition date. Amortization of definite life intangibles is calculated on a straight-line basis over their estimated useful lives, which do not exceed the contractual period, if any, over the following terms:

- Computer software – 2 to 3 years straight line
- Health Canada licences – Useful life of the facility or contractual lease term (25 years)

The estimated useful lives, residual values and amortization methods are reviewed annually and any changes in estimates are accounted for prospectively. Intangible assets with an indefinite life or not yet available for use are not subject to amortization. Research costs are expensed as incurred. Development expenditures are capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Company intends to and has sufficient resources to complete development to use or sell the asset. Other development expenditures are recognized as research

and development expenses on the consolidated statement of loss and comprehensive loss as incurred.

Impairment of intangible assets

Finite life intangible assets are assessed at the end of each reporting period for whether there is any indication of impairment. They are tested whenever there is an indication of impairment.

If indicators of impairment exist, the recoverable amount of the asset is estimated in order to determine the extent of the impairment, if any. The recoverable amount is the higher of fair value less costs to sell and value in use. Fair value is determined as the amount that would be obtained from the sale of the asset in an arm's length transaction between knowledgeable and willing parties. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the impairment loss is recognized in profit or loss for the period. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash generating unit to which the asset belongs. Impairment losses recognized in respect of a CGU are first allocated to the carrying value of goodwill and any excess is allocated to the carrying value of assets in the CGU.

Management considers both external and internal sources of information in determining if there are any indications that the Company's intangible assets are impaired. Management considers the market, economic, and legal environment in which the Company operates that are not within its control and affects the recoverable amount of its assets. Management considers the manner in which the assets are being used or are expected to be used, and indication of economic performance of the assets. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the lesser of the revised estimate of recoverable amount, and the carrying amount that would have been recorded had no impairment loss been recognized previously.

k. Investment in Joint Venture

A joint venture is a contractual arrangement whereby the Company and other parties undertake an economic activity that is subject to joint control (i.e. when the strategic, financial and operating policy decisions relating to the activities of the joint venture require the unanimous consent of the parties sharing control).

IFRS 11, *Joint Arrangements*, and IAS 28, *Investments in Associates and Joint Ventures* establish the criteria for accounting for joint ventures. Investments in joint ventures are accounted for using the equity method. The equity method involves recording the initial investment at cost and subsequently adjusting the carrying value of the investment for the proportionate share of the profit or loss, other comprehensive income or loss and any other changes in the joint venture's net assets such as dividends. At each balance sheet date, the Company considers whether there is objective evidence of impairment in the joint venture. If there is such evidence, the Company will determine the amount of impairment to record, if any, in relation to the joint venture.

The consolidated financial statements include the Company's share of the investee's income, expenses and equity movements. Where the Company transacts with its joint ventures or associates, unrealized profits or losses are eliminated to the extent of the Company's interest in the joint venture or associate.

l. Deferred payments

Deferred payments are classified as other financial liabilities and are measured at fair value at initial recognition and subsequently at amortized cost.

m. Leases

The Company's lease accounting policy in accordance with *IFRS 16, Leases* ("IFRS 16") is provided below.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The right-of-use asset is initially measured at cost and subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is subject to impairment assessment and adjusted for certain remeasurements of its associated lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate or rate implicit in the lease. The lease liability is subsequently measured at amortized cost using the effective interest method. The incremental borrowing rate determined for the Company for the leases is within a range of 6% - 8%. The lease liability is subsequently measured at amortized cost using the effective interest method.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in net earnings if the carrying amount of the right-of-use asset is nil.

A lease modification is accounted for as a separate lease if there is an increase in the scope of a lease and a corresponding increase in consideration, such as adding the right to use one or more underlying assets in a contract. Otherwise, a lease modification is considered a remeasurement of the lease liability, as discussed above. Lease payments that depend on performance measures or usage of the underlying asset are considered variable lease payments, which are expensed as incurred.

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases (lease term of 12 months or less) and leases for which the underlying asset is of low value. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Company's lease liabilities are measured at the present value of the lease payments discounted using the applicable incremental borrowing rate or rate implicit in the lease. Determining the discount rate (incremental borrowing rate) requires significant judgment and may have a significant quantitative impact on lease liability valuations. Many of the Company's lease liabilities contain one or several lease extension clauses, and could reasonably be extended beyond the lease extensions outlined in the contract. Determining the length of the lease to be

used in the present value calculation of the lease obligation requires significant judgement and may have significant impact on lease liability valuations.

n. *Financial instruments*

Financial assets and financial liabilities, including derivatives, are recognized on the annual combined and consolidated statements of financial position when the Company becomes a party to the financial instrument or derivative contract.

Classification

The Company classifies its financial assets and financial liabilities in the following measurement categories: i) those to be measured subsequently at fair value through profit or loss ("FVTPL"); ii) those to be measured subsequently at fair value through other comprehensive income ("FVOCI"); and iii) those to be measured at amortized cost. The classification of financial assets depends on the business model for managing the financial assets and the contractual terms of the cash flows. Financial liabilities are classified as those to be measured at amortized cost unless they are designated as those to be measured subsequently at FVTPL (irrevocable election at the time of recognition). For assets and liabilities measured at fair value, gains and losses are either recorded in profit or loss or other comprehensive income.

The Company reclassifies financial assets only when its business model for managing those assets changes. Financial liabilities are not reclassified.

Amortized cost

This category includes financial assets that are held within a business model with the objective to hold the financial assets in order to collect contractual cash flows that meet the sole payments of principal and interest ("SPPI") criterion. Financial assets classified in this category are measured at amortized cost using the effective interest method.

Fair value through profit or loss

This category includes derivative instruments as well as quoted equity instruments which the Company has not irrevocably elected, at initial recognition or transition, to classify at FVTPL. This category would also include debt instruments of which the cash flow characteristics fail the solely payments of principal and interest ("SPPI") criterion or are not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell. Financial assets in this category are recorded at fair value with changes recognized in profit or loss.

Financial assets at fair value through other comprehensive income

Equity instruments that are not held-for-trading can be irrevocably designated to have their change in fair value recognized through other comprehensive income instead of through profit or loss. This election can be made on individual instruments and is not required to be made for the entire class of instruments. Attributable transaction costs are included in the carrying value of the instruments.

Financial assets at fair value through other comprehensive loss are initially measured at fair value and changes therein are recognized in other comprehensive loss.

Measurement

All financial instruments are required to be measured at fair value on initial recognition, plus, in the case of a financial asset or financial liability not at FVTPL, transaction costs that are directly attributable to the acquisition or issuance of the financial asset or financial liability. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss. Financial assets and financial liabilities with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payments of principal and interest.

Financial assets that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortized cost at the end of the subsequent accounting periods. All other financial assets including equity investments are measured at their fair values at the end of subsequent accounting periods, with any changes taken through profit and loss or other comprehensive income (irrevocable election at the time of recognition). For financial liabilities measured subsequently at FVTPL, changes in fair value due to credit risk are recorded in profit and loss.

o. Share capital and share-based payments

The Company grants options to directors, officers, employees and service providers under the Company's Omnibus Incentive Plan. The fair value of share options granted to employees is recognized as an expense over the vesting period with a corresponding increase in equity. An individual is classified as an employee when the individual is an employee for legal or tax purposes (direct employee) or provides services similar to those performed by a direct employee, including directors of the Company. At each financial position reporting date, the amount recognized as an expense is adjusted to reflect the actual number of share options that are expected to vest. In situations where equity instruments are issued to non-employees and some or all of the goods or services received by the entity as consideration cannot be specifically identified, they are measured at fair value of the share-based payment.

No expense is recognized for awards that do not ultimately vest except for equity settled transactions for which vesting is conditional upon a market or non-vesting condition.

Share options with a graded vesting schedule are accounted for as separate grants with different vesting periods and fair values. The fair value is measured using the Black-Scholes option pricing model taking into account the terms and conditions upon which the share purchase options were granted. The Black-Scholes option pricing model relies on a number of estimated inputs, such as the expected life of the option, the volatility of the underlying share price, and the risk-free rate of return. Changes in the underlying estimated inputs may result in materially different results.

Where the terms of an equity settled award are modified, the minimum expense recognized is the expense as if the terms had not been modified. An additional expense is recognized for any modification which increases the total fair value of the share-based payment arrangement, or is otherwise beneficial to the employee as measured at the date of modification.

When an equity award is cancelled, it is treated as if it vests on the date of the cancellation and any expense not recognized for the award is recognized immediately.

Restricted share units are equity-settled share-based payments and are measured at their intrinsic fair value on the date of grant based on the closing price of the Company's shares on the date prior to the grant. Restricted share units are recognized as share-based compensation expense over the vesting period with a corresponding credit to contributed surplus. The amount

recognized for services received as consideration for restricted share units granted is based on the number of equity instruments that eventually vest. Upon the release of restricted share units, the related contributed surplus is transferred to share capital.

The Board of Directors has the discretion to determine to whom options and restricted share units will be granted, the number and exercise price of such options and units and the terms and time frames in which the options will vest and be exercisable. The exercise price of the options must be no less than the closing market price of the Common Shares on the day preceding the grant. The maximum number of common shares issuable upon the exercise or redemption and settlement of all awards granted shall not exceed 10% of the issued and outstanding shares at the time of granting of such award less the number of shares reserved for issuance under all other security based compensation arrangements of the Company. The following types of awards can be issued: stock options, share appreciation rights, restricted share units and other performance awards.

p. Warrants

The Company uses the residual value approach in respect of unit offerings whereby the amount assigned to the warrant is the excess of the unit price over the trading price of the Company's shares at the date of issuance, if any, to a maximum fair value of the warrant determined by using the Black-Scholes Option- Pricing Model. Warrants classified as equity instruments are not subsequently re-measured.

q. Revenue Recognition

The Company generates revenue primarily from the sale of cannabis, cannabis related products and provision of services. Cannabis related products includes cannabis oils, extracts, and edibles. The Company uses the following five-step contract-based analysis of transactions to determine if, when and how much revenue can be recognized:

- Identify the contract with a customer;
- Identify the performance obligation(s) in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligation(s) in the contract; and
- Recognize revenue when or as the Company satisfies the performance obligation(s).

Revenue from the sale of cannabis is generally recognized when control over the goods has been transferred to the customer. Payment for medical sales is typically due prior to shipment. Payment for wholesale transactions is due within a specified time period as permitted by the underlying agreement and the Company's credit policy upon the transfer of goods to the customer. The Company generally satisfies its performance obligation and transfers control to the customer upon delivery and acceptance by the customer. Revenue is recorded at the estimated amount of consideration to which the Company expects to be entitled.

Effective October 17, 2018, Canada Revenue Agency ("CRA") began levying an excise tax on the sale of medical and consumer cannabis products. The Company becomes liable for these excise duties when cannabis products are delivered to the customer. The excise taxes payable is the higher of (i) a flat-rate duty which is imposed when a cannabis product is packaged, and (ii) an ad valorem duty that is imposed when a cannabis product is delivered to the customer. Effective May 1, 2019, excise tax calculated on edible cannabis products, cannabis extracts and cannabis topicals will prospectively be calculated as a flat rate based on the quantity of total tetrahydrocannabinol (THC) contained in the final product. There were no changes in the

legislation in calculating excise taxes for fresh cannabis, dried cannabis, seeds and plants. Where the excise tax has been billed to customers, the Company has reflected the excise tax as part of revenue in accordance with IFRS 15, *Revenue from Contracts with Customer* ("IFRS 15"). Net revenue from sale of goods, as presented on the consolidated statements of comprehensive loss, represents revenue from the sale of goods less applicable excise taxes. Given that the excise tax payable/paid to CRA cannot be reclaimed and is not always billed to customers, the Company recognizes that the excise tax is an operating cost that affects gross margin to the extent that it is not recovered from its customers.

r. *Income Taxes*

Tax expense recognized in profit or loss comprises the sum of current and deferred taxes not recognized in other comprehensive loss or equity.

Current tax assets and liabilities

Current tax assets and/or liabilities comprise those claims from, or obligations to, fiscal authorities relating to the current or prior reporting periods that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period. Current tax assets arise when the amount paid for taxes exceeds the amount due for the current and prior periods.

Deferred tax assets and liabilities

Deferred taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are calculated, without discounting, at tax rates that are expected to apply to their respective periods of realization, provided they are enacted or substantively enacted at the end of the reporting period. Deferred tax liabilities are always provided for in full.

Deferred tax assets are recognized to the extent that it is probable that they will be able to be utilized against future taxable income. Deferred tax assets and liabilities are offset only when the Company has a right and intention to offset current tax assets and liabilities from the same taxation authority.

Changes in deferred tax assets or liabilities are recognized as a component of tax income or expense in profit or loss, except where they relate to items that are recognized in other comprehensive loss or equity, in which case the related deferred tax is also recognized in other comprehensive loss or equity, respectively.

Significant estimates are required in determining the Company's provision for income taxes and uncertain tax positions. Some of these estimates are based on interpretations of existing tax laws or regulations. Various internal and external factors may have favorable or unfavorable effects on the Company's future effective tax rate. These factors include, but are not limited to, changes in tax laws, regulations and/or rates, changing interpretations of existing tax laws or regulations, changes in estimates of prior years' items, results of tax audits by tax authorities, future levels of research and development spending, and changes in overall levels of pre-tax earnings. The realization of the Company's deferred tax assets is primarily dependent on whether the Company is able to generate sufficient capital gains and taxable income prior to expiration of any loss carry forward balance. The recognition of a deferred tax asset requires significant judgment with regard to management's assessment of the long-range forecast of future taxable income and the

evaluation of tax planning initiatives. Adjustments to the deferred tax assets recognized are made to earnings in the period when such assessments are made.

The Company records tax benefits for all years subject to examination based upon management's evaluation of the facts, circumstances and information available at the reporting date. There is inherent uncertainty in quantifying income tax positions. The Company has recorded tax benefits for those tax positions where it is more likely than not that a tax benefit will result upon ultimate settlement with a tax authority that has all relevant information. For those income tax positions where it is not more likely than not that a tax benefit will result, no tax benefit has been recognized in the consolidated financial statements.

s. *Provisions*

The Company recognizes provisions if there is a present obligation as a result of a past event, it is probable that the Company will be required to settle that obligation and the obligation can be reliably estimated. The amount recognized as a provision reflects management's best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

t. *Loss per share*

Basic loss per share is computed by dividing total net loss attributable to the Company for the year by the weighted average number of common shares of the Company (the "Common Shares") outstanding during the year. The Company uses the treasury stock method for calculating diluted loss per share. When the Company is in a loss position, all potential share issuances on the exercise of options or warrants is anti-dilutive. In the event of a loss position, diluted loss per share is the same as basic loss per share.

u. *Segment reporting*

Operating segments are components of the Company that engage in business activities which generate revenues and incur expenses (including intercompany revenues and expenses related to transactions conducted with other components of the Company). The operations of an operating segment are distinct and the operating results are regularly reviewed by the chief operating decision maker ("CODM"), the Company's CEO, for the purposes of resource allocation decisions and assessing its performance.

Reportable segments are Operating segments whose revenues or profit/loss or total assets exceed ten percent or more of those of the combined entity. Key measures used by the CODM to assess performance and make resource allocation decisions include revenues, gross margin and net (loss) income. The Company's operating results are in one Cannabis segment. All revenues and non-current assets are generated in and located in Canada.

v. *Foreign currency translation*

Transactions in currencies other than the Canadian dollar are recorded at exchange rates prevailing on the dates of the transactions. At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the period end exchange rate. Revenues and expenses are translated at the exchange rates approximating those in effect on the date of the transactions. Exchange gains and losses arising on translation are included in net loss. The functional currency of all entities is the Canadian dollar.

w. *New accounting pronouncements*

The following IFRS standards have been recently issued by the IASB. Pronouncements that are irrelevant or not expected to have a significant impact have been excluded.

i. Changes in 2021: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16: Interest Rate Benchmark Reform – Phase 2

The amendments relate to: i) changes to contractual cash flows—an entity will not have to derecognize or adjust the carrying amount of financial instruments for changes required by the reform, but will instead update the effective interest rate to reflect the change to the alternative benchmark rate; ii) hedge accounting—an entity will not have to discontinue its hedge accounting solely because it makes changes required by the reform, if the hedge meets other hedge accounting criteria; and iii) disclosures—an entity will be required to disclose information about new risks arising from the reform and how it manages the transition to alternative benchmark rates. The amendments are effective for annual periods beginning on or after January 1, 2021, with earlier application permitted. The Company noted that there has been no impact as a result of the amendments noted above.

ii. Changes in 2022: Amendments to IAS 1: Classification of Liabilities as Current or Non-current

The amendment clarifies the requirements relating to determining if a liability should be presented as current or non-current in the statement of financial position. Under the new requirement, the assessment of whether a liability is presented as current or non-current is based on the contractual arrangements in place as at the reporting date and does not impact the amount or timing of recognition. The amendment applies retrospectively for annual reporting periods beginning on or after January 1, 2023. The Company is currently evaluating the potential impact of these amendments on the Company's consolidated financial statements.

iii. Covid-19-Related Rent Concessions beyond June 30, 2021, Amendments to IFRS 16

On May 28, 2020, the IASB issued Covid-19-Related Rent Concessions – amendment to IFRS 16, *Leases*. The amendments provide relief to lessees from applying IFRS 16 guidance on lease modification accounting for rent concessions arising as a direct consequence of Covid-19. As a practical expedient, a lessee may elect not to assess whether a Covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the Covid-19 rent concessions the same way it would account for the change under IFRS 16 if the change were not a lease modification.

The amendment was intended to apply until June 30, 2021, but as the impact of the Covid-19 pandemic is continuing, on March 31, 2021, the IASB extended the period of application of the practical expedient to June 30, 2022. The amendment applies to annual reporting periods beginning on or after April 1, 2021.

The Company has not received any Covid-19-Related Rent Concessions, but plans to apply the practical expedient if it becomes available within the allowed period of application.

Inputs and assumptions	Description
Average market price per gram	Represents the average wholesale market price per gram of dried bulk cannabis based on quality (Tetrahydrocannabinol % and terpene profile).
Average attrition rate	Represents the weighted average number of plants culled at each stage of production.
Average yield per plant	Represents the average number of grams of dried cannabis inventory expected to be harvested from each cannabis plant based on historical yields.
Average cost per plant	Represents costs incurred to grow plants at different stages of the production cycle.
Stage of completion in the production process	Calculated by taking the weighted average number of days in production over a total average grow cycle of approximately 14 to 16 weeks based on location and strain.
Production costs are expensed as incurred, and include all direct and indirect costs relating to biological transformation. Costs include direct costs of production, such as labour, growing materials, as well as indirect costs such as indirect labour, quality control costs, depreciation on production equipment, and overhead expenses including rent and utilities.	

The following table highlights the sensitivities and impact of changes in significant assumptions on the fair value of biological assets. As noted above in Note 2, the Company previously used the average retail price per gram of dried cannabis net of costs to sell for the period for all strains of cannabis sold at

The Company's biological assets consist of 1,832 total cannabis seeds and cannabis plants (2020 – 6,391). As at December 31, 2021, the Company has destroyed and written off all biological assets due to the Company's decision to cease cannabis related operations. Cash received from the sale of Property, Plant and Equipment during the year ended December 31, 2021 was \$165 (2020 - \$nil).

Depreciation relating to manufacturing equipment and production facilities is capitalized into biological assets and inventory and is expensed to cost of sales upon the sale of goods. For the year ended December 31, 2021, \$1,601 (December 31, 2020 - \$2,499) of depreciation was recognized in cost of sales.

Total depreciation and amortization is broken down as follows:

For the period ended December 31, 2021	Total Depreciation

As at December 31, 2020, \$5,411 of expenditures had been capitalized to PUC relating to Phase 2 of the facility. During the year, \$4,551 of the capitalized PUC was impaired at December 31, 2021, leaving a remaining balance of \$860.

Impairments

The Company reviews the carrying value of its property and equipment at each reporting period for indicators of impairment. During the year ended December 31, 2021, management noted indicators of impairment at the asset specific level which are discussed below.

Emerald Health Naturals Inc.

EMERALD HEALTH THERAPEUTICS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended December 31, 2021 and 2020

(Amounts reflected in thousands of Canadian dollars, except share and per share amounts)

During the year ended December 31, 2021, the Company recorded an impairment loss on Naturals assets of \$10, split between the leasehold improvements, computer equipment and other equipment, which were impaired by \$1, \$1 and \$8, respectively.

Richmond

During the year ended December 31, 2020, the Company initiated a preliminary plan to close operations facility located in Metro Vancouver, British Columbia and recorded an impairment loss of \$8,105, split between the building asset, PUC and the ROU Land asset (Note 16), which were impaired by \$1,373, \$3,522 and \$3,210, respectively.

During the year ended December 31, 2021, the Company had entered into discussions to sell the facility, but by the end of December 31, 2021 management had decided to no longer search for potential buyers of the assets. Subsequent to year end, management had initiated discussions with the current landlord to exchange the assets for the termination of the lease. As such, the assets were independently revalued, resulting in an impairment loss of \$15,024, split between the building, the production, lab, and growing equipment, the other equipment and PUC, which were impaired by \$9,763, \$620, \$90, and \$4,551 respectively.

Verdélite ("VDL")

During the year ended December 31, 2021, the Company initiated a plan to close operations at the production facility located in Saint-Eustache, Québec and had entered into discussions to sell the facility and related licenses. The fair value of this facility was determined based on a third-party offer of the tangible property, resulting in an impairment loss of \$4,270. Split between the land, building, the production, lab, and growing equipment, computer equipment, the other equipment, intangible, and ROU equipment which were impaired by \$119, \$3,497, \$546, \$2, \$88, \$5 and \$13.

Avalite

During the year ended December 31, 2021, the Company initiated a plan to close operations at the research facility located in Langley, British Columbia and had entered into discussions to sell the facility and related assets. The fair value of this facility was determined based on a third-party valuation of the tangible assets. The Company determined that there was no impairment given that fair value less costs of disposal exceeded the carrying value of the related assets.

The fair value of the Richmond, VDL and Avalite assets was determined based on third-party appraisals using a FVLCD approach including market and cost approaches. Consideration was given to information from historical data and industry standards which constitute unobservable inputs (level 3). Key inputs comprised market rent of approximately \$16.75-\$18.00 per square feet and a capitalization rate of 4%-6%. A 1% change in any of the key inputs would not result in a significant change in the impairment recognized.

Victoria

During the year ended December 31, 2021, the Company initiated a plan to close operations at the facility located in Victoria, British Columbia and had entered into discussions to sell the facility and related assets. Fair value was based on an offer received. As a result, the Company recognized an impairment loss of \$463, split between the leasehold improvements, the production lab equipment,

computer equipment and other equipment which were impaired by \$37 and \$412, \$1 and, \$13, respectively for the year ended December 31, 2021.

During the year ended December 31, 2021, the Company initiated a plan to close operations at the research facility located in Langley, British Columbia and had entered into discussions to sell the facility and related assets. The Company listed the Langley property for sale and determined its fair value based on a sales offer received. No impairment was recognized given that the FVLCD was greater than the carrying value of the related assets.

Total impairments are broken down as follows:

19. Disposal of interest in Joint Venture

Accounting Policy:

A joint venture is a contractual arrangement whereby the Company and other parties undertake an economic activity that is subject to joint control (i.e. when the strategic, financial and operating policy decisions relating to the activities of the joint venture require the unanimous consent of the parties sharing control).

IFRS 11, *Joint Arrangements*, and IAS 28, *Investments in Associates and Joint Ventures* establish the criteria for accounting for joint ventures. Investments in joint ventures are accounted for using the equity method. The equity method involves recording the initial investment at cost and subsequently adjusting the carrying value of the investment for the proportionate share of the profit or loss, other comprehensive income or loss and any other changes in the joint venture's net assets such as dividends. At each balance sheet date, the Company considers whether there is objective evidence of impairment in the joint venture. If there is such evidence, the Company will determine the amount of impairment to record, if any, in relation to the joint venture.

The consolidated financial statements include the Company's share of the investee's income, expenses and equity movements. Where the Company transacts with its joint ventures or associates, unrealized profits or losses are eliminated to the extent of the Company's interest in the joint venture or associate.

In 2017, the Company and Village Farms International, Inc. ("Village Farms") formed Pure Sunfarms Corp. ("Pure Sunfarms"), a privately held company incorporated pursuant to the Business Corporations Act (British Columbia). The purpose of Pure Sunfarms is to pursue largescale, low cost cannabis production in Canada. Village Farms and the Company each began with a 50% ownership interest in Pure Sunfarms in the form of common shares. The Company concluded that the agreement constituted a joint arrangement where joint control is shared with Village Farms and therefore has accounted for Pure Sunfarms using the equity method. On November 2, 2021, the Company completed the sale of its 41.28% interest in its Joint Venture, Pure Sunfarms for consideration of \$79,900.

In January of 2020 the Company contributed \$710, representing the final installment of the initial investment in the Joint Venture.

During the year ended December 31, 2019, two separate disputes arose between the Company and Village Farms in regard to operations at Pure Sunfarms. On March 6, 2020, the Company completed a Settlement Agreement (the "Settlement Agreement") with its Joint Venture partner. Pursuant to the Settlement Agreement, the Supply Agreements (collectively, the "Supply Agreements") entered into between the Company and Pure Sunfarms dated December 21, 2018 (the "2018 Supply Agreement") were both terminated effective as of December 31, 2019, and the Company was released from all previous, current, and future obligations, liabilities and payments thereunder.

On March 6, 2020, also as part of the Settlement Agreement, the Company issued a promissory note to Pure Sunfarms in the amount of \$952 which bore interest at a rate of 6.2% per annum and was to mature on the earlier of (a) December 31, 2020; (b) the Company ceasing to be a shareholder of Pure Sunfarms; or

(c) the acquisition by any party of a majority of the outstanding shares of the Company. The principal amount is the amount owed by the Company to Pure Sunfarms as remittance for bulk sales under the 2018 Supply Agreement.

The Company's share of income was diluted to 42.60% as part of the Settlement Agreement. The Company recognized a loss on dilution of ownership of \$2,049. In April 2020, the Company's share of income was further diluted to 41.28% upon Village Farms investment in the Joint Venture of an additional \$8,000. A gain was recognized on dilution of \$1,199. The net dilution loss was \$850, which is recorded under loss on dilution of joint venture ownership on the Consolidated Statements of Loss and Comprehensive Loss.

Pursuant to the share purchase agreement, completed on November 2, 2020, the Company sold its 36,958,500 common shares to Village Farms, representing all of the remaining shares of Pure Sunfarms not previously held by Village Farms, for an aggregate purchase price of \$79,900 (the "Purchase Price"). The Company received \$60,000 of the Purchase Price in cash at closing and acquired a secured promissory note to the Company in the principal amount of \$19,900 (the "Note"). The Note will mature in six months from the date hereof, is secured against a certain number of common shares of Pure Sunfarms held by the Joint Venture partner and bears interest at a rate of 12% per annum. In addition, the Company's obligations under a promissory note in the principal amount of \$952, plus \$39 in interest, that the Company had issued to PSF on March 6, 2020, were settled without any payment.

As a result of the sale transaction on November 2, 2020, the Company recorded a gain of \$13,423, which was net of \$585 in related legal and consulting fees.

On February 9, 2021, the Company received from the Joint Venture partner \$19,900 plus \$622 in interest, representing full repayment of the promissory note issued by the Joint Venture partner to the Company as part of its purchase of the Company's interest in Pure Sunfarms. This was the final payment due as part of this transaction.

20. Convertible Debenture

Accounting Policy:

Convertible debentures are compound financial instruments which are accounted for separately dependent on the nature of their components: a financial liability and an equity instrument. The identification of such components embedded within a convertible debenture requires significant judgment given that it is based on the interpretation of the substance of the contractual arrangement. Where the conversion option has a fixed conversion rate, the financial liability, which represents the obligation to pay coupon interest on the convertible debentures in the future, is initially measured at its fair value and subsequently measured at amortized cost. The residual amount is accounted for as an equity instrument at issuance. Where the conversion option has a variable conversion rate, the conversion option is recognized as a derivative liability measured at fair value through profit and loss.

In calculating the fair value allocation between the liability component and equity component of the Company's secured convertible debentures, the Company was required to make estimates and use judgement in determining an appropriate discount rate on the debenture to arrive at fair value. The determination of the fair value of the liability is also based on a number of assumptions, including contractual future cash flows, discount rates and the presence of any derivative financial instruments.

Transaction costs are apportioned to the debt liability and equity components in proportion to the allocation of proceeds.

(Amounts reflected in thousands of Canadian dollars, except share and per share amounts)

Balance at December 31, 2019	21,823
Accretion	1,654

Balance at December 31, 2020	—

On September 10, 2019, the Company issued 2,500 secured convertible debenture units (the "Convertible Debenture Units") of the Company at a price of \$10 per Convertible Debenture Unit (the "Issue Price") for gross proceeds of \$25,000 (the "Offering") to a single Canadian institutional accredited investor (the "Investor"). The Convertible Debenture Units were secured, bore interest of 5.0% per annum, accrued and payable semi-annually with a maturity date of 24 months from the issuance date (the "Maturity Date"). Each Unit had attached 5,000 common share purchase warrants of the Company.

The Convertible Debentures had a conversion price of \$2.00 per Common Share (the "Conversion Price"), subject to a forced conversion if the volume weighted average trading price ("VWAP") of the Company's common shares was greater than \$3.50 for 10 consecutive trading days.

The 12,500,000 warrants were initially issued at an exercise price of \$2.00 per common share of the Company for a period of 24 months from the date of issue. On April 9, 2020, The Company amended the exercise price of the September Warrants such that: 6,250,000 September Warrants had an exercise price of \$0.17 per Common Share (the "\$0.17 Warrants"), subject to a forced conversion if the VWAP was greater than \$0.2125 for 10 consecutive trading days; and 6,250,000 Warrants were adjusted to have an exercise price of \$0.21 per Common Share (the "\$0.21 Warrants"), subject to a forced conversion if the VWAP was greater than \$0.2625 for 10 consecutive trading days. The holders of the \$0.17 warrants immediately exercised all such warrants for proceeds of \$1,063 to the Company (Note 14).

At issuance, the fair value of the liability component of the Convertible Debentures was estimated to be \$21,925. They were valued using an interest rate for a similar debt for which no conversion features existed, which was estimated to be 12%. The debt component is to be accreted to face value over the term to maturity as a non-cash interest charge. The Debenture Warrants were valued at \$2,427 using the Black-Scholes valuation model. The residual value was allocated to the equity component of the conversion feature and had a value of \$648.

The fair value of the warrants was calculated using the Black-Scholes option-pricing model with the following assumptions: expected life of 2 years, risk free interest rate of 1.60%, expected annualized volatility of 94.06% and Nil expected dividend yield. The fair value was determined to be \$0.89. The share price used for fair value as at issuance date was \$1.85.

Issuance costs of \$783 were allocated proportionately with \$687 as a debit against the liability component and \$96 as a debit against the equity component of the conversion feature. These issuance costs created a temporary difference between the carrying value of the liability component and the tax base of the liability for tax purposes. The deferred tax impact of the allocation of a portion of the Convertible Debenture to equity resulted in a deferred tax recovery during the year ended December 31, 2019 of \$805 and a corresponding deferred tax expense in equity of \$636 and \$169 for the Debenture Warrants and the equity component of the Convertible Debenture, respectively. The effect of deferred tax is recognised in equity because IAS 12 – Income Taxes, requires that the recognition of deferred tax must follow the underlying transaction it relates to, and the temporary difference relates to the amount attributed to the equity conversion option and Debenture Warrants.

EMERALD HEALTH THERAPEUTICS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2021 and 2020

(Amounts reflected in thousands of Canadian dollars, except share and per share amounts)

During the year ended December 31, 2020, interest expense of \$1,110 (December 31, 2019 - \$384) and accretion expense of \$1,654 (December 31, 2019 - \$584) was recorded. During the year ended December 31, 2020, \$384 of interest that had accrued during the year ended December 31, 2019, was settled with the issuance of 1,322,627 common shares of the Company. Also, interest expense of \$625 which had accrued to June 30, 2020, was settled with the issuance of 3,571,428 common shares of the Company.

On November 24, 2020, the Company fully repaid all amounts owing under the Convertible Debenture Units, and as a result, terminated the Convertible Debenture Units and the Company's obligations thereunder. The Convertible Debenture Units were due to mature on September 9, 2021, with no right for the Company to prepay amounts owing. However, the Investor consented to the early repayment of all amounts owing under the Convertible Debenture Units in exchange for a consent fee of \$82. A total of \$25,568 in cash was paid by the Company to the Investor, representing \$25,000 in principal repayment and \$486 in accrued interest and the consent fee. A loss on early settlement was recorded in the amount of \$741, calculated as the difference between the carrying value of the debenture and the fair value at the date of settlement.

21. Financial Instruments

Financial instruments recorded at fair value are classified using a hierarchy that categorizes into three levels the inputs to valuation techniques used to measure fair value. The three levels of hierarchy are:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly; and

Level 3 - Inputs for the asset or liability that are not based on observable market data.

The individual fair values attributed to the different components of a financing transaction, notably marketable securities, derivative financial instruments, convertible debentures and loans, are determined using valuation techniques. The Company uses judgment to select the methods used to make certain assumptions and derive estimates. Significant judgment is also used when attributing fair values to each component of a transaction upon initial recognition, measuring fair values for certain instruments on a recurring basis and disclosing the fair values of financial instruments subsequently carried at amortized cost. These valuation estimates could be significantly different because of the use of judgment and the inherent uncertainty in estimating the fair value of instruments that are not quoted or observable in an active market.

Financial instruments are measured either at fair value or at amortized cost. The table below lists the valuation methods used to determine fair value of each financial instrument.

The carrying value of the cash and cash equivalents, accounts receivable (excluding statutory receivable balances), due from related parties, refundable deposits, accounts payable and accrued liabilities, deferred payment, payable to joint venture and amounts due to related parties, approximate the fair value because of the short-term nature of these instruments. These are carried at amortized cost.

The carrying values of the financial instruments at December 31, 2021 are summarized in the following table:

The Company is exposed to varying degrees to a variety of financial instrument related risks:

(a) Currency risk

The Company's functional and presentation currency is the Canadian dollar and major purchases are transacted in Canadian dollars. As a result, the Company's exposure to foreign currency risk is minimal.

(b) Credit risk

EMERALD HEALTH THERAPEUTICS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2021 and 2020

(Amounts reflected in thousands of Canadian dollars, except share and per share amounts)

Credit risk is the risk of an unexpected loss to the Company if a customer or third-party to a financial instrument fails to meet its contractual obligations. The Company's maximum exposure to credit risk as at December 31, 2021 is the carrying value of its financial assets. The Company's cash and redeemable short-term investment certificates are largely held in large Canadian financial institutions. The Company does not have any asset backed commercial paper. The Company maintains cash deposits with Schedule A financial institutions, which from time to time may exceed federally insured limits. With regards to receivables, the Company is not exposed to significant credit risk as the Company's sales are to government bodies or are typically paid at the time of the transaction. The Company provides credit to some of its customers in the normal course of business. The majority of the trade receivables held are with crown corporations.

(c) Interest rate risk

Interest rate risk is the risk the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Financial assets and liabilities with variable interest rates expose the Company to cash flow interest rate risk. The Company does not hold any financial liabilities with variable interest rates. The Company does maintain bank accounts and redeemable short-term investment certificates which earn interest at variable rates, but it does not believe it is currently subject to any significant interest rate risk.

(d) Liquidity risk

The composition of the Company's accounts payable and accrued liabilities was as follows:

	December 31 2021	December 31 2020
	\$	\$
Trade payables	1,043	6,296
Accrued liabilities	373	903
Excise tax payable	534	2,239
Payroll liabilities	137	1,046
Sales tax liabilities	1,277	529
Other payables	171	6
Total	3,536	11,019

In addition to the commitments outlined in Note 16 - Leases, the Company has the following gross contractual obligations as at December 31, 2021, which are expected to be payable in the following respective periods:

	Total	≤ 1 year	Over 1 year - 3 years
	\$	\$	\$
Accounts payable and accrued liabilities	3,536	3,536	-
CEBA loan	40	-	40
	3,576	3,536	40

Liquidity risk is the risk that the Company will not be able to meet its obligations associated with financial liabilities. As at December 31, 2021, the Company had working capital of \$14,952 (December 31, 2020 – \$32,377).

The Company manages liquidity risk through the management of its capital structure and resources to ensure that it has sufficient liquidity to settle obligations and liabilities when they are due. Management

monitors its operating requirements and prepares budgets and cash flow forecasts to identify cash flow needs for general corporate and working capital purposes. The Company's ability to fund its operating requirements depends on future operating performance and cash flows, which are subject to economic, financial, competitive, business, and regulatory conditions, and other factors, some of which are beyond its control, such as the potential impact of COVID-19. The Company's primary short-term liquidity needs are to fund its net operating losses, capital expenditures to maintain existing facilities, debt repayments, and lease payments. The Company's medium-term liquidity needs primarily relate to debt repayments and lease payments. The Company's long-term liquidity needs primarily relate to potential strategic plans.

In an effort to manage liquidity prudently while the Company moves toward profitability and positive cash flows, the Company has taken the following steps:

- During the year ended December 31, 2021, the Company initiated plans to dispose of multiple facilities across Canada (Note 6), which will provide the Company with cash flows from the associated sales and continue to reduce the operating expenses of the Company in line with the re-structuring plan decision from 2020.
- During the year ended December 31, 2021, the Company received from the Joint Venture partner \$19,900 plus \$622 in interest, representing full repayment of the promissory note issued by the Joint Venture partner to the Company as part of its purchase of the Company's interest in Pure Sunfarms.
- During the year ended December 31, 2021, the Company raised \$50 on the exercise of 191,875 stock options.
- In February of 2021, the Company raised \$1,313 on the exercise of 6,250,00 warrants.
- During February of 2021, the Company sold its marketable shares held in Avricore for \$716.
- In January of 2021, the Company settled all outstanding amounts owing to the Vendors of Verdélite for \$9,000. This substantially cleared the Company's statement of financial position of debt and reduced the future interest payments on the deferred payment.

These initiatives have provided the Company with increased liquidity and flexibility to meet its financial commitments and continue operations.

22. Capital Management

As at December 31, 2021, the capital structure of the Company consists of \$40,892 (December 31, 2020 - \$98,274) in shareholders' equity and debt.

The Company's objective when managing its capital is to ensure sufficient equity financing to fund its planned operations in a way that maximizes the shareholder return given the assumed risks of its operations. The Company considers shareholders' equity as capital. Through the ongoing management of its capital, the Company will modify the structure of its capital based on changing economic conditions. In doing so, the Company may issue new shares. Annual budgeting is the primary tool used to manage the Company's capital. Updates are made as necessary to both capital expenditure and operational budgets in order to adapt to changes in risk factors, proposed expenditure programs and market conditions.

23. Commitments and contingencies

Class Action

During the year, the Company was named in a Class Action relating to certain difference in THC content in its cannabis products. The Company believes that the allegations made against it in the action are flawed. The plaintiffs' testing methodologies have not yet been disclosed. The difference in THC content between the alleged labelled amount and the alleged tested amount in this particular product is not material. No loss or damages have been proven. No consumer was likely to have been harmed as a result of the labelling difference.

The Company disputes the allegations and has been and will continue to vigorously defend against the claims. The proceedings are still at an early stage. Estimating an amount or range of possible losses resulting from litigation proceedings is inherently difficult, particularly where key factual and legal issues have not been resolved. For these reasons, the ultimate timing or outcome cannot be predicted, or possible losses or a range of possible losses cannot be reasonably estimated.

24. Subsequent Events

Lease Termination – Richmond

On April 14, 2022, the Company entered into a Termination of Lease and Transfer of Assets Agreement with the Landlord of the Richmond Land (the “agreement”). As part of the agreement, EHTC will surrender to the Landlord all of the property, plant and equipment located on the leased land. The termination and transfer will occur on December 31, 2022, unless EHTC elects to terminate early. Acquisition by Skye Bioscience, Inc. (“Skye”)

On May 12, 2022 Emerald and Skye announced that the companies have entered into a definitive agreement with respect to a transaction to be completed by way of a Plan of Arrangement (the “Arrangement”) whereby Skye would acquire all of the issued and outstanding shares of Emerald in a share-for-share transaction. The proposed Arrangement is subject to approval by each company’s common stockholders and by the Supreme Court of British Columbia, Canada. As a result of the Arrangement, current Skye stockholders would own approximately 54% of the common stock of Skye and former shareholders of Emerald would own approximately 46% of Skye’s common stock.

Under the Arrangement, Skye will issue Emerald shareholders 1.95 shares of Skye’s common stock (the “Exchange Ratio”) in exchange for each Emerald share. Based on the number of outstanding shares as of May 12, 2022, it is expected that Skye would issue approximately 416 million Skye shares to Emerald shareholders. All stock options and warrants of Emerald will be exchanged for replacement options and warrants of Skye on identical terms, as adjusted in accordance with the Exchange Ratio. The completion of the Arrangement is subject to customary terms and conditions, including the following:

- a) Approval of the Arrangement by special resolutions of disinterested Skye and Emerald shareholders;
- b) Court approval of the Arrangement; and
- c) Receipt of all required regulatory approvals, including acceptance by the Canadian Securities Exchange (the “CSE”) of Skye’s listing on the CSE.

The Arrangement is anticipated to close in the third quarter of 2022.
